its spirit so that they wept at the story of the persecutions of God's people. At the close of the speech they arose and gave their hands to the youthful speaker promising to use all their influence to allay the excitement and correct the false impressions that had gone out respecting the object of the expedition a promise they faithfully kept. It is said of the Prophet Joseph that if he could but once get the attention even of his most bitter enemies *The Missouri Mormon Experience*

Thomas M. Spencer, 2010-03-05 The Mormon presence in nineteenth century Missouri was uneasy at best and at times flared into violence fed by misunderstanding and suspicion. By the end of 1838 blood was shed and Governor Lilburn Boggs ordered that Mormons were to be exterminated or driven from the state. The Missouri persecutions greatly shaped Mormon faith and culture. This book reexamines Mormon Missourian history within the sociocultural context of its time. The contributors to this volume unearth the challenges and assumptions on both sides of the conflict as well as the cultural baggage that dictated how their actions and responses played on each other. Shortly after Joseph Smith proclaimed Jackson County the site of the New Jerusalem Mormon settlers began moving to western Missouri and by 1833 they made up a third of the county's population. Mormons and Missourians did not mix well. The new settlers were relocated to Caldwell County but tensions still escalated leading to the three month Mormon War in 1838 capped by the Haun's Mill Massacre now a seminal event in Mormon history. These nine essays explain why Missouri had an important place in the theology of 1830s Mormonism and was envisioned as the site of a grand temple. The essays also look at interpretations of the massacre, the response of Columbia's more moderate citizens to imprisoned church leaders suggesting that the conflict could have been avoided if Smith had instead chosen Columbia as his new Zion and Mormon migration through the state over the thirty years following their expulsion. Although few Missourians today are aware of this history many Mormons continue to be suspicious of the state despite the eventual rescinding of Governor Boggs's order. By depicting the Missouri Mormon conflict as the result of a particularly volatile blend of cultural and social causes this book takes a step toward understanding the motivations behind the conflict and sheds new light on the state of religious tolerance in frontier America **Mormon Affidavits and Petitions Relating to the Missouri Persecutions**, 1831 Photocopies of petitions and affidavits relating to Mormon difficulties in Missouri from 1831 to 1839 that were submitted to the House Judiciary Committee seeking redress for damages done in Missouri. Though the affidavits and petitions were initially collected because of the Mormon expulsion from Caldwell and Daviess counties a significant number also detail Mormon difficulties in other northern Missouri counties during the so called Mormon War of 1838-1839. One of the surprising things about the affidavits ostensibly sworn to elicit action from Congress for losses during the Mormon War is the number and the detailed accounts within that number of affidavits dealing with the Mormon expulsion from Jackson County in 1833 and again in 1834 after some Mormons returned to the County *The Missouri Persecutions* B. H. Roberts, 2016-05-09 This collection of literature attempts to compile many of the classic works that have stood the test of time and offer them at a reduced affordable price in an attractive volume so

that everyone can enjoy them *Exhibiting Mormonism* Reid Neilson, 2011-12-09 Reid L Neilson provides the first examination of Latter day Saint participation in the 1893 Columbian Exposition which was a watershed moment in the Mormon migration to the American mainstream and its leadership's discovery of public relations efforts and marked the dramatic reengagement of the LDS Church with the outside non Mormon world after decades of isolation in America's Great Basin desert *The Mormon Menace: The Confessions of John Doyle Lee, Danite* Alfred Henry Lewis, John Doyle Lee, 2022-09-16 *The Mormon Menace: The Confessions of John Doyle Lee Danite* is an illuminating collection that delves into the complex history and narratives surrounding the infamous Mountain Meadows Massacre This collection brings together a diverse range of literary styles from personal memoirs to historical analysis exploring the turbulent period known as the Utah War The standout pieces thread through vivid prose and compelling first person accounts painting a multifaceted picture of the events leading up to and following the massacre Set against the backdrop of 19th century America the collection exposes the tensions between settlers indigenous groups and religious communities offering insights into the socio political landscape of the time The contributing authors including Alfred Henry Lewis and the narrative of John Doyle Lee himself provide an intricate look at the era examining the ideological and cultural schisms within the expanding American frontier These narratives also intersect with the broader movements of religious expansion and resistance reflecting the tumultuous relationship between mainstream society and the Mormon community The collection draws on the diverse experiences of its contributors to weave a rich tapestry that enhances the reader's grasp of this compelling historical moment Readers will find *The Mormon Menace* a unique opportunity to immerse themselves in a pivotal chapter of American history This anthology is invaluable not only for its educational merit but also for its ability to foster a deeper understanding of the multiplicity of voices and perspectives that influenced the fabric of 19th century America Through their distinct yet interconnected narratives the authors provide a dialogue that enriches our understanding of the struggles and complexities of frontier life making this a must read for those seeking an expansive view of historical and cultural dialogues
