Walter C. Kaiser

The Modern History Of Israel:

The Modern History of Israel Noah Lucas, 1975 **History of Israel** Walter C. Kaiser, *A Brief History of Israel* Bernard Reich, 2008 Narrates the complex tale of Israel's people and their modern state established thousands of years after the destruction of the old one against the backdrop of exile anti-Semitism Zionism and the Holocaust **The History of Israel** Heinrich Ewald, 1880 *Israel in History* Derek Penslar, 2007-01-24 This collection of essays provides a comparative historical analysis of Israel's history. In particular, they tackle the often contentious issues of the nature of Zionism whether Israel is a colonial state historiography and antisemitism as well as social and cultural developments *Writing the History of Israel* Diane Nunn Banks, 2006-06-15 No biblical historian is included in the standard dictionaries of historians. Banks' study examines the boundaries as well as the links that exist between history writing in biblical studies and the practice of history in university departments of history. She argues that while the influence of the profession of writing history is apparent, there are countervailing forces as well. The presupposition that the Bible is a book of history conditions the outcome of historical research in biblical studies. Banks argues that Julius Wellhausen's history of Israel set in motion the general tendency toward ever greater congruence between historiography in biblical studies and in academic departments of history. That the initial tension caused by Wellhausen's work produced a reaction which effectively stalled the movement toward accommodation between secular academic history and biblical studies and that a new generation of scholars applying the methods used by secular historians has revived and continued the tendency to promote the practice of secular academic historiography in biblical studies. Banks applies her method to Wellhausen, Martin Noth, John Bright and Thomas Thompson **A History of Modern Israel** Colin Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948 as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light **The History of Israel. Translated from the German** Georg Heinrich August von Ewald, 1876 **Israel** Bernard Reich, 2018-03-09 First Published in 2018. This book examines the land and people of Israel and the division between Jews of Oriental and Ashkenazi backgrounds as well as the division between Jewish and Arab citizens, offering a thoughtful discussion of the continuing Arab-Israeli conflict **History of Israel...** Heinrich Ewald, 1878
