The Moscow Option An Alternative Second World War An Alternative Second World War:

The Moscow Option David Downing, 2013-08-05 This provocative alternative history looks at WWII from a new angle what might have happened had the Germans taken Moscow in 1941 Based on authentic history and real possibilities this unique speculative narrative plays out the dramatic and grotesque consequences of a Third Reich triumphant In this terrifyingly plausible scenario the Germans fight their way into the ruins of Moscow on September 30th 1941 and the Soviet Union collapses Although Russian resistance continues German ambition multiplies after this signal success They launch offensives in Africa the Mediterranean and the Middle East Hitler's armies assured of victory make their leader's dreams reality and Allied hopes of recovery seem almost hopelessly doomed With a convincingly blend of actual history and alternate events *The Moscow Option* is a chilling reminder that history might easily have been very different

The Moscow Option David Downing, 2001-10-30 This alternate history looks at WW2 from a new angle what might have happened had the Germans taken Moscow in 1941 Based on authentic history real possibilities this speculative narrative plays out the consequences of opportunities taken examines the grotesque possibilities of a 3rd Reich triumphant On Sept 30 1941 the Germans fight their way into the ruins of Moscow the Russia collapses Although Russian resistance continues German offensives are launched in Africa the Mediterranean the Middle East Hitler's armies assured of victory make their leader's dreams reality Allied hopes of recovery seem hopelessly doomed Downing convincingly blends actual history with the stimulating world of alternate events Illus

Moscow 1941 Rodric Braithwaite, 2010-12-09 The story of the invasion of Moscow told through its people Fought over a territory the size of France the Battle of Moscow in 1941 cost the Russians as many casualties as the British lost in WW1 It marked the first strategic defeat of the Wehrmacht and halted their seemingly unstoppable advance across Europe This is the story of that battle and the ordinary men and women who fought it Based on huge research and scores of interviews this book offers an unforgettable and richly illustrated narrative of the military action that took place in Moscow during 1941 It paints telling portraits of Stalin and his generals some apparatchiks some great commanders It also traces the individual stories of soldiers politicians and intellectuals writers and artists and dancers workers schoolchildren and peasants Putin's invocations in contemporary propaganda shows that the Great Patriotic War remains highly emotional for Russia and many former Socialist Republics Many of these countries must grapple with troubling legacies behind the appalling cost of victory from the role of

Stalin to the complicity of collaborationist forces from the occupied USSR in atrocities both behind the front line and the rapid Nazi advance **Third Reich Victorious** Peter G. Tsouras,2020-01-31 This book is a stimulating and entirely plausible insight into how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich's bid at world domination in World War II What would have happened if for example the Germans captured the whole of the BEF at Dunkirk Or if the RAF had been defeated in the Battle of Britain What if the U Boats had strangled Britain with an impregnable blockade if Rommel had been triumphant in North Africa or the Germans had beaten the Red Army at Kursk The authors writing as if these and other world changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces Third Reich Victorious is a spirited and terrifying alternate history and a telling insight into the dramatic possibilities of World War II **British Popular Culture and the First World War**

Jessica Meyer,2008-05-31 Much of the scholarship examining British culture of the First World War focusses on the high culture of a limited number of novels memoirs plays and works of art and the cultural reaction to them This collection by focussing on the cultural forms produced by and for a much wider range of social groups including veterans women museum visitors and film goers greatly expands the debate over how the war was represented by participants and the meanings ascribed to it in cultural production Showcasing the work of both established academics and emerging scholars of the field this book covers aspects of British popular culture from the material cultures of food and clothing to the representational cultures of literature and film The result is an engaging and invigorating re examination of the First World War and its place in British culture Contributors are Keith Grieves Rachel Duffett Jane Tynan Krisztina Robert Lucy Noakes Stella Moss Carol Acton Douglas Higbee John Pegum Eugene Michail Victoria Stewart Virginie Renard Claudia Sternberg Richard Espley and Stephen Badsey Erratum Introduction Jessica Meyer page 11 in the first sentence of the second paragraph for talke read talk

Dixie Victorious Peter Tsouras,2011-12-07 Based on a series of fascinating What If's posed by leading military historians this intriguing new alternate history reconstructs moments during the American Civil War which could conceivably have led to a Confederate victory **Red Star Against The Swastika** Vasily Emelianenko,2005-12-01 This is the extraordinary story of Vasily B Emelianenko the veteran pilot of one of the Soviet Union's most contradictory planes of WWII the I1 2 This heavily armoured aircraft was practically unrivalled in terms of fire power but it was slow to manoeuvre and an easy target for fighters I1 2 had to attack enemy flak columns at extremely low altitudes which led to enormous tolls both in equipment and personnel **Hitler's Fatal Miscalculation** Klaus H. Schmider,2021-01-28 Hitler's decision to declare war on the United States has baffled generations of historians In this revisionist new history of those fateful months Klaus H Schmider seeks to uncover the chain of events which would incite the German leader to declare war on the United States in December 1941 He provides new insights not just on the problems afflicting German strategy foreign policy and war production but crucially how they were perceived at the time at the top levels of the Third Reich Schmider sees the declaration of war on the United

States not as an admission of defeat or a gesture of solidarity with Japan but as an opportunistic gamble by the German leader This move may have appeared an excellent bet at the time but would ultimately doom the Third Reich
