Islamic political theory and religious pluralism While his Reason Freedom and Democracy in Islam applies that theory to plurality and the historicity of understanding and interpretation of religion this book captures some of his original theories about religion itself The Expansion of Prophetic Experience treats the historicity of the Prophet Muhammad s revelatory experience including human and contextual influences on the genesis of the sacred Text It presents substantial aspects of Soroush s Neo Rationalist hermeneutical project for an Islamic reformed theology and ethics systematically leading Islamic reformation beyond conventional projects of piecemeal adjustments to the Shari ah or selective re interpretations of the Qur n

Dreams That Matter Amira Mittermaier, 2011 This brilliant study presents contemporary anthropology at its best Whether one s goal is understanding the permeability of traditions and modernities or the changing shape of religious imagination and thought in one of the most pivotal countries of the Middle East this book is an outstanding point of departure Dale F Eickelman author of *The Middle East and Central Asia An Anthropological Approach* 4th ed *Dreams That Matter* is an insightful and well crafted study of the practice of dreaming in contemporary Egypt Mittermaier provides a superb analysis of the imaginative repertoires of Islamic traditions and shows how the dream has remained not only a site of Muslim scholarly interest but an important part of the way ordinary Muslims encounter and engage with the divine Charles Hirschkind author of *Powers of the Secular Modern* Talal Asad and *His Interlocutors* Amira Mittermaier has given us the most complete anthropological study of dream culture in the Middle East perhaps in any culture It is a sensitive intellectually challenging indeed a courageous investigation of the psychological ontological and ethical assumptions that lie behind dreams visions and dream visitations in contemporary Egypt where the dream is a vibrant site of political religious and interpretive contest *Dreams That Matter* will rank among the most important contributions to the anthropology of the imagination for years to come Vincent Crapanzano author of *The Harkis The Wound That Never Heals*

Muhammad and His Followers in Context Ilkka Lindstedt, 2023-10-30 This title is published in Open Access with the support of the University of Helsinki Library The book surveys and analyzes changes in religious groups and identities in late antique Arabia ca 300-700 CE It engages with contemporary and material evidence for example inscriptions archaeological remains Arabic poetry the Qur n and the so called Constitution of Medina Also it suggests ways to deal with the later Arabic historiographical and other literary texts The issue of social identities and their processes are central to the study For instance how did Arabian ethnic and religious identities intersect on the eve of Islam The book suggests that the changes in social groups were more piecemeal than previously thought

Sufism and the Scriptures Fitzroy Morrissey, 2020-12-10 The Sufi thinker Abd al Karim al Jili d 1408 is best known for his treatment of the idea of the Perfect Human yet his masterpiece *al Insan al kamil* The Perfect Human is in fact a wide ranging compendium of Sufi metaphysical thought in the Ibn Arabian tradition One of the major topics treated in that work is sacred history the story of God s revelation of the truth to humanity through His prophets and scriptures Fitzroy Morrissey provides here the first in depth study of this important section of al Jili s major work and the

key ideas contained within it Through a translation and analysis of the key passages on the Qur'an Torah Psalms and Gospel it shows how al Jili's view of sacred history is conditioned by his Ibn Arabian Sufi metaphysics whereby the phenomenal world is viewed as a manifestation of God and the prophets and scriptures as special places where the divine attributes appear more completely It also looks at how this idea influences al Jili's understanding of the hierarchy of prophets scriptures and religions The book argues that contrary to common assumptions al Jili's Sufi metaphysical view of sacred history is in keeping with the common medieval Muslim view of sacred history whereby the Qur'an is viewed as the best of scriptures Muhammad as the best of prophets and Islam as the best religion The book therefore not only gives an insight into a key text within medieval Sufi thought but also has ramifications for our understanding of medieval Sufi views on the relationship between Islam and other religions
