Corrigan, 2011-06-13 Marcus a champion of the Guardian Knights and hero of Kadema has faced many challenges in his life Now he must face a new one transforming two baby twins into strong and capable warriors who will be able to protect the world from a threat that has risen from the ashes of the Guardian War The strongest of the twins Micael has shown potential to become the world's greatest warrior He has been trained and trained well However despite the training Micael may not have the strength to stand against the forces of darkness that have conspired against Kadema After the mastermind of the Exiles unleashes a strategy that cripples the Guardian Knights Marcus and Micael are forced to decide on a plan of desperation seek out a traitorous army once loyal to Luxius the deceased Master of the Exiles If Micael fails in his quest to ally himself with the Banished Army then his life and those of his companions will be forfeit However if Micael is successful then the world will see the might of an army not seen in nearly one hundred years However even if the Banished Army agrees to aid Kadema the combined strength may not be enough The Exiles have constructed a new weapon which is capable of destroying hundreds of thousands of lives in an instant Even more terrifying is the mastermind's ultimate goal If they are successful the combined strength of Micael Marcus and their allies will not be enough to stop the annihilation of the entire planet Dawn of the Guardian is the first book in the ongoing Doomsday Warriors Saga **Simulating War** Philip Sabin, 2012-01-19 Over the past fifty years many thousands of conflict simulations have been published that bring the dynamics of past and possible future wars to life In this book Philip Sabin explores the theory and practice of conflict simulation as a topic in its own right based on his thirty years of experience in designing wargames and using them in teaching *Simulating War* sets conflict simulation in its proper context alongside more familiar techniques such as game

Blitz on Britain 1939-45 Dr Alfred Price,2016-07-22 During the latter half of the 1930s the fear of a possible aerial knock out on Great Britain became a dominating factor in the formulation of national policy This text examines how justified these pre war fears were in light of the Luftwaffe s capabilities in 1939 and describes the bombing attacks on Britain during the years that followed together with the operations of the defences to parry them From the start the air defences proved able to take a heavy toll on the bombers attacking Britain by day By night it was a different matter Initially the fighter and gun defences were lucky if between them they were able to knock out one or two bombers out of three or four hundred involved in a night attack From this poor beginning the defences improved out of all recognition and when the Germans launched a series of attacks on London early in 1944 it cost them one bomber and four trained crewmen for every five British civilians killed Blitz on Britain makes compelling reading for anyone interested in the Luftwaffe s wartime raids on Britain and how the air defences ultimately succeeded in defeating this long running aerial onslaught
