The Morality Of Laughter

Michelle Mason

The Morality Of Laughter:

The Morality of Laughter F. H. Buckley, 2005-03 DIVA serious look at the meaning of laughter through the ages div

The Morality of Laughter F. H. Buckley, 2010-03-25 Bravo I ll say nothing funny about it for it is a superior piece of work P J O'Rourke F H Buckley s *The Morality of Laughter* is at once a humorous look at serious matters and a serious book about humor Crisis Magazine Buckley has written a ne and funny book that will be read with pleasure and instruction First Things written elegantly and often wittily National Post a fascinating philosophical exposition of laughter National Review at once a wise and highly amusing book Wall Street Journal Online a useful reminder that a cheery society is a healthy one Weekly Standard

Feminism and the Religious Significance of Laughing Bodies Nicole Graham, 2024-06-03 This book identifies the significance of the body through a feminist reconceptualisation of laughter as a means of insight It positions itself within the emerging scholarship on religion and humour but distinguishes itself by moving away from the emphasis on humour and instead focuses on the place and role of laughter Through a feminist reading of laughter which is grounded in the philosophical and psychological works of William James this book emphasises the importance of the body to offer an exploration of laughter as a means of insight In doing so it challenges the classificatory orders of knowledge by recognising and arguing for the value of the body in the creation of knowledge and understanding To demonstrate the centrality of the body for insight laughter and thus the creation of knowledge this book engages with laughter within three thematic areas religious experience gendered experiences of laughter and the ethics of laughter This book will be of interest to students and researchers in religious studies theology gender studies humour studies philosophy and the history of ideas

Ethical Consensus and the Truth of Laughter Hub Zwart, 1996 We participate in moral debate instead of taking established morality for granted because of our discontent with the moral discourse already existing We feel that something is distorted or concealed that something remains to be said One of the strategies to expose the deficiencies of established discourse is critical argument but under certain specific historical circumstances the apparent self evidence of established moral discourse has gained such a dominance has acquired such an ability to conceal its basic vulnerability that its validity simply seems beyond contestation Notwithstanding our discontent we remain unable to challenge the established truth effectively Then all of a sudden its vulnerability is revealed and this is the experience of laughter Moral criticism is preceded by laughter In fact all crucial transformations that emerged in the history of morality were accompanied by and made possible by laughter and moral criticism is basically and originally a comic genre After drawing an outline of the present moral regime in chapter one the moral significance of laughter is recovered with the help of four philosophers of laughter in chapter two namely Bakhtin Nietzsche Bataille and Foucault Laughter allows reality to appear in a certain light it contains a basic truth it is a philosophical principle in its own right that cannot be reduced to or identified with the truth of science In the subsequent chapters it is shown how three crucial moral transformations occurring in the fourth century B C the sixteenth

century A D and the nineteenth century A D evolved out of an experience of laughter articulated by three outstanding protagonists of laughter presented in this book Socrates Luther and Ibsen Finally the significance of the experience of laughter in view of the present is discussed *Ethics in Comedy* Steven A. Benko, 2020-10-16 All humans laugh However there is little agreement about what is appropriate to laugh at While laughter can unite people by showing how they share values and perspectives it also has the power to separate and divide Humor that crosses the line can make people feel excluded and humiliated This collection of new essays addresses possible ways that moral and ethical lines can be drawn around humor and laughter What would a Kantian approach to humor look like Do games create a safe space for profanity and offense Contributors to this volume work to establish and explain guidelines for thinking about the moral questions that arise when humor and laughter intersect with medicine gender race and politics Drawing from the work of stand up comedians television shows and ethicists this volume asserts that we are never just joking **Applied Ethics from**

Medicine to Humor Adela Cortina, Mauricio Correa Casanova, 2024-10-05 Applied ethics is an essential part of practical knowledge in pluralistic and democratic societies Its fundamental characteristic does not consist only in reflecting on the new moral realities of modern life but also in guiding the deliberation and freedom of moral agents people and institutions This book comprises works on applied ethics by specialists from Spain and Chile Some topics are well known for their extensive development and dissemination such as biomedicine country development ecology economics enterprise and business and professions Others themes are presented with the novelty of current debates such as neuroethics sports humor and the city This book offers a broad look at each topic and simultaneously provides a moral compass that ethically guides professors and researchers students and professionals in order to empower their activities and institutions **The Ethics of Humour in Online Slavic Media Communication** Lilia Duskaeva, 2021-12-29 The Ethics of Humour in Online Slavic Media Communication is devoted to research on how the rules of humour used online media are changing and how these changes rearrange the traditions of speech interaction in media communication The authors of the book are experienced researchers in the field of Slavic media linguistics and represent five neighbouring countries Russia Belarus Lithuania Slovakia and Poland The research in the volume is based on the data from Slavic languages The diversity and at the same time relative proximity of Slavic languages make it possible to put separate studies into a wider comparative context in order to reveal the general and ethno cultural patterns in using means of communicative etiquette it helps define the ethno cultural factors behind the formation of such means Speech practice of humour creation shows the creative potential of all languages including the ones with a small number of speakers Slovak and Belarusian which have the status of state languages but are strongly influenced by international languages English and Russian This volume is a valuable resource for researchers in the field of Slavic studies *The Moral Psychology of Amusement* Brian Robinson, 2021-10-12 Amusement is an emotion with power It has the power to make us laugh but it can also have a power over us for good or for ill to control our attention or

memory Amusement can empower our resistance to oppression or it can itself become an oppressive force Our amusement can make others feel shame Amusement even has the power to affect and be affected by our moral assessment of others This volume offers twelve essays from leading and emerging scholars that explore the moral quagmire that is the emotion of amusement It is a collection that considers the moral psychology of amusement from a range of perspectives going as far back as ancient Chinese and Greek philosophy up to the most current psychological and sociological findings *The Moral Psychology of Contempt* Michelle Mason, 2018-03-28 The eye roll the smirk the unilateral lip curl These psychologists tell us are typical expressions of contempt Across cultures such expressions manifest an emotional response to norm violations among them moral norms As such contempt is of tremendous personal and social significance whether in the context of a marriage on the rocks or a country in the grips of racial unrest Scholarship on contempt however lags far behind that of other emotional responses to norm violations such as anger disgust and shame Introducing original work by philosophers and psychologists this volume addresses empirical questions concerning contempt's emotional cognitive and behavioural signature It invites the general reader to reflect on whether contempt is something to be embraced and cultivated as an emotional safeguard of valued norms or rather an emotion from which we have good reason perhaps overriding moral reason to distance ourselves so far as is psychologically possible Advancing the nascent literature on contempt while setting future research agenda the volume is a resource for advanced students and scholars of both empirical and normative moral psychology *The Primitive Methodist Magazine*, 1882

This is likewise one of the factors by obtaining the soft documents of this **The Morality Of Laughter** by online. You might not require more grow old to spend to go to the book launch as competently as search for them.
