

Winner of the Bancroft Prize

THE MINUTEMEN AND THEIR WORLD

Foreword by Alan Taylor

Revised and Expanded Edition
with a new preface and afterword by the author

"Robert A. Gross's *The Minutemen and Their World* is almost as famous as the April 19 battle of Concord itself, and now we have it in a new, updated edition that further enriches the story. By itself this little masterpiece reveals more of the nature and complexity of the Revolution than a multitude of volumes."

—GORDON S. WOOD, professor emeritus at Brown University and author of *Friends Divided* and *The Radicalism of the American Revolution*

ROBERT A. GROSS

The Minutemen And Their World

David Hackett Fischer

The Minutemen And Their World:

The Minutemen and Their World Robert A. Gross,1995 *The Minutemen and Their World* Robert A.

Gross,2011-04-01 The Bancroft Prize winning classic of American history now in a revised and expanded edition with a new preface and afterword by the author On April 19 1775 the American Revolution began at the Old North Bridge in Concord Massachusetts The shot heard round the world catapulted this sleepy New England town into the height of revolutionary fervor and Concord went on to become the intellectual capital of the new republic The town future home to Emerson Thoreau and Hawthorne soon came to symbolize devotion to liberty intellectual freedom and the stubborn integrity of rural life In *The Minutemen and Their World* Robert A Gross has written a remarkably subtle and detailed reconstruction of the lives and community of this special place and a compelling interpretation of the American Revolution as a social movement [The Minutemen and Their World \(Revised and Expanded Edition\)](#)

Robert A. Gross,2022-11-08 The classic work on one town s American Revolution now with a new preface and afterword by the author **The Transcendentalists and Their World**

Robert A. Gross,2021-11-09 One of The Wall Street Journal s 10 best books of 2021 One of Air Mail s 10 best books of 2021 Winner of the Peter J Gomes Memorial Book Prize In the year of the nation s bicentennial Robert A Gross published *The Minutemen and Their World* a paradigm shaping study of Concord Massachusetts during the American Revolution It won the prestigious Bancroft Prize and became a perennial bestseller Forty years later in this highly anticipated work Gross returns to Concord and explores the meaning of an equally crucial moment in the American story the rise of Transcendentalism *The Transcendentalists and Their World* offers a fresh view of the thinkers whose outsize impact on philosophy and literature would spread from tiny Concord to all corners of the earth Ralph Waldo Emerson Henry David Thoreau Nathaniel Hawthorne and the Alcotts called this New England town home and Thoreau drew on its life extensively in his classic *Walden* But Concord from the 1820s through the 1840s was no pastoral place fit for poets and philosophers *The Transcendentalists and their neighbors* lived through a transformative epoch of American life A place of two thousand plus souls in the antebellum era Concord was a community in ferment whose small ordered society founded by Puritans and defended by Minutemen was dramatically unsettled through the expansive forces of capitalism and democracy and tightly integrated into the wider world These changes challenged a world of inherited institutions and involuntary associations with a new premium on autonomy and choice They exposed people to cosmopolitan currents of thought and endowed them with unparalleled opportunities They fostered uncertainties raised new hopes stirred dreams of perfection and created an audience for new ideas of individual freedom and democratic equality deeply resonant today *The Transcendentalists and Their World* is both an intimate journey into the life of a community and a searching cultural study of major American writers as they plumbed the depths of the universe for spiritual truths and surveyed the rapidly changing contours of their own neighborhoods It shows us familiar figures in American literature alongside their neighbors at every level of the social order and it reveals how this common life

in Concord entered powerfully into their works No American community of the nineteenth century has been recovered so richly and with so acute an awareness of its place in the larger American story *The Politics of War* Michael A. McDonnell,2012-12-01 War often unites a society behind a common cause but the notion of diverse populations all rallying together to fight on the same side disguises the complex social forces that come into play in the midst of perceived unity Michael A McDonnell uses the Revolution in Virginia to examine the political and social struggles of a revolutionary society at war with itself as much as with Great Britain McDonnell documents the numerous contests within Virginia over mobilizing for war struggles between ordinary Virginians and patriot leaders between the lower and middle classes and between blacks and whites From these conflicts emerged a republican polity rife with racial and class tensions Looking at the Revolution in Virginia from the bottom up *The Politics of War* demonstrates how contests over waging war in turn shaped society and the emerging new political settlement With its insights into the mobilization of popular support the exposure of social rifts and the inversion of power relations McDonnell s analysis is relevant to any society at war *Paul Revere's Ride* David Hackett Fischer,1995-04-19 One of the foremost American historians offers the first serious look at the events of the night of April 18 1775 what led up to it what really happened and what followed uncovering a story far more remarkable than the myths of tradition In *Paul Revere s Ride* David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic Beginning in the years before the eruption of war Fischer illuminates the figure of Paul Revere a man far more complex than the simple artisan and messenger of legend Indeed this book returns Paul Revere to center stage in the events leading up to the American Revolution [The Great Meadow](#) Brian Donahue,2004-01-01 Employing precise geographical information system GIS mapping of land ownership and land use Donahue describes how the land was settled and how mixed husbandry was developed in Concord By reconstructing several farm neighborhoods and following them through many generations he reveals a diverse sustainable farming system of tillage orchards pastures hay meadows and woodlots that required careful management of soil and water Donahue concludes that ecological degradation came to Concord only later when nineteenth century economic and social forces undercut the environmental balance that earlier colonial farmers had nurtured BOOK JACKET **The British Are Coming** Rick Atkinson,2019-05-14 Winner of the George Washington Prize Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the *Liberation Trilogy* comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson author of the Pulitzer Prize winning *An Army at Dawn* and two other superb books about World War II has long been admired for his deeply researched stunningly vivid narrative histories Now he turns his attention to a new war and in the initial volume of the *Revolution Trilogy* he recounts the first twenty one months of America s violent war for independence From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter

1777 American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wisest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama. — *Mary Moody Emerson and the Origins of Transcendentalism* Phyllis

Cole, 2002. Mary Moody Emerson has long been a New England legend, the eccentric Calvinist aunt of Ralph Waldo Emerson, wearing a death shroud as her daily garment. This exciting new study, based on the first reading of all her known letters and diaries, reveals a complex human voice and powerful forerunner of American Transcendentalism. From the years of her famous nephew's infancy in both private and published writings, she celebrated independence, solitude in nature, and inward communion with God. Mary Moody Emerson inherited both resources and constraints from her family: a lineage of Massachusetts ministers who had earlier practiced spiritual awakening and political resistance against England. Cole discovers a previously unexamined Emerson tradition of fervent piety in the ancestor's own writing, and Mary's preservation of their memory. She also examines the position of a woman in this patriarchal family: barred from the pulpit and university by her sex, she also refused marriage, to become a reader, writer, and religious seeker. Cole's biography explores this reading and writing as both a woman's vocation and a gift to Ralph Waldo Emerson. Helping to raise her nephews after their father's death, Mary Moody Emerson urged Waldo, the college student, to seek solitude in nature and become a divine poet. Cole's pioneering study, tracing crucial lines of influence from Mary Emerson's heretofore unknown texts to her nephew's major works, establishes a fresh and vital source for a central American literary tradition. — **Two Worlds in the Tennessee**

Mountains David C. Hsiung, 2021-12-14. Most Americans know Appalachia through stereotyped images: moonshine and handicrafts, poverty and illiteracy, rugged terrain and isolated mountaineers. Historian David Hsiung maintains that in order to understand the origins of such stereotypes, we must look critically at their underlying concepts, especially those of isolation and community. Hsiung focuses on the mountainous area of upper East Tennessee, tracing this area's development from the first settlement in the eighteenth century to the eve of the Civil War. Through his examination, he identifies the different ways in which the region's inhabitants were connected to or separated from other peoples and places. Using an interdisciplinary framework, he analyzes geographical and sociocultural isolation from a number of perspectives, including transportation networks, changing economy, population movement, and topography. This provocative work will stimulate future studies of early Appalachia and serve as a model for the analysis of regional cultures.

This is likewise one of the factors by obtaining the soft documents of this **The Minutemen And Their World** by online. You might not require more time to spend to go to the ebook foundation as skillfully as search for them. In some cases, you likewise reach not discover the broadcast The Minutemen And Their World that you are looking for. It will totally squander the time.

However below, following you visit this web page, it will be consequently utterly simple to get as skillfully as download lead The Minutemen And Their World

It will not recognize many era as we run by before. You can get it even though play in something else at home and even in your workplace. hence easy! So, are you question? Just exercise just what we offer below as skillfully as review **The Minutemen And Their World** what you next to read!
