The Modern Alchemist A Guide To Personal Transformation:

The Modern Alchemist Richard Alan Miller, Iona Miller, 1994-01-01 Phanes fa nays means manifester or revealer and is related to the Greek words light and to shine forth Phanes Press was founded in 1985 to publish quality books on the spiritual philosophical and cosmological traditions of the Western world Since that time we have published 45 books including five volumes of Alexandria a book length journal of cosmology philosophy myth and culture The year 2000 marks our fifteen year anniversary and we are working to bring out more interdisciplinary works including books on creativity psychology literature and the intersections between science spirituality and culture How the stages of the alchemical process relate to psychological and spiritual growth

The Alchemical Actor Jane Gilmer, 2021-05-12 The Alchemical Actor offers an imagination for new and future theatre inspired by the manifesto of Antonin Artaud The alchemical four elements earth water air and fire and the four alchemical stages nigredo albedo citrino and rubedo serve as initiatory steps towards the performance of transmutational consciousness The depth psychological work of Carl G Jung the theatre techniques of Michael Chekhov and Rudolf Steiner infuse this Great Work Jane Gilmer leads the reader through alchemical imaginations beyond material cognition towards gold making heart thinking key to new and future theatre

Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen, 2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture

Alchemical Psychology Thom F. Cavalli, 2002-03-04 Alchemical practices have been reborn in our contemporary world under the rubric of Jungianism transpersonal psychology or depth psychology But in Alchemical Psychology Thom F Cavalli Ph D takes us directly to the source and on a wonderful adventure into the true nature of our hearts and minds In a book that sparkles with verve life and practicality Dr Cavalli explains how alchemy was one of humankind s earliest efforts to transform the nature of consciousness What little known or underground arts did alchemists practice in pursuit of self transformation and how can they enrich us today Using the same practices that he employs with patients Dr Cavalli offers readers a plethora of personal exercises that among other things enables them to

type themselves according to ancient alchemical identifiers of nature and personality He then provides practices that can help free them from the grip of familiar problems and foster true personal growth Beautifully illustrated with medieval prints from the alchemical tradition Alchemical Psychology gives readers both a richer understanding of their own natures and of the traditions on which many of our modern therapies are based

Alchemy of the Soul Martin Lowenthal, 2004-10-01 Life without myth the vital force of archetypal experiences is life filled with maladies neuroses addictions and disease Alchemy of the Soul retells the myth of Eros and Psyche to help readers reconnect mind and relatedness to find wholeness and deep meaning Author Martin Lowenthal describes how the story of Eros and Psyche illustrates the alchemical process of marrying soul and matter so that life can be lived with more joy meaning and a tangible sense of divine love The book is divided into three parts Part 1 is a beautiful retelling of the myth of Eros and Psyche Part 2 examines the power of myth and alchemy and shows how spiritual alchemy can restore and transform the soul Part 3 is an initiation into the alchemical mysteries using myth as mentor Lowenthal writes The story assails the defenses of our mind and our reactive habits and seeks to wrest a victory for life and growth from the inertia of daily habits and confusion It initiates us into a world far more vibrant rich and nourishing than the one we knew in childhood and naively yet regressively settle for In this sense story reveals what happens as we attempt to spread our emotional wings in the developmentally confining domain of our childhood home and community and what it takes to make something significant of ourselves in ways that feed the future As guests of the story we discover the larger sacred garden in which we emerge as a unique and beautiful flower in a bed of exquisite blossoms each one unique and essential Alchemy of the Soul takes alchemy from the realm of the esoteric and places it in practical terms of story terms that anyone can understand value and use as a guide to life

Inner Journeys Gary M. Vasey, 2005

The Complete Idiot's Guide to Alchemy Dennis William Hauck, 2008-04-01 More than magic Where else can one combine chemistry and philosophy to turn base metal into gold while discovering a magical elixir to prolong life Here s a simple and straightforward guide to alchemy that explains its basic principles Written by one of the world s few practicing alchemists it s a concise reference guide that provides easy to follow information so that anybody can be a wizard in training

Healing the Male Psyche John Rowan, 2020-04-03 John Rowan argues that if men are to escape from their old roles and the new pressures of social uncertainty they need to be initiated into a new kind of masculinity but that this process must be personal to each man He explores how therapy can help or hinder the process of transformation Written for men who are looking for a new way of understanding their predicament as well as psychotherapists and counsellors working with men Healing the Male Psyche is packed with useful information and exercises and supported by a wide range of references

The Heritage of Hermes Alexandra Lambert, Alexandra Lambert-Heidenreich, 2004

The Subtle Energy Body Maureen Lockhart, 2010-09-23 A global study of the psychospiritual body and its central role in the esoteric and spiritual traditions of the world Explains the nature purpose and functions of the subtle body Explores the role of the subtle body in such traditions as Alchemy Ayurveda

Tantra Qi Gong and Yoga Shows how the various layers of the subtle body provide a map for various levels of consciousness Ancient traditions of both the East and West have long maintained that the human being is a complex of material and nonmaterial systems or energy bodies The subtle body is an energetic psychospiritual entity of several layers of increasing subtlety and metaphysical significance through which the aspirant seeks knowledge of the self and the nature of God In many traditions the component parts of the subtle body serve as a map of the different levels of consciousness The practices and disciplines that evolved from an awareness and understanding of the subtle body and how the material and nonmaterial work together form a coherent system of psychospiritual transformation that is central to numerous and extremely diverse spiritual practices including those of the Gnostics Sufis Native Americans Vedic seers Chinese and Greeks The subtle body plays an essential part in more recent traditions such as Anthroposophy and Gurdjieff's Fourth Way and the cutting edge science of Ervin Laszlo's research into the Akashic field But the benefits of understanding the role of the subtle energy body are not confined solely to the spiritual plane The energetic bodies provide a coherent system of life affirming principles and practices for the diagnosis and treatment of the whole person that is not only part of many traditional healing systems such as Acupuncture and Ayurveda but also is forming the basis for a synthesis of traditional and contemporary healing practices that could lay the foundation for the medicine of the future
