The Literature of Terror: Volume 1 David Punter,2014-05-22

Mary Shelley, Frankenstein Berthold Schoene-Harwood,2000 This Guide encapsulates the most important critical reactions to a novel that straddles the realms of both high literature and popular culture The selections shed light on Frankenstein s historical and socio political relevance its innovative representations of science gender and identity as well as its problematic cultural location between academic critique and creative production Narratives of Technology J. M. van der Laan,2016-06-11 This book documents and investigates the stories we have told and continue to tell about technology now the dominant feature of our civilization in fiction non fiction film and advertising It answers important questions about the meanings people ascribe to technology the hopes and fears we express in the different narratives the effect of those narratives upon us and the new forms of myth those narratives represent Narratives of Technology offers an approach grounded in the humanities adding another perspective to that of social scientists and technologists Superevil. Villains in Silver Age Superhero Comics Anke Marie Bock,2023-10-18 Superevil Villains in Silver Age Superhero Comics sheds light on the often disregarded supervillains in the American superhero comic of the 1960s From Loki to Killmonger they all possess famous cinematic counterparts yet it is their comic origin that this study examines Not only did The Silver Age produce countless superheroes and supervillains who have conquered the screens in the last two decades but it also created complex villains Silver Age supervillains were as the analyses in Superevil show the main and only means to include political and societal criticism in a cultural product which suffered from censorship and belittlement Instead of focusing on the superheroes once more Anke Marie Bock pioneers in putting the supervillain as such in the center of the attention In addition to addressing the tendency to neglect villains in superhero comic studies revealing many important functions the supervillains fulfill among them criticizing Cold War politics racism gender roles and the often unquestioned binary of good and evil on the examples of i a The Fantastic Four Spider Man and Black Panther comics **The Literary Fantastic** Neil Cornwell,1990 Om den fantastiske roman fra midten af 1700 tallet til idag med en gennemgang af litteraturkritikkens syn p genren om udviklingen af den i England Europa og Amerika og endelig om dens betydning for moderne litteratur og dagens samfund **Shelley's Frankenstein** Graham Allen,2008-12-23 This is the perfect study guide to Shelley s classic gothic novel Frankenstein a key text for introductory literature courses at undergraduate level *Science Fact and Science Fiction*
