The Moralist:

The Moralist Patricia O'Toole, 2019-04-16 Acclaimed author Patricia O Toole's superb The New York Times account of Woodrow Wilson one of the most high minded consequential and controversial US presidents A gripping USA TODAY biography The Moralist is an essential contribution to presidential history Booklist starred review In graceful prose and deep scholarship Patricia O Toole casts new light on the presidency of Woodrow Wilson Star Tribune Minneapolis The Moralist shows how Wilson was a progressive who enjoyed unprecedented success in leveling the economic playing field but he was behind the times on racial equality and women's suffrage As a Southern boy during the Civil War he knew the ravages of war and as president he refused to lead the country into World War I until he was convinced that Germany posed a direct threat to the United States Once committed he was an admirable commander in chief yet he also presided over the harshest suppression of political dissent in American history After the war Wilson became the world's most ardent champion of liberal internationalism a democratic new world order committed to peace collective security and free trade With Wilson's leadership the governments at the Paris Peace Conference in 1919 founded the League of Nations a federation of the world's democracies The creation of the League Wilson's last great triumph was quickly followed by two crushing blows a paralyzing stroke and the rejection of the treaty that would have allowed the United States to join the League Ultimately Wilson's liberal internationalism was revived by Franklin D Roosevelt and it has shaped American foreign relations for better and worse ever since A cautionary tale about the perils of moral vanity and American overreach in foreign affairs The Moralist does full justice to Wilson's complexities The Wall Street Journal

Coleridge the Moralist Laurence S. Lockridge, 2019-06-30 This rigorously argued yet deftly written book defines and analyzes Coleridge's moral vision as it reveals itself in his life thought and poetry Based on the entire corpus of his writings it includes much unpublished or previously unanalyzed primary source material such as the late notebooks and the Opus Maximum manuscript Mr Lockridge considers Coleridge to be one of the great British moralists and he argues that much of his work is characterized by an uncommon density of thought and an imaginative assimilation of theory to practice Tracing Coleridge's evolution as a moralist he treats with close attention Coleridge's writings on such subjects as freedom will duty self realization pleasure suffering dread and evil By bringing together related fragments he has given coherent structure to the moral thought of a major Romantic writer

The Moralist International Kristina Stoeckl, Dmitry Uzlaner, 2022-12-20 The Moralist International analyzes the role of the Russian Orthodox Church and the Russian state in the global culture wars over gender and reproductive rights and religious freedom It shows how the Russian Orthodox Church in the past thirty years first acquired knowledge about the dynamics issues and strategies of Right Wing Christian groups how the Moscow Patriarchate has shaped its traditionalist agenda accordingly and how the close alliance between church and state has turned Russia into a norm entrepreneur for international moral conservatism Including detailed case studies of the World Congress of Families anti abortion activism

and the global homeschooling movement the book identifies the key factors causes and actors of this process Kristina Stoeckl and Dmitry Uzlaner then develop the concept of conservative aggiornamento to describe Russian traditionalism as the result of conservative religious modernization and the globalization of Christian social conservatism The Moralist International continues a line of research on the globalization of the culture wars that challenges the widespread perception that it is only progressive actors who use the international human rights regime to achieve their goals by demonstrating that conservative actors do the same The book offers a new original perspective that firmly embeds the conservative turn of post Soviet Russia in the transnational dynamics of the global culture wars The Moralist International is available from the publisher on an open access basis
