Vail, 2013-10-24 The purpose of these lectures is to consider the origin and nature of the Ancient Mysteries and Modern Masonry and to show the relation which they bear one to the other. Freemasonry deals largely with the morals and symbols of the Mysteries of Antiquity and originally was one of the channels of Ancient Wisdom. There were a few among the founders of Modern Masonry who possessed the Royal Secret or at least had a knowledge of its existence and if the key has been lost, the Mason as Heir apparent of the Old Wisdom should be foremost in the search for its recovery. All agree that the Masonic symbols and traditions are of the greatest antiquity and can be traced to the far East to the earliest civilization from which time and place they have spoken in nature's language to all peoples of the earth. We are more and more convinced that this picture language of our ritual contains a most complete philosophy, a knowledge embracing the eternal verities of the universe and that these symbols were designed by the Initiates of old to preserve and convey that Ancient Wisdom to the present and future generations. Though empires and dynastic continents have appeared and passed away, these ancient symbols hewn in rock-cut temples and monuments have served to convey the Great Secret from ages past and will continue its record as long as this part of the universe remains.

Symbols and Legends of Freemasonry J. Finlay Finlayson, 2003-09 Freemasonry is a secret mystical brotherhood that dates back many centuries. According to the author, it teaches that a Great Architect of the Universe exists and of the possibility that an inner principle of life is found within us and survives bodily death. These important teachings are laid out clearly in this book, starting from remote history and up through the ages, revealing the secrets as it goes. It covers such subjects as the all-seeing eye, immortality of the soul, the mystery of death, Solomon's temple, the Greater Mysteries, Sun worship, symbolic architecture, Hiram Abif and much more. The Symbolism of Freemasonry Albert Gallatin Mackey, 1869 Mystic Masonry; Or, The Symbols of Freemasonry and the Greater Mysteries of Antiquity Jirah Dewey Buck, 1910 Proceedings of the Grand Lodge of the Most Ancient and Honorable Fraternity of Free and Accepted Masons of the Commonwealth of Massachusetts Freemasons. Grand Lodge of the Commonwealth of Massachusetts, 1915 The Symbolism of Freemasonry: Illustrating and Explaining Its Science and Philosophy, Etc Albert Gallatin Mackey, 1869 *The Secret Power of Masonic Symbols* Robert Lomas, 2011-10 For more than 500 years the Symbolology of Freemasonry has fostered a secret stream of radical ideas running just beneath the surface of popular culture.

today These ideas illuminated by public symbols hidden in full view have influenced and shaped the society we have today Despite this ongoing record of inspiration no illustrated guide book to the basic ideas of Masonic Symbology has even been published and the story remains mysterious until now This book will show how this symbology has been the backdrop to key historical events in the history of humanity from ancient times and how in more recent times inspired leaders have harnessed the symbols power to bring about change in society It will also provide an illustrated guide to the basic symbols of Freemasonry from the Kirkwall Scroll via the basic symbols to the six Tracing Boards and so pass on the basic teaching about Symbology which has been created by Freemasonry
