On the Other Side of the Rainbow Lonny Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in real very profound and personal manner In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or

important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these The Journey of the Little Girl with The Half Pair of Shoes ,MaeMae,2022-02-23 One pair of shoes two children Who goes to school who does not This book chronicles the journey of a very young girl sharing a single pair of shoes with her sister and having to alternate between days to go to school hence the concept of a half pair of shoes This moving tale draws the reader into the depth and soul of the narrator and engenders empathy for her pain of poverty and abuse *The Other Side of the Cross* Harold D. Dunkel,2019-02-15 If you know God but seem to lack His power and strength elementary things could be getting in the way Jesus in His teaching spoke of this Men do not put new wine into old wineskins otherwise the wineskins burst Matt 9 16 17 Learn what these elementary things are and how they hinder your life with God See how they can be removed and replaced with better things Know the depth and richness of the born again stage Know how it feels to live in the overcoming stage Enjoy life in the ruling stage Be crowned with life in the heavenly stage The Total Light Process James Baker Hall,2004 **On the Other Side of Freedom** DeRay Mckesson,2019-09-03 Hope and insight and empathy spring from every page McKesson stares down the faces of bigotry and unfreedom and cynicism and doesn't flinch in writing out our marching orders toward freedom Ibram X Kendi 1 New York Times bestselling author of How to Be an Antiracist From the internationally recognized civil rights activist organizer and host of the podcast Pod Save the People a meditation on resistance justice and freedom and an intimate portrait of a movement from the front lines In August 2014 twenty nine year old activist DeRay Mckesson stood with hundreds of others on the streets of Ferguson Missouri to push a message of justice and accountability These protests and others like them in cities across the country resulted in the birth of the Black Lives Matter movement Now in his first book McKesson lays down the intellectual pragmatic and political framework for a new liberation movement Continuing a conversation about activism resistance and justice that embraces our nation's complex history he dissects how deliberate oppression persists how racial injustice strips our lives of promise and how technology has added a new dimension to mass action and social change He argues that our best efforts to combat injustice have been stunted by the belief that racism's wounds are history and suggests that intellectual purity has curtailed optimistic realism The book offers a new framework and language for understanding the nature of oppression With it we can begin charting a course to dismantle the obvious and subtle structures that limit freedom Honest courageous and imaginative On the Other Side of Freedom is a work brimming with hope Drawing from his own experiences as an activist organizer educator and public official McKesson exhorts all Americans to work to dismantle the legacy of racism and to imagine the best of what is possible Honoring the voices of a new generation of activists On the Other Side of Freedom is a visionary's call to take responsibility for imagining and then building the world

we want to live in
