The Mountain In The Sunlight Studies In Conflict And Unity:

The Mountain in the Sunlight. Studies in Conflict and Unity Alick West, 1958 *British Marxist Criticism* Victor N. Paananen, 2021-12-12 British Marxist Criticism provides selective but extensive annotated bibliographies introductory essays and important pieces of work from each of eight British critics who sought to explain literary production according to the principles of Marxism **Walter Pater** Wolfgang Iser, 2011-02-17 Within this text first published in German in 1960 the influential German literary scholar Wolfgang Iser writes engagingly of Pater's aesthetic **Moll Flanders** Daniel Defoe, 2005-02-23 Born to a petty thief in London's notorious Newgate prison and determined to make her way in a rapacious and materialistic society Moll Flanders recounts the fortunes and misfortunes of her turbulent life in this 1722 novel Though Moll Flanders was shaped by the conventions of criminal biography Defoe also drew on other literary traditions and his own rich background to create a remarkably original and still controversial work In addition to a critical introduction and substantial footnotes this Broadview edition provides a wide range of writings by Defoe as well as contemporary responses to Moll Flanders Other appendices include a selection of eighteenth century writings on crime prisons and the Virginia colony

At Vanity Fair Kirsty Milne, 2015-05-12 Explores how Vanity Fair transformed from its Puritan origins as an emblem of sin into a modern celebration of hedonism **I A Richards & His Critics V10** John Constable, 2014-04-23 This is Volume 10 of a collection of ten of the selected works of I A This volume presents a selection of contemporary criticism discussing those of Richards works published between 1919 and 1938 Recharting Media Studies Philip Bounds, 2008 Scholars in Media Studies increasingly take the view that our understanding of the history of the discipline is deeply inadequate It is now widely recognised that a large number of important media analysts have simply been omitted from the standard histories This book aims to fill in some of the gaps by examining the work of eleven neglected writers each of whom has made a seminal contribution to the analysis of the media but whose work rarely appears in student textbooks anthologies and readers In keeping with the interdisciplinary ambitions of contemporary Media Studies the selected thinkers are drawn from a wide range of historical periods and intellectual backgrounds There are chapters on sociologists creative writers cultural theorists art critics journalists and even ancient Greek philosophers The aims of the book are by no means purely antiquarian The contributors believe that a revival of interest in the work of their chosen writers can go a long way towards revitalising Media Studies especially by 1 drawing attention to a variety of theoretical and methodological approaches which have yet to be adequately exploited 2 suggesting new areas of research and 3 transforming our understanding of the historical development of Media Studies **Oscar Wilde's Oxford Notebooks** Philip E. Smith II, Michael Helfand, 2025-03-31 Oscar Wilde's Oxford Notebooks which was originally published in 1989 was the first publication of Oscar Wilde's Notebook on History and Philosophy and his Commonplace Book which he began to keep while a student at Oxford between 1874 and 1879 will forever alter critical perceptions of Wilde's intentions and achievements Containing records of his education and reading

quotations and paraphrases of other writers and Wilde's own analytical and descriptive notes comments and fragmentary drafts the notebooks show the intellectual influences he absorbed while in his early twenties In a critical commentary the editors argue that from these sources Wilde developed a synthesis of Spencerian evolutionary theory and Hegelian philosophy that shaped his aesthetic and critical theories his political ideals and the themes of his most important fiction Wilde's synthesis the editors contend incorporated the views of scientists and social scientists like T H Huxley Charles Darwin W K Clifford John Tyndall E B Tylor and Herbert Spencer historians like H T Buckle W H Lecky and Ernest Renan and the English Hegelians Benjamin Jowett and William Wallace Using this synthesis Wilde confronted the major controversies of late Victorian intellectual life the relation of mind and matter in philosophy the origin and development of culture and the roles of artist and critic in the improvement of society In addition to scrupulous annotation this book provides a description of the manuscripts historical evidence for dating an introduction that describes the intellectual influence of Wilde's parents and their circle in Dublin and a commentary that identifies the sources in the notebooks and substantially reinterprets Wilde's criticism and fiction An insightful and original study that will appeal to Wilde scholars literary critics and intellectual historians of the 19th century the book provides a fresh look into the intellectual development of Wilde and reveals him to be a learned radical humanist whose artistic and intellectual growth occurred within and is representative of the transformation of English cultural criticism after Darwin
