Creak,2023-02-06 Laos has the smallest population the weakest military and despite rapid economic growth in recent years one of the lowest levels of per capita income in mainland Southeast Asia Yet a glance at the map reveals its strategic location between China and Cambodia and Thailand and Vietnam As Laos was formerly a crossroads for trade routes the socialist government of the Lao People s Democratic Republic seeks to transform the country into a prosperous crossroads at the heart of this rapidly developing region Historical Dictionary of Laos Fourth Edition provides an in depth examination of one of the least known countries in Southeast Asia through a detailed chronology comprehensive introduction and extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book will be an excellent resource for students researchers and anyone wanting to know more about Laos *Historical Dictionary of the Peoples of the Southeast Asian Massif* Jean Michaud,Margaret Byrne Swain,Meenaxi Barkataki-Ruscheweyh,2016-10-14 Dwelling in the highland areas of Northeast India Bangladesh Southwest China Taiwan Burma Myanmar Thailand Cambodia Vietnam Laos and Peninsular Malaysia are hundreds of peoples Together their population adds up to 100 million more than most of the countries they live in Yet in each of these countries they are regarded as minorities This second edition of Historical Dictionary of the Peoples of the Southeast Asian Massif contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on about 300 groups the ten countries they live in their historical figures and their salient political economic social cultural and religious aspects This book is an excellent access point for students researchers and anyone wanting to know more **Rethinking Asian Tourism** Victor T. King,Ploysri Porananond,2014-10-16 Rethinking Asian Tourism addresses some of the latest developments in on going tourism research in Southeast Asia and the wider Asia region encompassing in geographical terms Thailand Vietnam Indonesia the Philippines Malaysia Hong Kong Japan and Korea It examines many of the emerging as well as established themes and issues in Asian tourism and promotes the development of critical scholarship within Asia to overcome Anglo Western ethnocentrism in tourism studies of the region There is some attention to such familiar concepts as authenticity commoditisation culture heritage and hosts and guests but more especially to the diversification of phenomena which traditionally would not have been included within the parameters of tourism studies retirees and long stays gastronomy family based leisure popular culture and local branding Above all the book addresses and develops a conceptual understanding from a multidisciplinary perspective of the character experiences encounters perceptions and motivations of local national and intra regional tourism rather than basing concepts perspectives emphases and analyses on Western Asian interactions and on transformations in the West In this respect it encourages a shift in emphasis towards Asianising our understanding of Asian tourism This is one

of the first volumes on Asian tourism written primarily by Asians and as such provides them with the opportunity to express their concerns interests and priorities rather than depending on the analyses and interpretations of those from outside the region It also enables a deconstruction of the field of tourism studies acknowledging that it is an open ended shifting fluid and complex category of encounters and events generated by the processes of physical mobility **The Peoples of**
