The Mysterious William Shakespeare The Myth And The Reality:

The Mysterious William Shakespeare Charlton Ogburn,1984 Contains the material gathered by the author s investigation into the identity of the real Shakespeare Edward de Vere the 17th Earl of Oxford The Mysterious William Shakespeare Charlton Ogburn,1984-01-01 **The Mysterious William Shakespeare** Charlton Ogburn,1992 Presents evidence to support the theory that Shakespeare s work is actually that of the 17th Earl of Oxford Edward De Vere The Man who was Shakespeare Charlton Ogburn,1995 *Shakespeare and the Editorial Tradition* Stephen Orgel,Sean Keilen,1999

Shakespeare has never been more ubiquitous not only on the stage and in academic writing but in film video and the popular press On television he advertises everything from cars to fast food His birthplace the tiny Warwickshire village of Stratford Upon Avon has been transformed into a theme park of staggering commercialism and the New Globe in its second season is already a far bigger business than the old Globe could ever have hoped to be If popular culture cannot do without Shakespeare continually reinventing him and reimagining his drama and his life neither can the critical and scholarly world for which Shakespeare has for more than two centuries served as the central text for analysis and explication the foundation of the western literary canon and the measure of literary excellence The Shakespeare the essays collected in these volumes reveal is fully as multifarious as the Shakespeare of theme parks movies and television Indeed it is part of the continuing reinvention of Shakespeare The essays are drawn for the most part from work done in the past three decades though a few essential enabling essays from an earlier period have been included They not only chart the directions taken by Shakespeare studies in the recent past but they serve to indicate the enormous and continuing vitality of the enterprise and the extent to which Shakespeare has become a metonym for literary and artistic endeavor generally *New Psychoanalytic Readings of Shakespeare* James Newlin,James W. Stone,2023-07-14 It has been over two decades since the publication of the last major edited collection focused on psychoanalysis and early modern culture In Shakespeare studies the New Historicism and cognitive psychology have hindered a dynamic conversation engaging depth oriented models of the mind from taking place The essays in *New Psychoanalytic Readings of Shakespeare* Cool Reason and Seething Brains seek to redress this situation by engaging a broad spectrum of psychoanalytic theory and criticism from Freud to the present to read individual plays closely These essays show how psychoanalytic theory helps us to rethink the plays history of performance their treatment of gender sexuality and race their view of history and trauma and the ways in which they anticipate contemporary psychodynamic treatment Far from simply calling for a conventional return to Freud the essays collected here initiate an exciting conversation between Shakespeare studies and psychoanalysis in the hopes of radically transforming both disciplines It is time to listen once again to seething brains **Shakespeare Was a Woman and Other Heresies** Elizabeth Winkler,2024-04-23 A delightful romp through the Shakespeare authorship question exploring how doubting that William Shakespeare wrote the plays attributed to him became an act of blasphemy and who the Bard might really be The Dark

Side of Shakespeare W. Ron Hess, 2002 Plunging into the complexities of Elizabethan history Hess raises a host of provocative questions about Shakespeare's identity and the controversial character of the 17th earl of Oxford the leading candidate for authorship honors Wide reading informs his answers and he doesn't shy from proposing linkages motivations and ingenious theories to make sense of the historical records and answer the many questions about Oxford's life His work on Don Juan of Austria may well prove to have opened a new perspective on that military leader's connection to Shakespeare

Richard F Whalen author Shakespeare Who Was He The Dark Side of Shakespeare is an original and stimulating book that takes the authorship debate in unexpected new directions Even those who reject its conclusions will find plenty to think about

Joseph Sobran author Alias Shakespeare Shakespeare's Ghost Writers Marjorie Garber, 2020-11-25 The plays of Shakespeare are filled with ghosts and ghost writing Shakespeare's Ghost Writers is an examination of the authorship controversy surrounding Shakespeare the claim made repeatedly that the plays were ghost written Ghosts take the form of absences erasures even forgeries and signatures metaphors extended to include Shakespeare himself and his haunting of us and in particular theorists such as Derrida Marx Nietzsche and Freud the figure of Shakespeare constantly made and remade by contemporary culture Marjorie Garber one of the most eminent Shakespearean theorists writing today asks what is at stake in the imputation that Shakespeare did not write the plays and shows that the plays themselves both thematize and theorize that controversy This Routledge Classics edition contains a new preface and new chapter by the author

Wonder of Our Stage Paul Hemenway Altrocchi, MD, 2014-08 Few are aware that the actual identity of William Shakespeare a pseudonym represents our culture's greatest literary mystery Even fewer realize that William Shaksper of Stratford on Avon the person annointed by most Professors of English as the Great Playwright was an uneducated illiterate businessman who never wrote a single word of prose or poetry In fact Will Shaksper was the front man of a conspiracy perpetrated by England's leading politician Robert Cecil who for reasons of greed and power forced Edward de Vere 17th Earl of Oxford the true genius playwright into anonymity The astonishing power of Conventional Wisdom has kept the ruse going since the early 1600s Outstanding authorship research in the past century however has shown convincingly that de Vere was indeed Shakespeare The best of that research is now assembled in the present anthology series Building the Case for Edward de Vere as Shakespeare It's an exciting story dramatically presenting powerful evidence of murder of the name of the world's greatest writing genius Edward de Vere and substituting a fraudulent impostor
