using ballooning lore to illuminate a range of Romantic writings The balloonists are seen as not just supplying these writers with a new code of metaphors but as colleagues engaged in similarly imaginative enterprises The book uncovers an aerial imagination shared by a large number of writers in the Romantic period that has its origins in the balloon adventures of the 1780s and following two decades It will appeal to scholars and students of Romantic cultural history as well as those interested in Romantic poetry and the history of early aeronautics
