Slave Narratives United States. Work Projects Administration, 2019-12-09 Slave Narratives compiled by the United States Work Projects Administration is a vital anthology that presents the firsthand accounts of formerly enslaved individuals in the United States This collection captures the rich tapestry of voices and experiences providing an unvarnished reflection of the brutality of slavery juxtaposed with the resilience and humanity of those who endured it Written in a straightforward and accessible style the narratives are set within the context of the 1930s a period marked by the Great Depression and a renewed focus on America s past showcasing the socio political efforts to document African American history before it was lost to time The Work Projects Administration was established to alleviate unemployment during the Depression and through initiatives like the Slave Narratives project it sought not only to provide jobs but also to preserve crucial cultural histories

The compilation reflects a dedication to social justice and historical accuracy driven by the belief that these voices deserved to be heard and recognized in the American consciousness especially as civil rights movements gained momentum This book is an essential read for anyone interested in American history literature or the ongoing struggle for civil rights The narratives offer profound insights into the lived realities of enslaved individuals inviting readers to confront the legacies of slavery and understand its enduring impact on contemporary society

Born a Slave The Federal Writers' Project, 2015-06-18 BORN A SLAVE Portraits of Ex Slaves An Introduction to the Slave Narratives From The Federal Writers Project 1936 1938 Fragments of the Narratives complimented with a Photograph of the ex slave giving testimony of their days in bondage In the 1930s the Works Progress Administration sponsored a Federal Writers Project dedicated to chronicling the experience of slavery as remembered by former slaves African American men and women born into slavery were interviewed Their stories were recorded and transcribed Over 2 300 former slaves from across the American South were interviewed by writers from the Works Progress Administration WPA and the Federal Writers Project These ex slaves provided first hand accounts of their experiences and knowledge of life on southern plantations Their narratives remain a potent resource for understanding how America's slaves lived and died These fragments of slave life offer a broad view of slavery in North America allowing readers to explore and research areas of slavery such as work sickness punishments resistance escape family life food marriage relationships with masters overseers and religious beliefs Before the American Civil War some authors wrote fictional accounts of slavery to create support for abolitionism The prime example is Uncle Tom's Cabin 1852 by Harriet Beecher Stowe The success of her novel and the social tensions of the time brought a response by white southern writers such as William Gilmore Simms and Mary Eastman who published what were called anti Tom novels Both kinds of novels were bestsellers in the 1850s A total of about 600 000 enslaved people were imported into the Thirteen Colonies and the U S constituting 5% of the twelve million enslaved people brought from Africa to the Americas The great majority of enslaved Africans were transported to sugar colonies in the Caribbean and to Brazil Some reports have estimated that close to two million slaves were brought to the American South from Africa and the West Indies during the centuries of the Atlantic slave trade Approximately 20% of the population of the American South over the years has been African American and as late as 1900 9 out of every 10 African Americans lived in the South Slave and ex slave narratives are important not only for what they tell us about African American history and literature but also because they reveal to us the complexities of the dialogue between whites and blacks in this country in the last two centuries particularly for African Americans The Library of Congress offers its online collection of more than 2300 interview transcripts The site also contains pictures and sound recordings related to the Federal Writers Project In total there are now 33 volumes of the slave narratives Slave Narrative Volumes 1 Alabama Narratives 2 Arkansas Narratives Part 1 3 Arkansas Narratives Part 2 4 Arkansas Narratives Part 3 5

Davis, Henry Louis Gates Jr., 1991-02-21 These autobiographies of Afro American ex slaves comprise the largest body of literature produced by slaves in human history The book consists of three sections selected reviews of slave narratives dating from 1750 to 1861 essays examining how such narratives serve as historical material and essays exploring the narratives as literary artifacts Memories of the Enslaved Spencer R. Crew, Lonnie G. Bunch III, Clement A. Price, 2015-09-15 This book offers a first person perspective on the institution of slavery in America providing powerful engaging interviews from the WPA slave narrative collection that enable readers to gain a true sense of the experience of enslavement Today s students understandably have a hard time imagining what life for slaves more than 150 years ago was like The best way to communicate what slaves experienced is to hear their words directly The material in this concise single volume work illuminates the lives of the last living generation of enslaved people in the United States former slaves who were interviewed about their experiences in the 1930s Based on more than 2 000 interviews the transcriptions of these priceless interviews offer primary sources that tell a diverse and powerful picture of life under slavery The book explores seven key topics childhood marriage women work emancipation runaways and family Through the examination of these subject areas the interviews reveal the harsh realities of being a slave such as how slave women were at the complete mercy of the men who operated the places where they lived how nearly every enslaved person suffered a beating at some point in their lives how enslaved families commonly lost relatives through sale and how enslaved children were taken from their parents to care for the children of slaveholders The thematic organizational format allows readers to easily access numerous excerpts about a specific topic quickly and enables comparisons between individuals in different locations or with different slaveholders to identify the commonalities and unique characteristics within the system of slavery
