

Slaves And Mibionaries

Richard Watson

Slaves And Mibionaries:

Slaves and Missionaries Mary Turner, 1998 On 27 December 1831 a fire on Kensington Estate in St James Jamaica signalled the start of one of the largest slave revolts in the Caribbean Its leaders were leaders also in the mission churches and the independent sects and their followers expected the missionaries to support them in their bid for wage work and free status The missionaries however sent to save souls from sin in the face of planter hostility were explicitly committed to neutrality on the slavery issue This book traces the response of all classes in Jamaican society to mission work focusing in particular on the dynamic interplay between slaves and missionaries Embraced as fellow sinners assured of spiritual equality of all before God their intellectual equality with whites demonstrated in schools and classes the slaves imbued Christianity with political purpose and questioned why blacks and whites were equal after death but slave and master in life The slaves transformed the question into action in the political circumstances created by the decade long campaign for abolition and in doing so made the missionaries themselves into committed anti slavery campaigners Slaves and Missionaries ,1998

Slave Missions and the Black Church in the Antebellum South Janet Duitsman Cornelius, 1999 How slaves created the organized black church while still under the oppression of bondage *Slave No More* Aline Helg, 2019-02-07 Commanding a vast historiography of slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage *Slave No More* deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery *A Defence of the Wesleyan Methodist Missions in the West Indies*

Richard Watson, 1817 **Global Protestant Missions** Jenna M. Gibbs, 2019-07-03 The book investigates facets of global Protestantism through Anglican Quaker Episcopalian Moravian Lutheran Pietist and Pentecostal missions to enslaved and indigenous peoples and political reform endeavours in a global purview that spans the 1730s to the 1930s The book uses key examples to trace both the local and the global impacts of this multi denominational Christian movement The essays in this volume explore three of the critical ways in which Protestant communities were established and became part of a worldwide

network the founding of far flung missions in which Western missionaries worked alongside enslaved and indigenous converts the interface between Protestant outreach and political reform endeavours such as abolitionism and the establishment of a global epistolary through print communication networks Demonstrating how Protestantism came to be both global and ecumenical this book will be a key resource for scholars of religious history religion and politics and missiology as well as those interested in issues of postcolonialism and imperialism *Slavery and Protestant Missions in Imperial Brazil* José Carlos Barbosa, 2008 In 1888 Brazil was the last nation in the modern west to abolish slavery Slavery and Protestant Missions in Imperial Brazil is an enlightening look at the role Christianity played in the struggle to abolish slavery in Brazil Author Jose Carlos Barbosa seeks to explain why Protestant missionaries stationed in Brazil during the nineteenth century remained silent on the issue of abolition even after the end of the American Civil War Barbosa asserts that the missionaries first priority was to secure a toehold for Protestantism and that meant not alienating the political and landowning elites of Brazilian society Also dominant theological thinking placed spiritual matters over temporal Give to Caesar what is Caesar s and give to God what is God s making abolition in Brazil a largely secular struggle BOOK JACKET

Slave Emancipation, Christian Communities, and Dissent in Post-Abolition Tanzania, 1878-1978 Salvatory S Nyanto, 2024-11-19 The first historical account of the dramatic growth of Christianity in Western Tanzania during the twentieth century and of the role of former slaves in this process Examining the intersection of post slavery and evangelism this book shows the ways that former slaves from a variety of linguistic and cultural backgrounds came together to create new communities in the Christian missions of western Tanzania It shows how converts adapted to Christianity and at the same time shaped it through their translations of the Bible and other religious texts into the Kinyamwezi language integrating concepts from their own cultures and experiences of slavery Working as teachers pastors and catechists former slaves and their descendants laid the basis for the growth of African Christianity in the region and the book pays particular attention to women s agency in creating spaces for negotiating kinship ties and mutual relations with the wider communities It also delves into the range of missionary sources to show the experience of lay Christians who opposed religious authority in Catholic and Moravian missions examining the division caused by catechists demands for equality of status recognition and appropriate pay in the context of ujamaa and the turmoil brought about by the revival movement Through narratives of religious experience from multiple missions and village outstations the book shows how former slaves created a Kinyamwezi speaking Christian culture taking inspiration both from European missionaries and neighbouring African villagers and became part of evolving rural communities in the inter war period enabling their descendants to achieve a significant degree of social mobility **Christian Missions and Social Progress: Lecture 6, continued : the contribution of Christian missions to social progress** James Shepard Dennis, 1906 The Students Lectures on Missions at Princeton Theological Seminary which form the basis of the book now issued were delivered by the author in the spring of 1896 Preface
