Sederholm, Mark I. West, 2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re-establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio's missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory *Medieval Literature on Display* Alexandra Sterling-Hellenbrand, 2020-01-23 How is the medieval world depicted today Two German museums serve as case studies for a vibrant imaginative and provocative enactment of twenty first century medievalism the Museum Wolfram von Eschenbach in Wolframs Eschenbach 1995 and the Nibelung Museum in Worms 2001 Emerging around the turn of the 20th century the museums explore medieval German literature cultural memory and local history As the museums reconstruct and transform medieval narratives for the contemporary audience they enact the process of medievalism they reveal how memory through the lens of the middle ages shapes modern cultural identity and heritage *Medieval Literature on Display* thereby contributes to important conversations about medievalism's role in constructing and affirming cultural identity in conceptualizing and finding places for the future of the past This unique book is vital reading for scholars of medieval literature and historians of
