Small Cats:

Small Cats Markus Kappeler, 1992 Describes members of the twenty nine different species known as small cats including the bobcat lynx puma and ocelot **Big Cats, Small Cats** Calvin Smith, 2004-12 This work has three major sub goals first to give a history of cats in general from earliest recorded times to the present Second to cover 26 different cats or cat species in alphabetical order so the reader has a representative feline for each of the alphabet s 26 letters Third to accomplish these ends through poetry The poetic mode was chosen to give reader a little different slant on each covered cat s special qualities and temperament An additional prose portion gives the reader a straightforward description of each cat s natural territory and a brief coverage of its special talents and challenges The overall goal was to make learning about cats both fun and educational and make us more fully appreciate our feline friends *Small Wild Cats* James G. Sanderson, Patrick Watson, 2011-10-01 Did you know that most wild cat species are small and that lions tigers and other large cats are the exception That adult bobcats clouded leopards and other small wild cats are completely asocial And that they fight only as a last resort This entertaining and informative book reveals these and hundreds of other facts about the behavior biology and conservation of the more than 30 small wild cat species From bobcats to servals small cats are spread across the globe They range in size from the rusty spotted cat and African black footed cat each of which weighs around 5 pounds when fully grown to the Eurasian lynx which can reach an adult weight of 60 pounds These felids are elusive some are nocturnal others are arboreal and all are rare and secretive making them especially difficult to study James G Sanderson the world s leading field expert on small wild cats and naturalist and wildlife artist Patrick Watson provide informative and entertaining answers to common and unexpected questions about these animals The authors explain why some small cats live on the ground while others inhabit trees discuss the form and function of their coat types and colors offer scientifically sound information on human small wild cat interactions and even review the role that small wild cats have played in literature religion and mythology The world of cats is as fascinating as it is diverse *Small Wild Cats The Animal Answer Guide* shows just how important and interesting the littlest of the nondomesticated feline family are TIME for Kids: Big Cats, Small Cats Kitson Jazyanka, 2025-08-12 Learn about 101 different kinds of cats from Singapuras to lions in this TIME for Kids book featuring over 100 amazing photos Lions tigers and bobcats oh my This ferocious book is jam packed with fun facts and information about cats big and small from all over the world Did you know that the nearly hairless sphynx cat originated in Canada not Egypt Have you heard of the six endangered kinds of tigers Have you ever seen a massive Maine coon a type of house cat that can grow to nearly thirty pounds These are just a few of the fascinating factoids that readers can learn in this exciting nonfiction book that is perfect for curious feline fanatics Built on the legacy of TIME TIME for Kids is a valuable news source for parents and educators providing trusted content via print and digital magazines audio and interactive events to classrooms at home and online TIME for Kids helps young readers develop critical reading skills at any age and learn how to
