## Smokepot Days:

**The Day I told My Mom I Smoke Pot** S. Maloy, 2010-02-22 Sue and Lou never had any fears or doubts about raising their three children They were not like their parents They welcomed the teenage years They knew their kids might experiment with drugs and alcohol just like they had So they talked with their kids about their own experiences they had as teenagers As a family they were very close They took their kids camping to Glamis the desert the beach and the Colorado River They went to Big Bear every winter and they golfed almost every weekend as a family By the time their youngest was in high school their oldest was already 24 and their middle child was 19 Their youngest would always tell them not to worry that he would never be like his older brother and sister Young Adam had witnessed all the trying times his parents had with his two older siblings alcohol drugs house parties and pre marital sex Adam s friends always came over to the house and Sue and Lou knew them all They were all good kids But when Adam told his mom he had smoked marijuana it was not like when the older siblings had experimented with it Sue and Lou would quickly discover he was using it to escape from the hurt and pain he felt after his first love broke up with him But what Sue and Lou didn t know was that their worst nightmare was growing in their youngest son Without having a true understanding of addiction this family will go through a hell they could have never imagined In order to keep from having a breakdown Sue started writing about how this all started It all began with a story Adam wrote in his Freshman English class titled The Day I told my Mom I Smoke Pot

**Something I Said?** Michael Feldman,2004-10-14 What we have here is another mighty slim volume from Michael Feldman best known when known at all for his public radio show Whad ya Know sic Feldman who spouts off about things he knows not much about weekly here writes them down how to get your own radio show and what you can do with it once you do paranoia marriage or as Feldman likes to refer to it a long term bad relationship Hitler SUVs child rearing although it sounds like it's the author who is being reared a number of short pieces on places he and his crew have visited for their remote possibilities more references to gentiles than absolutely necessary seems to be an issue for Feldman although he is tickled with the notion that to a Mormon he is one some attempts to misrepresent scientific or social research for humorous purposes many personal revelations that prove the examined life is not necessarily worth living either and pages and pages of fluff Mr Feldman has not been compared to our knowledge to S J Perlman But here is some of what Michael Feldman says in *Something I Said* The paranoid no longer is paranoia has outlived its usefulness when everybody is out to get us Take the phrase no problem I can use it although it is the very opposite of my two word world view Nothing works Whatever latitude beauty may have in the eye of the beholder funny is not readily apparent to all and who knows they may be right More importantly they may be bigger Includes a music CD by Michael Feldman and John Sieger **Steelworkers Arbitration Awards** John W.
