

Soviet History In The Yeltsin Era

Robert William Davies

Soviet History In The Yeltsin Era:

Soviet History in the Yeltsin Era R. W. Davies, 1997-06-12 Russian rethinking of the past has immense political significance The author of the acclaimed *Soviet History in the Gorbachev Revolution* now examines the impact of the collapse of Communism and of the subsequent disillusionment with capitalism on Soviet history The uses of history after the 1991 coup and in the 1995 and 1996 elections are considered in detail Part two evaluates the unfinished revolution which has partly opened the archives while part three offers reflections on the future of the Soviet past *Soviet History in the Yeltsin Era* Robert William Davies, 1997 This book examines Russian rethinking about the past during the collapse of Communism and the first years of post Communism *Post-Soviet Russia* Roy Aleksandrovich Medvedev, 2000 From the drastic liberalization of prices and shock therapy to the privatization of state owned property and Yeltsin's resignation and replacement by Vladimir Putin this is a saga of good intentions philosophical warfare and catastrophic miscalculations **BOOK JACKET** Writing History in the Soviet Union Arup Banerji, 2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed *Writing History in the Soviet Union Making the Past Work* is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka Historical Narratives in the Soviet Union and Post-Soviet Russia T. Sherlock, 2007-04-16 Establishing a causal link between historical discourse and political change this important book describes the role of historical discourse in establishing maintaining or destroying elite and mass political identities in Soviet and post Soviet space **Post-Soviet Russia** Roy Aleksandrovich Medvedev, 2000

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007 The aim of this book is to

explore some of the main preoccupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introduced

Soviet Economic Development from Lenin to Khrushchev Robert William Davies, 1998-03-28 This book provides a comprehensive survey of Soviet economic development from 1917 to 1965 in the context of the pre revolutionary economy In these years the Soviet Union negotiated the first stages of modern industrialisation and then after the defeat of Nazi Germany and its allies emerged as one of the two world superpowers This was also the first attempt to construct a planned socialist order These developments resulted in great economic achievements at great human cost Using the results of recent Russian and Western research Professor Davies discusses the inherent faults and strengths of the system and pays particular attention to the major controversies Was the Russian Revolution doomed to failure from the outset Could the mixed economy of the 1920s have led to a democratic socialist economy What was the influence of Soviet economic development on the rest of the world [The Years of Hunger: Soviet Agriculture, 1931-1933](#) R. Davies, S. Wheatcroft, 2016-01-13 This book examines the Soviet agricultural crisis of 1931-1933 which culminated in the major famine of 1933 It is the first volume in English to make extensive use of Russian and Ukrainian central and local archives to assess the extent and causes of the famine It reaches new conclusions on how far the famine was organized or artificial and compares it with other Russian and Soviet famines and with major twentieth century famines elsewhere Against this background it discusses the emergence of collective farming as an economic and social system

Soviet-American Relations, 1953-1960 Victor Rosenberg, 2005-06-22 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower's presidency but things changed after Stalin died only 44 days later Stalin's successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index

Historical Justice in International Perspective Manfred Berg, Bernd Schaefer, Bernd Schäfer, 2009 This book makes a valuable contribution to debates on redress for historical injustices by offering case studies from nine countries on five

continents The contributors examine the problems of material restitution criminal justice apologies recognition memory and reconciliation in national contexts as well as from a comparative perspective Among the topics discussed are the claims for reparations for slavery in the United States West German restitution for the Holocaust the South African Truth and Reconciliation Commission the efforts to prosecute the perpetrators of the Khmer Rouge s mass murders in Cambodia and the struggles of the indigenous people of Australia and New Zealand The book highlights the diversity of the ways societies have tried to right past wrongs as the demand for historical justice has become universal

Historical Memory of Central and East European Communism Agnieszka Mrozik,Stanislav Holubec,2018-03-19 Every political movement creates its own historical memory The communist movement though originally oriented towards the future was no exception The theory of human history constitutes a substantial part of Karl Marx s and Friedrich Engels s writings and the movement inspired by them very soon developed its own strong historical identity combining the Marxist theory of history with the movement s victorious milestones such as the October Revolution and later the Great Patriotic War which served as communist legitimization myths throughout almost the entire twentieth century During the Stalinist period however the movement s history became strongly reinterpreted to suit Joseph Stalin s political goals After 1956 this reinterpretation lost most of its legitimating power and instead began to be a burden The unwanted memory of Stalinism and subsequent examples of violence the Gulag Katy the 1956 Budapest uprising and the 1968 Prague Spring contributed to the crisis of Eastern European state socialism in the late 1980s and led to attempts at reformulating or even rejecting communist self identity This book s first section analyzes the post 1989 memory of communism and state socialism and the self identity of the Eastern and Western European left The second section examines the state socialist and post socialist memorial landscapes in the former German Democratic Republic Czechoslovakia Czech Republic Poland Lithuania Ukraine and Russia The final section concentrates on the narratives the movement established when in power about its own past with the examples of the Soviet Union Poland Romania and Czechoslovakia

Chronicles in Stone Victoria Donovan,2019-11-15 *Chronicles in Stone* is a study of the powerful and pervasive myth of the Russian Northwest its role in forming Soviet and Russian identities and its impact on local communities Combining detailed archival research participant observation and oral history work it explores the transformation of three northwestern Russian towns from provincial backwaters into the symbolic homelands of the Soviet and Russian nations The book s central argument is that the Soviet state exploited the cultural heritage of the Northwest to craft patriotic narratives of the people s genius heroism and strength that could bind the nation together after 1945 Through sustained engagement with local voices it reveals the ways these narratives were internalized revised and resisted by the communities living in the region Donovan provides an alternative lens through which to view the rise of Russian patriotic consciousness in the twentieth and twenty first centuries adding a valuable regional dimension to our knowledge of Russian nation building and identity politics

Writing History in Twentieth-Century Russia A.

Litvin,2001-10-10 In this fascinating book Alter Litvin tells us what life was really like for professional Soviet historians from Lenin to Gorbachev and assesses the efforts made since 1991 to create a more truthful picture of the turbulent Russian past Passionate yet fair minded this is the first account of the subject to appear in English Designed primarily for the general reader it contains much fresh material of specialist interest and an ample up to date bibliography A Ransomed Dissident

Igor Golomstock,2018-10-25 In 1939 a ten year old Igor Golomstock accompanied his mother a medical doctor to the vast network of labour camps in the Russian Far East While she tended patients he was minded by assorted trusty prisoners hardened criminals and returned to Moscow an almost feral adolescent fluent in obscene prison jargon but intellectually ignorant Despite this dubious start he became a leading art historian and co author with his close friend Andrey Sinyavsky of the first deeply controversial monograph on Picasso published in the Soviet Union His writings on his 43 years in the Soviet Union offer a rare insight into life as a quietly subversive art historian and the post Stalin dissident community In vivid prose Golomstock shows the difficulties of publishing curating and talking about Western art in Soviet Russia and with self deprecating humour the absurd tragicomedy of life for the Moscow intelligentsia during Khrushchev s thaw and Brezhnev s stagnation He also offers a unique personal perspective on the 1966 trial of Sinyavsky and Yuri Daniel widely considered the end of Khrushchev s liberalism and the spark that ignited the Soviet dissident movement In 1972 he was given permission to leave the Soviet Union but only after paying a ransom of more than 25 years salary nominally intended to reimburse the state for his education A remarkable collection of artists scholars and intellectuals in Russia and the West including Roland Penrose came together to help him pay this astronomical sum His memoirs of life once in the UK offer an insider s view of the BBC Russian Service and a penetrating analysis of the notorious feud between Sinyavsky and Aleksandr Solzhenitsyn Nominated for the Russian Booker Prize on its publication in Russian in 2014 The Ransomed Dissident opens a window onto the life of a remarkable man a dissident of uncompromising moral integrity and with an outstanding gift for friendship

Historical Archives and the Historians' Commission to Investigate the Armenian Events of 1915 Yücel

Güçlü,2015-08-07 Historical Archives and the Historians Commission to Investigate the Armenian Events of 1915 demonstrates the vital importance of Ottoman and other relevant archives in Turkey for the study of the Armenian question Historians assisted by newly discovered or recently published materials must continually reassess events of the past in order to achieve a rounder view The Armenian events of 1915 are certainly no exception This study encourages further engagement between the policy making and the scholarly communities by indicating the continued importance of past records and documents for today s pressing debates In order to give a fuller picture this survey also looks at some major relevant archival sources outside Turkey including the state of archives of the First Republic of Armenia and those of the Dashnak Party Yücel Güçlü s inquiry sheds light on some of the British records relating to the First World War and its immediate aftermath looked at the National Archives in Kew London and he examines the special relevance of repositories in Moscow

and St Petersburg in understanding the Turkish Armenian conflict G l assesses Turkey s proposal to establish an international historians commission to investigate the Armenian events of 1915 and reviews in depth the meanings and implications of the protocols of cooperation signed between Turkey and Armenia on 10 October 2009 By turning a modern eye on historical events this study gives great and necessary attention to discovering the precise chronology meaning and development of the continuing negotiations between Turkey and Armenia

The Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930 R. W. Davies, 1989-05-05 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev s revolution While complementing the previous two volumes of this author s work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system

The Russian Peasantry 1600-1930 David Moon, 2014-07-16 This impressive work set to become the standard history on the subject offers a definitive survey of peasant society in Russia from the consolidation of serfdom and tsarist autocracy in the 17th century through to the destruction of the peasant s traditional world under Stalin Over three quarters of Russian society were peasants in these years and David Moon explores all aspects of their life xxx including the rural economy peasant households village communities xxx and their political role including protest against the landowning elites In the process he presents a fresh perspective on the history of Russia itself A big book in every way xxx and compellingly readable

Stalin's Terror Revisited M. Ilic, 2006-03-28 In this ground breaking collection a team of leading experts offer a detailed examination of under researched aspects of Soviet political repression in the 1930s Drawing on archival documents and materials that have received little attention in Western historiography much of the information detailed here is in English for the first time

Zero Point Ukraine Olena Stiazhkina, 2021-03-30 In her Four Essays on World War II Olena Stiazhkina inscribes the Ukrainian history of World War II into a wider European and world context Among other aspects she analyzes the mobilization measures on the eve of the war and reconsiders Soviet narratives on them Scrutinizing social and political processes initiated by the Bolshevik leadership in the 1920s and 1930s she outlines how mobilization and militarization became integral parts of Soviet politics Today the Kremlin uses Soviet and post Soviet Russian narratives of World War II to justify its aggressive policies towards a number of democratic countries Russia is engaged in falsification of the past to underpin claims of a so called Russian World and its ongoing war against Ukraine Against this background Stiazhkina offers a new understanding of what happened in Ukraine before during and after World War II

Soviet History In The Yeltsin Era Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change.
