Soviet Union Party And Society:

The Soviet Union: Party and Society International Committee for Soviet and East European Studies, American Association for the Advancement of Slavic Studies, 1988-08-26 This 1988 collection provides a comprehensive survey of Soviet political and economic problems

Politics and Society in the USSR David Lane, 1971 Party, State, and Citizen in the Soviet Union Mervyn Matthews, 1989 The command system has long pervaded nearly every area of Soviet life This volume documents the prescriptions and proscriptions that have governed everyday life in the Soviet Union policies that are currently undergoing reexamination and revision Among the topics covered are voting and party organ

Soviet Law and Soviet Society George C. Guins, 2012-12-06 Soviet power rests on two main supports the complete economic dependence of the citizens upon the state and the unlimited political control of the government over the economic social and even cultural life History knows various kinds of despotisms dictatorships and regimentations of economic activity but the U S S R represents a unique kind of dictatorship based on the one party system and integral planning with the specific goal of realization of communism Mankind had never before known such a system Even the best of possible comparisons the analogy with the period of Ptolemies in Egypt is good only in so far as it concerns the regimentation of all kind of economic activity There was in the past no ideology pretending to be adjusted to the needs of the toiling masses no planning system on the same scale and no Communist party apparatus As concerns the modern world the comparative method is necessary for giving the most graphical characterization of the differences between the Western democracies with their ethical traditions rule of law and the principle of the inviolability of individual rights and on the other hand the Soviet monolithic state with its unscrupulous policy extremities of regimentations and drastic penalties

The Soviet Military And The Communist Party Roman Kolkowicz, 2019-07-11 This book investigates the relationship between the Communist Party and the military establishment in the Soviet Union It indicates that there are several factors influencing the dynamics of that relationship and thus the respective roles of the protagonists

Power and Politics in the Soviet Union Leo Cooper, 1992-06-18 Analyzes the nature of power in the USSR and its evolution since the Bolshevik Revolution The main thrust of this work however is in tracing the fragmentation of power since Gorbachev introduced his reforms and examining the changes in the power structure as a result of perestroika

The Rules of the Communist Party of the Soviet Union Graeme J. Gill, 1988 Complete texts of all the editions of the CPSU party statutes plus amendments from the party's foundation in 1898 through the Twenty seventh Party Congress in 1986

Understanding Soviet Society Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society

from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System *Soviet Life* ,1971 **Resolutions and Decisions of the Communist Party of the Soviet Union Volume 4** GREY HODNETT,1974-12-15 This set of four volumes is an indispensable reference work for the study of modern Russia in general and Soviet Communism in particular Ever since its foundation on the eve of the twentieth century the organization now called the Communist Party of the Soviet Union has been embodying its major policies in documents called resolutions and decisions These form a much more continuous and extensive record of the evolution of Soviet Communism than the writings of any single leader and the standard Soviet anthology of these materials has gone through eight editions over a fifty year period Yet most of this essential material has been available only in Russian and even in that language the standard editions have been marred by selectivity and editorial comment that is often politically motivated At last students of modern Russian studies have access to a multi volume work that not only presents the most important Communist Party resolutions and decisions in English but also amplifies the standard Soviet anthology in important respects and provides editorial explanation that is independent of Kremlin politics The rich store of materials in these four volumes ranges from the formation of the party to the fall of Khrushchev and it deals with a wide range of issues The clearly organized volumes each contain a major introductory essay as well as shorter background essays on each party congress conference or Central Committee plenum The documents approved by these meetings are often fundamental in importance but the centralist operation of the party in power has been such that many of the most vital decisions have been issued in the name of the Central Committee when there was no meeting of that body at all It is one of the signal achievements of these volumes that the selection of materials included was based on a list of all known party decisions whether or not they have been included in the main Soviet reference work The four volumes in this series are edited as an integral set Each contains a subject index in which Russian abbreviations and acronymic names are translated Tables summarizing the personnel of the main party executive bodies since 1917 are also provided At the same time each of the volumes is built around a coherent period in the development of Russian Communism and each reflects the special features of its time Volume 4 covers the rise and fall of Khrushchev Once again factional activity surfaced in the party as is manifest in the materials translated here Khrushchev's diverse campaigns emerge not only in party congress documents but also in a variety of major decisions that have not been translated into English previously and are too little known The muted nature of the anti Stalin campaign as it appeared in party resolutions is particularly important to study in view of its contrast with the Khrushchev speeches which have been given much fuller dissemination *USSR* .,1963 **History of the Communist Party of the Soviet Union (Short Course)** J.V. Stalin,2016-03-03 We may take it as the rule Comrade Stalin says that as long as the Bolsheviks maintain connection with the broad masses of the people they will be invincible And on the contrary as soon as the Bolsheviks sever themselves from the masses and lose their connection with them as soon as they become

covered with bureaucratic rust they will lose all their strength and become a mere cipher *The Participation of the Soviet Union in Universal International Organizations* C.O. Osakwe,2024-09-02 The Separation of the Party and the State Vinayank N. Srivastava,2019-05-29 First published in 1999 this volume is the first full length study of one of the most important political institutions of the erstwhile Soviet political system the Central Committee of the Communist Party of the Soviet Union CPSU The originality of this work lies in its main argument that the central reform during Perestroika was that of the Party and the State a reform which ultimately resulted in the CPSU and its institutions the Central Committee being one of the most vital among them firstly surrendering the monopoly over political power and control over the instrumentalities of the State and secondly systematically de institutionalising and dismantling the formidable Soviet political system The seeds of transformation and the shape of politico economic and socio cultural systems that emerged in successor States were laid down during the Soviet era in particular during Perestroika itself The continuity is therefore as striking as the change if not more so *Bulletin* United States. Office of Education,1964 *Statistics of Land-grant Colleges and Universities* United States. Office of Education,1963 **Contemporary Soviet Government** L.G. Churchward,2024-04-12 Contemporary Soviet Government 1975 is a leading study of the practice of Soviet government examined against a background of Soviet Marxism It presents an analysis of the Soviet political system since the death of Stalin and places considerable emphasis on the role of state as distinct from Party organisations as the author contends that these are more important than commonly realised in the West **Foreign Social Science Bibliographies** United States. Bureau of the Census,1965 **Bibliography of Social Science Periodicals and Monograph Series** United States. Bureau of the Census,1961 Foreign Social Science Bibliographies ,1965
