regions of the world *Soviet Politics of Emancipation of Ethnic Minority Woman* Yulia Gradszkova, 2018-09-04 This book provides a new perspective through a closer look on Other i.e. ethnic minority women defined by the Soviet documents as natsionalka. Applying decolonial theory and critical race and whiteness studies, the book analyzes archive documents, early Soviet films and mass publications in order to explore how the emancipation and culturalization of women of culturally backward nations was practiced and presented for the mass Soviet audience. Whilst the special focus of the book lies in the region between the Volga and the Urals and Muslim women of the Central Eurasia, the Soviet emancipation practices are presented in the broader context of gendered politics of modernization in the beginning of the 20th century. The analysis of the Soviet documents of the 1920s-1930s not only subverts the Soviet story on generous help with emancipation of natsionalka through uncovering its imperial colonial aspects but also makes an important contribution to the studies of imperial domination and colonial politics. This book is addressed to all interested in Russian and Eurasian studies and in decolonial approach to gender history.

Sex and Russian Society Igor' Semenovitch Kon, James Riordan, 1993 The seven essays in *Sex and Russian Society* by Russians and Western scholars graphically describe the consequences of decades of sexual neglect, illiteracy and repression. *Sex and Russian Society* reveals that beneath the repressive model of official morality an evolution in sexual mores was taking place, particularly among the young. The book's most alarming though not unexpected message is that homosexuals and women are bearing the brunt of a disintegrating health care system and repressive sexual attitudes and stereotypes.

Katrina vanden Heuvel *The Nation* Here is the first serious study of the main aspects of sexuality in Russian society today with contributors from both inside and outside the former Soviet Union. From the 1930s sex was kept out of the public eye in the former USSR. Low contraceptive use, high abortion rates, intolerance toward homosexuals and inadequate measures to combat AIDS are some of the consequences of the long neglect and repression of sexual culture.
