Germino, K. van Beijme, 2012-12-06 From June 28 until July 4 1972 a group of scholars all of them academics committed to the critical study of man and society which may be called political theory met at The Rockefeller Foundation s Villa Serbelloni in Bellagio Italy to present papers on and discuss the subject of The Open Society These papers as revised are published here most of them for the first time They reflect no consensus of view nor were they intended to do so That such a consensus did not

emerge from the conference is not in our judgment a cause for regret it may rather be regarded as a manifestation of a healthy and desirable plurality of approaches which itself indirectly tells us something important about the nature of the open society All the papers deal in different contexts and from a variety of philosophical and theoretical perspectives with the interrelated themes of openness and the open society Some of the panelists are skeptical of the capacity of modern industrial or post industrial society with its heavy emphasis upon technological rationality to foster authentic openness under currently prevailing assumptions about man and nature

integrity with burgeoning political ambitions and fringe with mainstream By the late 1990s however the media landscape had succumbed to economic and political exploitation The causes and nature of this shift which set the stage for Putin s crackdown on independent media after 2000 as well as Russia s slide into aggressive authoritarianism are embedded in the era s media artifacts Written by an interdisciplinary group of experts this edited collection addresses the mutual influence among disparate spheres of public life that enabled the media Wild West of the first post Soviet decade As a joint platform the volume and the associated Multimedia Sourcebook of the Russian 1990s present the decade s media cultures in a manner that reflects their historical interconnectedness and relationship to the global present Edited by Maya Vinokour with contributions from Bradley Gorski Courtney Doucette Fabrizio Fenghi Rita Safariants Daniil Leiderman Thomas Keenan and Pavel Khazanov

**The New Jewish Diaspora** Zvi Gitelman, 2016-07-27 In 1900 over five million Jews lived in the Russian empire today there are four times as many Russian speaking Jews residing outside the former Soviet Union than there are in that region The New Jewish Diaspora is the first English language study of the Russian speaking Jewish diaspora This migration has made deep marks on the social cultural and political terrain of many countries in particular the United States Israel and Germany The contributors examine the varied ways these immigrants have adapted to new environments while identifying the common cultural bonds that continue to unite them Assembling an international array of experts on the Soviet and post Soviet Jewish diaspora the book makes room for a wide range of scholarly approaches allowing readers to appreciate the significance of this migration from many different angles Some chapters offer data driven analyses that seek to quantify the impact Russian speaking Jewish populations are making in their adoptive countries and their adaptations there Others take a more ethnographic approach using interviews and observations to determine how these immigrants integrate their old traditions and affiliations into their new identities Further chapters examine how despite the oceans separating them members of this

diaspora form imagined communities within cyberspace and through literature enabling them to keep their shared culture alive Above all the scholars in The New Jewish Diaspora place the migration of Russian speaking Jews in its historical and social contexts showing where it fits within the larger historic saga of the Jewish diaspora exploring its dynamic engagement with the contemporary world and pointing to future paths these immigrants and their descendants might follow
