The Jews of the Soviet Union

Benjamin Pinkus,1988 This is a comprehensive and topical history of the Jews in the Soviet Union and is based on firsthand documentary evidence and the application of a pioneering research method into the fate of national minorities Within a four part chronological framework Professor Pinkus examines not only the legal political status of the Jews and their reciprocal relationship with the Soviet majority but also the impact of internal economic demographic and social processes upon the religious educational and cultural life of Soviet Jewry A second layer of analysis describes in depth the complex linkages between the Jews of the Soviet Union the Jews in other diasporas and the state of Israel itself The Jews of the Soviet Union marks a major contribution to the historiography and social analysis of its subject and provides a worthy companion to Professor Pinkus s acclaimed documentary study *The Soviet Union and the Jews 1948 1967*

Heavens Not Darken? Arno Mayer, 2024-12-10 Was the extermination of the Jews part of the Nazi plan from the very start Arno Mayer offers a startling and compelling answer to this question which is much debated among historians today In doing so he provides one of the most thorough and convincing explanations of how the genocide came about in *Why Did the Heavens Not Darken* which provoked widespread interest and controversy when first published Mayer demonstrates that while the Nazis' anti-Semitism was always virulent it did not become genocidal until well into the Second World War when the failure of their massive all or nothing campaign against Russia triggered the Final Solution He details the steps leading up to this enormity showing how the institutional and ideological frameworks that made it possible evolved and how both related to the debacle in the Eastern theater In this way the Judeocide is placed within the larger context of European history showing how similar holy causes in the past have triggered analogous if far less cataclysmic infamies **Latvia in World War II**

Valdis O. Lumans, 2006 Valdis Lumans provides an authoritative balanced and comprehensive account of one of the most complex and conflicted arenas of the Second World War Struggling against both Germany and the Soviet Union Latvia emerged as an independent nation state after the First World War In 1940 the Soviets occupied neutral Latvia deporting or executing more than 30 000 Latvians before the Nazis invaded in 1941 and installed a puppet regime The Red Army expelled the Germans in 1944 and reincorporated Latvia as a Soviet Republic By the end of the war an estimated 180 000 Latvians fled to the West The Soviets would deport at least another 100 000 Drawing on a wide range of sources many brought together here for the first time Lumans synthesizes political military social economic diplomatic and cultural history He moves carefully through traditional sources many of them partisan to scholarship emerging since the end of the Cold War to confront such issues as political loyalties military collaboration resistance capitulation the Soviet occupation anti-Semitism and the Latvian role in the Holocaust **A History of Israel: From the rise of Zionism to our time** Howard Morley
