International Sunday School Evangel ,1906 *Youth's Companion* ,1920 *The Congregationalist* ,1928 **D?at de S?rac** RobertF. Waters,2017-07-05 D at de S rac 1872 1921 is best known for his piano music but his compositions included orchestral and vocal works including opera cantata and incidental music Claude Debussy described S rac s music as exquisite and rich with ideas The early works were influenced by Impressionist harmonies church modes cyclic techniques folk like melodies and Andalusian motives S rac s style changed dramatically in 1907 when he left Paris and began to include Catalan elements in his compositions a transition that has hitherto gone unrecognized Robert Waters provides a much needed study of the life and works of S rac focusing on the composer s regionalist philosophy S rac s engagement with folk music was not a patriotic gesture in the vein of nationalistic composers but a way of expressing regional identity within France to counter the restrictive styles sanctioned by the Paris Conservatory His musical philosophy mirrored larger social and political debates regarding anti centralist positions on education politics art and culture in fin de si e France Such debates involved political and social leaders whom S rac knew and personally admired including the writer Maurice Barr and the poet Fr ric Mistral The book will appeal to those specializing in French music European ethnic musics piano music and French music history *Live the Light* Larry Davies,2007-03 **The Musical Gift** Jim Sykes,2018-08-31 The Musical Gift tells Sri Lanka s music history as a story of giving between humans and nonhumans and between populations defined by difference Author Jim Sykes argues that in the recent past the genres we recognize today as Sri Lanka s esteemed traditional musics were not originally about ethnic or religious identity but were gifts to gods and people intended to foster protection and or healing Noting that the currently assumed link between music and identity helped produce the narratives of ethnic difference that drove Sri Lanka s civil war 1983 2009 Sykes argues that the promotion of connected music histories has a

role to play in post war reconciliation The Musical Gift includes a study of how NGOs used music to promote reconciliation in Sri Lanka and it contains a theorization of the relations between musical gifts and commodities Eschewing a binary between the gift and identity Sykes claims the world s music history is largely a story of entanglement between both paradigms Drawing on fieldwork conducted widely across Sri Lanka over a span of eleven years including the first study of Sinhala Buddhist drumming in English and the first ethnography of music making in the former warzones of the north and east this book brings anthropology s canonic literature on the gift into music studies while drawing on anthropology s recent ontological turn and the new materialism in religious studies
