Sox must know and do in their lifetime this book covers the team's long history all the way through the 2013 season. Most White Sox fans have taken in a game or two at U.S. Cellular Field, have seen highlights of a young Frank Thomas and remember the team's 2005 World Series championship. But only real fans remember which player once took his pants off after sliding into first base, can name the opposing outfielder who was showered with beer during the 1959 World Series or remember who hit the most home runs onto the roof of old Comiskey Park. This is the ultimate resource guide for true fans of Chicago's South Side team, whether a die-hard booster from the days of Billy Pierce or a new supporter of Paul Konerko and Chris Sale.

Frantic Frank Lane Bob Vanderberg, 2013-02-14 The book follows the colorful career of Frank Lane, who as baseball's busiest general manager during the 1950s made the deals that turned the Chicago White Sox, St. Louis Cardinals and Cleveland Indians from losers into pennant contenders almost overnight. He also worked or tried to as general manager of the Kansas City A's. Lane lasted eight months in 1961 under first-year owner Charlie Finley and for the Milwaukee Brewers where his boss was Bud Selig. He is best known for having traded 1959 American League home run champion Rocky Colavito to Detroit for the AL's 1959 batting champ Harvey Kuenn and for trading Indians manager Joe Gordon to Detroit for Tigers manager Jimmy Dykes. During his brief absence from baseball, 1962-1964, he signed on as general manager of the National Basketball Association's second-year expansion team, the Chicago Zephyrs. He became a superscout for the Baltimore Orioles for several years and after leaving Milwaukee had the same job with the Texas Rangers and finally the California Angels. He completed well over 500 major and minor league transactions in his career. Joe Garagiola put it best: They used to say that the toughest job on any club, Frank Lane was running, belonged to the guy who had to take the team picture.

The 1967 American League Pennant Race Cameron Bright, 2018-05-25 In 1967, in the midst of a nail-biting six-week pennant race, the Red Sox, Tigers, Twins and White Sox stood deadlocked atop the American League. Never before or since have four teams tied for the lead in baseball's final month. The stakes were high; there were no playoffs; the pennant winner went directly to the World Series. Here for the first time, all four teams are treated as equals. The author describes their contrasting skill sets, leadership and temperament. The stress of such stiff and sustained competition was constant, and there were overt psychological and physical intimidations playing a major role throughout the season. The standings were volatile, and so were emotions. The players and managers varied: some wilted or broke, others responded heroically.

**Sixty-One in '61** Robert M. Gorman, 2019-11-08 Much has been written about Roger Maris and the historic summer of 1961 when he broke Babe Ruth's single-season home run record, yet little is known about the pitchers on the other side of the tale. One of the many knocks against Maris was that he faced inferior pitching in an American League watered down by expansion from eight to 10 teams. But was that really the case? Did Maris face has-beens and never-weres while Ruth confronted the cream of AL pitching? Who were these starters and relievers, and how good were they? Drawing on first-hand accounts, interviews and a range of contemporary sources, this study covers each of Maris' 63 home runs that season, including the lost one and his game-winning

World Series dinger Biographies of each of his 48 victims cover the pitcher's career pitching style and the circumstances of the game Maris faced some really fine pitching that summer despite what many contended then and now

**The Integration of Major League Baseball** Rick Swaine, 2009-06-08 This book is a record of the men and events team by team during Major League Baseball's integration. It focuses especially on the owners, executives and managers who were the heroes, villains or spectators of integration and it sheds new light on the unheralded champions of integration and on those whose culpability has so far been overlooked. Individual chapters cover each of baseball's integration era teams and a final chapter covers expansion teams of the 1960s. Each team's responsible individuals are examined, its acquisition, deployment and treatment of black players documented and the effect of its integration actions on team performance analyzed. Appendices provide populations of integration era Major League cities, first black players by team, first black players in various minor leagues, rosters of black players by team, a timeline of black player milestones and a list of black All Star selections through 1969.

**Comiskey Park's Last World Series** Charles N. Billington, 2019-07-03 Charter members of the American League and the country's last neighborhood pro baseball franchise, the White Sox are one of the few teams of the power hitting focused modern era to win a pennant with speed pitching and defense. Covering the 1959 White Sox from a range of perspectives, the author examines the club's historical importance to Chicago and the significance of the 59 South Side Series, the first in 40 years. Many behind-the-scenes details are discussed from the refined media markets of Golden Age baseball to the team's ancillary sources of revenue to the bitter legal feud between Charles Comiskey and Bill Veeck.

*Justice Batted Last* Don Zminda, 2025-03-11 On May 1, 1951, Orestes Minnie Miñoso took the field for the Chicago White Sox and broke the color line for Chicago major league baseball. Ernie Banks integrated the Chicago Cubs two years later. The future Hall of Famers began their Chicago baseball careers against the backdrop of a 1951 race riot in suburban Cicero where a white mob abetted by local police attacked a building that had rented to Black tenants. Don Zminda's account looks at these interconnected events alongside the little known chronicle of Chicago's slow track to integrating major league baseball. By the early 1950s, the Cubs and White Sox organizations had become rich in Black and Afro-Latino stars and talented prospects. Unlike Miñoso and Banks, however, most of these minor leaguers never advanced to the majors or if they did it was for little more than a cup of coffee. Zminda also profiles these players from Charles Pope, the Cubs' first Black signee, to larger than life fireballer Blood Burn. Essential and dramatic, *Justice Batted Last* uses the lives and careers of two Chicago legends to tell a story of integration on and off the diamond.

*A Biographical Dictionary of Major League Baseball Managers* John C. Skipper, 2015-06-08 Earl Weaver put his best defensive players on the field early in the game rather than make late-inning defensive replacements and he didn't like to bunt, figuring if you played for only one run that's all you'd get. Whitey Herzog, by contrast, became one of the greats by using players who could bunt and by playing for one run over and over again. Full coverage of them and 600 other major league managers over a 125-year period can be found in this work. The
