*Investigations in Medieval Stained Glass*, 2019-06-07 With many excellent books on medieval stained glass available the reader of this anthology may well ask what is the contribution of this collection In this book we have chosen to step away from national chronological and regional models Instead we started with scholars doing interesting work in stained glass and called upon colleagues to contribute studies that represent the diversity of approaches to the medium as well as up to date bibliographies for work in the field Contributors are Wojciech Balus Karine Boulanger Sarah Brown Elizabeth Carson Pastan Madeline H Caviness Michael W Cothren Francesca Dell Acqua Uwe Gast Fran oise Gatouillat Anne Granboulan Anne F Harris Christine Hediger Michel H rold Timothy B Husband Alyce A Jordan Herbert L Kessler David King Brigitte Kurmann Schwarz Claudine Lautier Ashley J Laverock Meredith P Lillich Isabelle Pallot Frossard Hartmut Scholz Mary B Shepard Ellen M Shortell Nancy M Thompson [Complete Catalog of Books in All Fields](#) Dover Publications, Inc, 1997 *Radiance and Symbolism in Modern Stained Glass* Liana De Girolami Cheney, 2016-02-08 This book focuses on the aesthetic symbolic and cultural concepts of radiance and beauty in stained glass in modern art global exchanges between stained glass artists in Europe and the Americas and the transformation of stained glass from religious decoration to secular material culture Unique features of the book include its geographic breadth encompassing England France Italy USA and Mexico and its inclusion of American female glassmakers Essays consider how stained glass became an art form during this time and show how the narrative for the figurative design drew from the Bible mythology history literature and the symbolism of the time including popular culture such as ecology and materiality Written for students and the general public interested in the humanities literature history art history and new media and popular culture this book examines the visual beauty and symbolism of stained glass windows in Europe and American cultures during the late nineteenth and early twentieth centuries the modern era **The Church Explorer's Handbook** Clive Fewins, 2005 A fully illustrated pocket guide to UK churches and their contents **Art Teaching** George Szekely, Julie Alsip Bucknam, 2013-06-17 Art Teaching speaks to a new generation of art teachers in a changing society and fresh art world Comprehensive and up to date it presents fundamental theories principles creative approaches and resources for art teaching in elementary through middle school Key sections focus on how children make art why they make art the unique qualities of children's art and how artistic development can be encouraged in school and at home Important aspects of curriculum development integration evaluation art room

management and professional development are covered A wide range of art media with sample art activities is included Taking the reader to the heart of the classroom this practical guide describes the realities challenges and joys of teaching art discusses the art room as a zone for creativity and illustrates how to navigate in a school setting in order to create rich art experiences for students Many textbooks provide information this book also provides inspiration Future and practicing teachers are challenged to think about every aspect of art teaching and to begin formulating independent views and opinions

**The Color of Modernism** Deborah Ascher Barnstone, 2021-12-30 One of the most enduring and pervasive myths about modernist architecture is that it was white pure white walls both inside and out Yet nothing could be further from the truth The Color of Modernism explodes this myth of whiteness by offering a riot of color in modern architectural treatises polemics and buildings Focusing on Germany in the early 20th century one of modernism s most foundational and influential periods it examines the different scientific and artistic color theories which were advanced by members of the German avant garde from Bruno Taut to Walter Gropius to Hans Scharoun German color theory went on to have a profound influence on the modern movement and Germany serves as the key case study for an international phenomenon which encompassed modern architects worldwide from le Corbusier and Alvar Aalto to Berthold Lubetkin and Lina Bo Bardi Supported by accessible introductions to the development of color theory in philosophy science and the arts the book uses the German case to explore the new ways in which color was used in architecture and urban design turning attention to an important yet overlooked aspect of the period Much more than a mere correction to the historical record the book leads the reader on an adventure into the color filled worlds of psychology the paranormal theories of sensory perception and pleasure showing how each in turn influenced the modern movement The Color of Modernism will fundamentally change the way the early modernist period is seen and discussed
