Android Planet John Rankine, 1976 *Exploring Space: 1999* John Kenneth Muir, 2015-09-15 Starring internationally renowned actors Martin Landau Barbara Bain Barry Morse and Catherine Schell the British made Space 1999 was the only truly original space adventure of the mid 1970s Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen Space 1999 featured a richly visualized world where space was terrifying and mysterious where not all problems were solvable by technology and the space travelers were very human From the science fiction show s conception in 1973 to its cancellation in 1977 this reference work covers each of the 48 episodes in depth including a full plot synopsis writer director guest star credits and critical commentary that examines both the episode and other shows that have used similar plotlines The popularity of Space 1999 memorabilia and its many fan clubs are fully discussed along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show s abrupt cancellation

Space 1999 and Science Fiction Prototyping Petter Ogland, 2018-06-25 With the first online discussions of SPACE 1999 starting in January 1993 this book celebrates the 25th anniversary of Online Alpha It is edited and told from the perspective of trying to present different types of discussions over the years by focusing on humour insight surprise and shared community There is also a focus on how the discussions have changed and how they continue to change The book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com

Space 1999 and Critical Theory John K. Balor, 2017-11-11 The television series SPACE 1999 was in its first series shaped by the late sixties and early seventies counterculture movements making SPACE 1999 into an example of how certain SF scholars see a natural alignment between science fiction and critical theory However due to changes in the political climate SPACE 1999 went through an ideological reversal in its second series As a result the schizophrenic nature of the series has ever since caused debate This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com
