Jenkins,2013-08-15 In this book Jennifer Jenkins one of the leading proponents of English as a Lingua Franca explores current academic English language policy in higher education around the world Universities around the world are increasingly presenting themselves as international but their English language policies do not necessarily reflect this even as the diversity of their student bodies grows While there have been a number of attempts to explore the implications of this diversity from a cultural perspective little has been said from the linguistic point of view and in particular about the implications for what kind s of English are appropriate for English lingua franca communication in international higher education Throughout the book Jenkins considers the policies of English language universities in terms of the language attitudes and ideologies of university management and staff globally and of international students in a UK setting The book concludes by considering the implications for current policies and practices and what is needed in order for universities to bring themselves in line linguistically with the international status they claim English as a Lingua Franca in the International University is an essential read for researchers and postgraduate students working in the areas of Global Englishes English as a Lingua Franca and English for Academic Purposes      Confronting Our Canons Joan Lipman Brown,2010 The contents of this book cover what a Canon is and why it matters the Canon backstory modern Canons factors that make a work Canonical the literary Canon and much more      *Catalog of Copyright Entries. *Education* James P. Lantolf,Matthew E. Poehner,2014-03-05 Explicating clearly and concisely the full implication of a praxis oriented language pedagogy this book argues for an approach to language teaching grounded in a significant scientific theory of human learning a stance that rejects the consumer approach to theory and the dichotomy between theory and practice that dominates SLA and language teaching This approach is based on Vygotsky s sociocultural theory according to which the two activities are inherently connected so that each is necessarily rooted in the other practice is the research laboratory where the theory is tested From the perspective of language education this is what is meant by the pedagogical imperative Sociocultural Theory and the Pedagogical Imperative in L2 Education Elaborates a new approach to dealing with the relationship between theory and practice an approach grounded in praxis the dialectical unity of theory and practice Presents an analysis of empirical research illustrating praxis based principles in real language classrooms Brings together cognitive linguistics and sociocultural theory the former provides the theoretical knowledge of language required of praxis and the latter furnishes the theoretical principles of learning and development also called for in a praxis approach Offers recommendations for redesigning teacher education programs Its timely focus on the theory practice gap in language

education and its original approach to bridging it put this book at the cutting edge of thinking about Vygotskian sociocultural theory in applied linguistics and SLA      **Forthcoming Books** Rose Arny,2003      **Beyond Ebonics** John Baugh,2000-02-10

The media frenzy surrounding the 1996 resolution by the Oakland School Board brought public attention to the term Ebonics however the idea remains a mystery to most John Baugh a well known African American linguist and education expert offers an accessible explanation of the origins of the term the linguistic reality behind the hype and the politics behind the outcry on both sides of the debate Using a non technical first person style and bringing in many of his own personal experiences Baugh debunks many commonly held notions about the way African Americans speak English and the result is a nuanced and balanced portrait of a fraught subject This volume should appeal to students and scholars in anthropology linguistics education urban studies and African American studies      **Library Journal** Melvil Dewey,Richard Rogers Bowker,L.
