Indigenous Sacraments Oriol Ambrogio Gali, 2024-12 Indigenous Sacraments provides the first study of Indigenous perceptions of the Christian sacraments at the fringes of colonial Spanish America particularly in the missions established by the Jesuits in northwestern Mexico central southern Chile and the Gran Chaco After Jesuit missionaries arrived in these regions between the end of the sixteenth and the early seventeenth centuries their sacraments came to control every rite of passage from birth to reaching adulthood to the formation of new families to death Through the administration of the sacraments missionaries intended to replace extant Indigenous habits and beliefs with Christian values The disruptions triggered by such processes raised multiple local reactions from initial curiosity and incomprehension to rejection partial acceptance and ritual imitation Locals debated the newly introduced rituals and both violently rejected them and developed their own versions becoming active participants in the sacraments diffusion Oriol Ambrogio Gali draws on a range of diverse sources to explore the changing attitudes toward the sacraments and to highlight the cultural and religious evolution of the Indigenous groups living at the fringes of Spanish America By exploring local perceptions of the Christian sacraments Ambrogio Gali shows that Indigenous peoples were far from static recipients of Christianity in the Americas

The Oxford Handbook of Latin American History Jose C. Moya, 2011 This Oxford Handbook comprehensively examines the field of Latin American history

**Colonialism and Postcolonial Development** James Mahoney, 2010-02-15 In this comparative historical analysis of Spanish America Mahoney offers a new theory of colonialism and postcolonial development He explores

why certain kinds of societies are subject to certain kinds of colonialism and why these forms of colonialism give rise to countries with differing levels of economic prosperity and social well being Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the colonized society Moreover he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period The argument is sure to stir discussion and debate both among experts on Spanish America who believe that development is not tightly bound by the colonial past and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence

**Good Faith and Truthful Ignorance** Alexandra Parma Cook, Noble David Cook, 1991 Good Faith and Truthful Ignorance uncovers from history the fascinating and strange story of Spanish explorer Francisco Noguerol de Ulloa in 1556 accompanied by his second wife Francisco returned to his home in Spain after a profitable twenty year sojourn in the new world of Peru However unlike most other rich conquistadores who returned to the land of their birth Francisco was not allowed to settle into a life of leisure Instead he was charged with

bigamy and illegal shipment of silver was arrested and imprisoned Francisco's first wife thought long dead had filed suit in Spain against her renegade husband So begins the labyrinthine legal tale and engrossing drama of an explorer and his two wives skillfully reconstructed through the expert and original archival research of Alexandra Parma Cook and Noble David Cook Drawing on the remarkable records from the trial the narrative of Francisco's adventures provides a window into daily life in sixteenth century Spain as well as the mentality and experience of conquest and settlement of the New World Told from the point of view of the conquerors Francisco's story reveals not only the lives of the middle class and minor nobility but also much about those at the lower rungs of the social order and relations between the sexes In the tradition of Carlo Ginzberg's *The Cheese and the Worms* and Natalie Zemon Davis' *The Return of Martin Guerre* Good Faith and Truthful Ignorance illuminates an historical period the world of sixteenth century Spain and Peru through the wonderful and unusual story of one man and his two wives

Bárbaros David J. Weber, 2008-10-01 Two centuries after Cortés and Pizarro seized the Aztec and Inca empires Spain's conquest of America remained unfinished Indians retained control over most of the lands in Spain's American empire Mounted on horseback savvy about European ways and often possessing firearms independent Indians continued to find new ways to resist subjugation by Spanish soldiers and conversion by Spanish missionaries In this panoramic study David J Weber explains how late eighteenth century Spanish administrators tried to fashion a more enlightened policy toward the people they called *barbaros* or savages Even Spain's most powerful monarchs failed however to enforce a consistent well reasoned policy toward Indians At one extreme powerful independent Indians forced Spaniards to seek peace acknowledge autonomous tribal governments and recognize the existence of tribal lands fulfilling the Crown's oft stated wish to use gentle

means in dealing with Indians At the other extreme the Crown abandoned its principles authorizing bloody wars on Indians when Spanish officers believed they could defeat them Power says Weber more than the power of ideas determined how Spaniards treated savages in the Age of Enlightenment Conquistador Politics, Struggles for Compensation, and the Propulsion of Conquest in Chile, 1539-1554 Daniel Watson Esterowitz Holt, 1996 **Three Plays of Maureen Hunter** Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **The Cambridge Encyclopedia of the Jesuits** Armstrong, Megan and Corkery, James , SJ, and Fleming, Alison and Worcester, Thomas SJ Prieto, Andrés Ignacio Shea, Henry , SJ,
