Spanish Politics And Imperial Trade 1700 1789

Bernard Bailyn, Patricia L. Denault

Spanish Politics And Imperial Trade 1700 1789:

Spanish Politics and Imperial Trade, 1700-1789 Geoffrey J. Walker, 2016-01-21 British Trade with Spanish America, 1763-1808 Adrian J. Pearce, 2014-03-27 In this erudite and comprehensive study Adrian Pearce offers a detailed survey of British trade with Spanish America in the latter half of the eighteenth century drawing together a variety of sources and looking at all aspects of commercial activity

Final Passages Gregory E. O'Malley, 2014-09-02 This work explores a neglected aspect of the forced migration of African laborers to the Americas Hundreds of thousands of captive Africans continued their journeys after the Middle Passage across the Atlantic Colonial merchants purchased and then transshipped many of these captives to other colonies for resale Not only did this trade increase death rates and the social and cultural isolation of Africans it also fed the expansion of British slavery and trafficking of captives to foreign empires contributing to Britain's preeminence in the transatlantic slave trade by the mid eighteenth century The pursuit of profits from exploiting enslaved people as commodities facilitated exchanges across borders loosening mercantile restrictions and expanding capitalist networks Drawing on a database of over seven thousand intercolonial slave trading voyages compiled from port records newspapers and merchant accounts O Malley identifies and quantifies the major routes of this intercolonial slave trade He argues that such voyages were a crucial component in the development of slavery in the Caribbean and North America and that trade in the unfree led to experimentation with free trade between empires

The Cambridge History of Latin America Leslie Bethell, 1984-12-06 This volume looks at the history of colonial Latin America

Soundings in Atlantic History Bernard Bailyn, Patricia L. Denault, 2009 This is a cutting edge collection of original essays on the connections and structures that made the Atlantic world a coherent regional entity

Wood, Trade, and Spanish Naval Power (c.1740-1795) Rafał B. Reichert, 2024-06-11 By focussing on timber sourcing this book sheds light on the exploitation of forests in settings outside the Iberian Peninsula including foreign states in the southern Baltic region and the colonial territory of New Spain between the c 1740 1795 Analysis of contracts projects and their implementation by the Spanish crown in the 18th century allow for a better understanding of the position of the Spanish monarchy's nearly global efforts to sustain its naval commitments in the Atlantic World

Potosí in the Global Silver Age (16th—19th Centuries), 2023-03-06 The open access publication of this book has been made possible thanks to the International Institute of Social History Amsterdam Potos today Bolivia was the major supplier for the Spanish Empire and for the world and still today boasts the world's single richest silver deposit This book explores the political economy of silver production and circulation illuminating a vital chapter in the history of global capitalism It travels through geology sacred spaces and technical knowledge in the first section environmental history and labor in the second section silver flows the heterogeneous world of mining producers and their agency in the third and some of the local regional and global impacts of Potos mining in the fourth section The main focus is on the establishment of a complex infrastructure at the site its major changes over time and the new human and

environmental landscape that emerged for the production of one of the world's major commodities silver. Eleven authors from different countries present their most recent research based on years of archival research providing the readers with cutting edge scholarship. Contributors are Julio Aguilar, James Almeida, Rossana Barragán, Romano Mariano, A. Bonifacio, Thérèse Bouysse Cassagne, Kris Lane, Tristan Platt, René Raphael, Masaki Sato, Heidi V. Scott, and Paula C. Zagalsky. [The Colonial Elite of Early Caracas](#) Robert J. Ferry, 2024-06-04. Combining traditional documentary research with new analytical strategies, Robert J. Ferry creates a rich three-dimensional picture of early Caracas. His reconstitution and interpretation of important genealogical histories provide a model for historical studies of Latin American and other societies. Ferry's work partially eclipses previously accepted ideas about colonial Caracas. He shows how the society was dominated by a commercial agricultural elite and demonstrates that women were responsible for arranging marriages and maintaining family lineages that marriages among first cousins were very common and that elite residence was matrifocal. [The Colonial Elite of Early Caracas](#) focuses on the salient features of the society and economy: agriculture, commerce, and labor. The first section treats the seventeenth-century transition from Indian *encomienda* labor to African slave labor. The society created by slavery and the cacao trade in the eighteenth century is the main subject of the second section of the book. Throughout, Ferry leads the reader to a deeper understanding of the elite planters of Caracas who were wheat farmers in the seventeenth century and cacao hacienda owners in the eighteenth. Ferry also explores how some families succeeded in retaining wealth and local authority from one generation to the next. That success is momentarily halted in the 1730s and 1740s and the revolt of Juan Francisco de León in 1749 is viewed as a crisis of both the colony's elite and the smallholder immigrant class to which León himself belonged. The response to León's rebellion represents a major effort on the part of the Spanish crown to restructure royal authority in the colony, arguably the first of the Bourbon reforms in the American colonies. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1989.

[The Temptations of Trade](#) Adrian Finucane, 2016-04-22. The British and the Spanish had long been in conflict, often clashing over politics, trade, and religion. But in the early decades of the eighteenth century, these empires signed an *asiento* agreement granting the British South Sea Company a monopoly on the slave trade in the Spanish Atlantic, opening up a world of uneasy collaboration. British agents of the Company moved to cities in the Caribbean and West Indies where they braved the unforgiving tropical climate and hostile religious environment in order to trade slaves, manufactured goods, and contraband with Spanish colonists. In the process, British merchants developed relationships with the Spanish, both professional and at times personal. [The Temptations of Trade](#) traces the development of these complicated relationships in the context of the centuries-long imperial rivalry between Spain and Britain. Many British merchants in developing personal

ties to the Spanish were able to collect potentially damaging information about Spanish imperial trade military defenses and internal conflict British agents juggled personal friendships with national affiliation and at the same time developed a network of illicit trade contraband and piracy extending beyond the legal reach of the British South Sea Company and often at the Company's direct expense Ultimately the very smuggling through which these empires unwittingly supported each other led to the resumption of Anglo Spanish conflict as both empires cracked down on the actions of traders within the colonies The Temptations of Trade reveals the difficulties of colonizing regions far from strict imperial control where the actions of individuals could both connect empires and drive them to war

Merchants and Profit in the Age of Commerce, 1680-1830 Dominique Margairaz, Yannick Lemarchand, Pierre Gervais, 2015-10-06 Merchant activity across Europe America and China during the long eighteenth century is explored in this collection of essays Using a unique data set from accounts and correspondence contributors are able to show the fragmented nature of merchant activity and the importance of trust based social and cultural networks

Britain and Colonial Maritime War in the Early Eighteenth Century Shinsuke Satsuma, 2013 In early modern Britain there was an argument that war at sea especially war in Spanish America was an ideal means of warfare offering the prospect of rich gains at relatively little cost whilst inflicting considerable damage on enemy financial resources In early modern Britain there was an argument that war at sea especially war in Spanish America was an ideal means of warfare offering the prospect of rich gains at relatively little cost whilst inflicting considerable damage on enemy financial resources This book examines that argument tracing its origin to the glorious memory of Elizabethan maritime war discussing its supposed economic advantages and investigating its influence on British politics and naval policy during the War of the Spanish Succession 1702-13 and after The book reveals that the alleged economic advantages of war at sea were crucial in attracting the support of politicians of different political stances It shows how supporters of war at sea both in the government as well as in the opposition tried to implement pro maritime war policy by naval operations colonial expeditions and by legislation and how their attempts were often frustrated by diplomatic considerations the incapacity of naval administration and by conflicting interests between different groups connected to the West Indian colonies and Spanish American trade It demonstrates how after the War of the Spanish Succession arguments for active colonial maritime war continued to be central to political conflict notably in the opposition propaganda campaigns against the Walpole ministry culminating in the War of Jenkins's Ear against Spain in 1739 The book also includes material on the South Sea Company showing how the foundation of this company later the subject of the notorious Bubble was a logical part of British strategy Shinsuke Satsuma completed his doctorate in maritime history at the University of Exeter

Atlantic History Jack P. Greene, Philip D. Morgan, 2008-12-31 Atlantic history with its emphasis on inter regional developments that transcend national borders has risen to prominence as a fruitful perspective through which to study the interconnections among Europe North America Latin America and Africa These original essays present a comprehensive and

incisive look at how Atlantic history has been interpreted across time and through a variety of lenses from the fifteenth through the early nineteenth century Editors Jack P Greene and Philip D Morgan have assembled a stellar cast of thirteen international scholars to discuss key areas of Atlantic history including the British Spanish Portuguese Dutch French African and indigenous worlds as well as the movement of ideas peoples and goods Other contributors assess contemporary understandings of the ocean and present alternatives to the concept itself juxtaposing Atlantic history with global hemispheric and Continental history [Britannia's Glories](#) Philip Woodfine,1998 The War of Jenkins Ear examined for the first time in a full length study looking at the vitality of popular politics and the inner workings of Parliament during the time

The Emergence of Britain's Global Naval Supremacy Richard Harding,2010 Discusses the lessons which Britain learned in the war of 1739 48 which when applied in later wars brought about Britain s global naval supremacy

Revolutions in the Atlantic World, New Edition Wim Klooster,2018-01-23 Introduction Empires at war Civil war in the British Empire the American Revolution The war on privilege and dissension the French Revolution From prize colony to black independence the revolution in Haiti Multiple routes to sovereignty the Spanish American revolutions The revolutions compared causes patterns legacies **Europe and the World, 1650-1830** Professor Jeremy Black,Jeremy

Black,2013-10-08 Europe and the World 1650 1830 is an important thematic study of the first age of globalisation It surveys the interaction of Europe Europe s growing colonies and other major global powers such as the Ottoman Empire China India and Japan Focusing on Europe s impact on the world Jeremy Black analyses European attitudes exploration trade and acquisition of knowledge [The Enlightenment in Iberia and Ibero-America](#) Brian Hamnett,2017-03-23 This book examines a neglected aspect of the Enlightenment to demonstrate how it influenced the future shape of Spain Portugal and their

American territories [The Spanish Atlantic World in the Eighteenth Century](#) Allan J. Kuethe,Kenneth J. Andrien,2014-05-12 This volume elucidates Bourbon colonial policy with emphasis on Madrid s efforts to reform and modernize its American holdings Set in an Atlantic world context the book highlights the interplay between Spain and America as the Spanish empire struggled for survival amid the fierce international competition that dominated the eighteenth century The authors use extensive research in the repositories of Spain and America as well as innovative consultation of the French Foreign Affairs archive to bring into focus the poorly understood reformist efforts of the early Bourbons which laid the foundation for the better known agenda of Charles III As the book unfolds the narrative puts flesh on the men and women who for better or worse influenced colonial governance It is the story of power ambition and idealism at the highest levels [Kings, Nobles and Commoners](#) Jeremy Black,2004-09-24 Jeremy Black s revisionist history shows that both thrusting bourgeois Protestant states like the Netherlands and Britain prospered and in Britain s case became a global power The reactionary Catholic states like Austria and France at various times remained stable until the deluge of the French Revolution Absolutism was no myth but absolutist states still had to rule with consent Black weaves these themes into a rich and coherent tapestry to give a

clear and authoritative picture of the complexities of the early modern period **Background to Discovery** Derek Howse, 2023-11-10 *Background to Discovery* recounts the great voyages of discovery from Dampier to Cook that excited such fervent political and popular interest in eighteenth century Europe Perhaps this book's greatest strength lies in its remarkable synthesis of both the achievements of European maritime exploration and the political economic and scientific motives behind it Writing essays on the literary and artistic response to the voyages as well the contributors collectively provide a rich source for historians geographers and anyone interested in the history of voyage and travel This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990

Reviewing **Spanish Politics And Imperial Trade 1700 1789**: Unlocking the Spellbinding Force of Linguistics
