Blanket Weaving in the Southwest Joe Ben Wheat,2022-06-21 Exquisite blankets sarapes and ponchos handwoven by southwestern peoples are admired throughout the world Despite many popularized accounts serious gaps have existed in our understanding of these textiles gaps that one man devoted years of scholarly attention to address During much of his career anthropologist Joe Ben Wheat 1916 1997 earned a reputation as a preeminent authority on southwestern and plains prehistory Beginning in 1972 he turned his scientific methods and considerable talents to historical questions as well He visited dozens of museums to study thousands of nineteenth century textiles oversaw chemical tests of dyes from hundreds of yarns and sought out obscure archives to research the material and documentary basis for textile development His goal was to establish a key for southwestern textile identification based on the traits that distinguish the Pueblo Navajo and Spanish American blanket weaving traditions and thereby provide a better way of identifying and dating pieces of unknown origin Wheat s years of research resulted in a masterful classification scheme for southwestern textiles and a book that establishes an essential baseline for understanding craft production Nearly completed before Wheat s death *Blanket Weaving in the Southwest* describes the evolution of southwestern textiles from the early historic period to the late nineteenth century establishes a revised chronology for its development and traces significant changes in materials techniques and designs Wheat first relates what Spanish observers learned about the state of native weaving in the region a historical review that reveals the impact of new technologies and economies on a traditional craft Subsequent chapters deal with fibers yarns dyes and fabric structures including an unprecedented examination of the nature variety and origins of bayeta yarns and with tools weaves and finishing techniques A final chapter constructed by editor Ann Hedlund from Wheat s notes provides clues to his evolving ideas about the development of textile design Hedlund herself a respected textile scholar and a protégé of Wheat s is uniquely qualified to interpret the many notes he left behind and brings her own understanding of weaving to every facet of the text She has ensured that Wheat s research is applicable to the needs of scholars collectors and general readers alike Throughout the text Wheat discusses and evaluates the distinct traits of the three textile traditions More than 200 photos demonstrate these features including 191 color plates depicting a vast array of chief blankets shoulder blankets ponchos sarapes diyugi mantas and dresses from museum collections nationwide In addition dozens of line drawings demonstrate the fine points of technique concerning weaves edge finishes and corner tassels Through his groundbreaking

and painstaking research Wheat created a new view of southwestern textile history that goes beyond any other book on the subject Blanket Weaving in the Southwest addresses a host of unresolved issues in textile research and provides critical tools for resolving them It is an essential resource for anyone who appreciates the intricacy of these outstanding creations

Navajo Textiles Nancy J. Blomberg, 1994-07-01 William Randolph Hearst's collection of Navajo textiles is one of the most complete gatherings of nineteenth century Navajo weaving in the world Comprising dozens of Classic Period serapes chief blankets Germantown eyedazzlers and turn of the century rugs the 185 piece collection was donated to the Los Angeles County Museum of Natural History in 1942 but for the next forty years was known only to a handful of scholars Hearst began acquiring textiles from the Fred Harvey Company after viewing an exhibit of Indian artifacts Over four decades he amassed a collection spanning more than a century of Navajo weaving and including nearly every major type produced from 1800 to 1920 Hearst's passion for American Indian artifacts was so strong that he had originally visualized his now famous castle in San Simeon as a showplace for his Navajo textile collection At a time when the Harvey Company was itself influencing the development of Indian handcrafts by opening up the tourist market Hearst contributed to this influence by expressing his own artistic preference for rare and unusual pieces This catalogue raisonné featuring nearly 200 illustrations provides the general public with the first look at this important collection Nancy Blomberg's narrative introduces the reader to the history of Navajo weaving and documents Hearst's role in its development The heart of the book provides a detailed analysis of each textile fibers yarn types dyes and designs Navajo Textiles thus constitutes an invaluable reference for scholars and collectors and will be enjoyed by anyone who appreciates these beautiful creations from the Navajo loom

Design Roots Stuart Walker, Martyn Evans, Tom Cassidy, Amy Twigger Holroyd, Jeyon Jung, 2018-02-08 Design Roots provides a comprehensive review of culturally significant designs products and practices which are rooted to particular communities through making tradition and a sense of place Many rich traditional practices associated with community tacit knowledge and culture are being rapidly lost due to globalisation and urbanisation Yet they have much to offer for the future in terms of sustainability identity wellbeing and new opportunities in design This book considers the creative roots the place based ecologies and deep understandings of cultural significance not only in terms of history and tradition but also in terms of locale social interactions innovation and change for the sustainment of culturally significant material productions Importantly these are not locked in time by sentimentality and nostalgia but are evolving innovative and adaptive to new technologies and changing circumstances Contributing authors explore the historical roots of culturally significant designs products and practices emerging directions amateur endeavours enterprise models business opportunities and the changing role and contribution of design in the creation of material cultures of significance meaning and value An international perspective is provided through case studies and research from North and South America Africa Europe Asia and Australasia with examples including Aran jumper production in Northern Ireland weaving in Thailand Iranian housing design Brazilian street design and digital

crafting in the United Kingdom **Navajo Lifeways** Maureen Trudelle Schwarz,2001 I think what is always really amazing to me is that Navajo are never amazed by anything that happens Because it is like in a lot of our stories they are already there Sunny Dooley Navajo Storyteller During the final decade of the twentieth century Navajo people had to confront a number of challenges from unexplained illness the effects of uranium mining and problem drinking to threats to their land rights and spirituality Yet no matter how alarming these issues Navajo people made sense of them by drawing guidance from what they regarded as their charter for life their origin stories Through extensive interviews Maureen Trudelle Schwarz allows Navajo to speak for themselves on the ways they find to respond to crises and chronic issues In capturing what Navajo say and think about themselves Schwarz presents this southwestern people s perceptions values and sense of place in the world *Collecting the Weaver's Art* Laurie D. Webster,Peabody Museum of Archaeology and Ethnology,2003-12-09 This is the first publication on a remarkable collection of 66 outstanding Pueblo and Navajo textiles donated to the Peabody Museum in the 1980s by William Claflin Jr Claflin also bequeathed to the museum his detailed accounts of their collection histories included here **Archaeology of the High Plains** James H.
