The anxiety of sameness in early modern Spain Christina H. Lee, 2015-11-01 This book explores the Spanish elite s fixation on social and racial passing and passers as represented in a wide range of texts It examines literary and non literary works produced in the sixteenth and seventeenth centuries that express the dominant Spaniards anxiety that socially mobile lowborns Conversos converted Jews and Moriscos converted Muslims could impersonate and pass for pure Christians like themselves Ultimately this book argues that while conspicuous sociocultural and ethnic difference was certainly perturbing and unsettling in some ways it was not as threatening to the dominant Spanish identity as the potential discovery of the arbitrariness that separated them from the undesirables of society and therefore the recognition of fundamental sameness This fascinating and accessible work will appeal to students of Hispanic studies European history cultural studies Spanish literature and Spanish history
