Micheal Tarver, Emily Slape, 2016-07-25 Through reference entries and primary documents this book surveys a wide range of topics related to the history of the Spanish Empire including past events and individuals as well as the Iberian kingdom's imperial legacy. The Spanish Empire: A Historical Encyclopedia provides students as well as anyone interested in Spain, Latin America, or empires in general the necessary materials to explore and better understand the centuries-long empire of the Iberian kingdom. The work is organized around eight themes to allow the reader the ability to explore each theme through an overview essay and several selected encyclopedic entries. This two-volume set includes some 180 entries that cover such topics as the caste system, dynastic rivalries, economics, major political events and players, and wars of independence. The entries provide students with essential information about the people, things, institutions, places, and events central to the history of the empire. Many of the entries also include short sidebars that highlight key facts or present fascinating and relevant trivia. Additional resources include an introductory overview, chronology, extended bibliography, and extensive collection of primary source documents.

**Rulers of the Spanish Seas** Pasquale De Marco, 2025-03-16 In the turbulent waters of the 17th century Caribbean, a daring pirate captain rises above the rest: Sir Henry Morgan, a man of courage, ambition, and ruthless determination. Born into a life of obscurity, Morgan's destiny takes a dramatic turn when he sets sail for the New World. As he navigates the treacherous waters of piracy, he quickly establishes himself as a formidable force, amassing a loyal crew and a reputation for audacious raids and cunning tactics. His name strikes fear into the hearts of Spanish authorities and merchant ships alike as he leads his buccaneers on a relentless quest for treasure and glory. From the shores of Cuba to the bustling streets of Panama City, Morgan's exploits become legendary, earning him the respect of his fellow pirates and the begrudging admiration of his enemies. But as his fame grows, so does the wrath of those who seek to bring him down. The Spanish Empire, determined to protect its vast wealth and territories, dispatches warships and seasoned admirals to hunt him relentlessly. Morgan, however, proves to be an elusive adversary, skillfully outmaneuvering and outwitting his pursuers. In a daring twist of fate, Morgan finds himself caught in a web of political intrigue and shifting alliances. He becomes a pawn in a larger game where the lines between friend and foe blur, and loyalty is tested. As he navigates these treacherous waters, he must rely on his wits and courage to survive. Through it all, Morgan's unwavering determination and thirst for adventure propel him forward. He carves a path of glory and infamy, leaving an indelible mark on the history of piracy and the New World. His legacy lives on, inspiring generations of dreamers, adventurers, and those who dare to challenge the boundaries of the ordinary. If you like this book, write a review.
