the Amberjack Yes they sound all right Scoot grinned But what if you re assigned to the Cod or the Herring or the Shad No I can t figure out what you see in those stuffy cramped oversized bathtubs This light hearted argument had been going on ever since March Anson and Scoot Bailey had been in the Navy together Neither one minded the jibes of the other but the dispute as to the respective merits of air and underwater craft never ended Cozy and snug March said stoutly that s what subs are Not cramped and stuffy Why they re all air conditioned now Maybe so Scoot said shaking his head but no air conditioning can match the clear blue sky a couple of miles up there where I ll be flying Boy what a chance Just what I ve always wanted Their departure from the cruiser Plymouth was forgotten now as they thought of their futures Only one aspect of that future was rarely mentioned by either of them and they tried not to think too much about it In their new activities they would not be together these two who had been inseparable friends for so many long years They had met in the first year of high school back in that small Ohio city which now during war seemed so many miles and so many years away Scoot had lived in Hampton all his life but March had just moved there from the farm which his mother had sold when his father died A widow with a son only thirteen years old could not run a 160 acre farm she had decided not if her son was to get the education she had determined he would have To be continue
