Paradise Lost (Hughes Edition) John Milton, Merritt Yerkes Hughes, 2003-01-01 Since its publication by Odyssey Press in 1935 Hughes richly annotated edition revised in 1962 remains the preferred text of many instructors **Beyond the Lyric** Fiona Sampson, 2012-09-06 British poetry is enjoying a period of exceptional richness and variety This is exciting but it is also confusing and throws up the need for an enthusiastic guide that can explain and celebrate the many parallel poetry projects now underway Beyond the Lyric does just that This is a book of enthusiasms an intelligent and witty map of contemporary British poetry and a radical accessible guide to living British poets grouped for the first time according to the kind of poetry they write In a series of groundbreaking new classifications beginning with the bread and butter diction of the Plain Dealers and ending on the capacious generosity of the Exploded Lyric it examines the broad range of contemporary tendencies from the baroque swagger of the Dandies to the restrained elegance of the Oxford Elegists from the layered haunting verse of Mythopoesis to the inventive explorations of the New Formalists By probing the cultural context from which these groups emerge and shifting the critical focus back to the work itself Sampson's astute analysis illuminates and demystifies each of these terms and asks the big questions about what makes a poem The result is a celebration of poetry as a connected responsive and above all communitarian form Lively engaging and inviting this is the indispensable and authoritative guide for anyone who's ever wondered what's going on in British poetry today *Critical Content Analysis of Children's and Young Adult Literature* Holly Johnson, Janelle Mathis, Kathy G. Short, 2016-06-17 In this book the authors describe their strategies for critically reading global and multicultural literature and the range of procedures they use for critical analyses They also reflect on how these research strategies can inform classrooms and children as readers Critical content analysis offers researchers a methodology for examining representations of power and position in global and multicultural children's and adolescent literature This methodology highlights the critical as locating power in social practices by understanding uncovering and transforming conditions of inequity Importantly it also provides insights into

specific global and multicultural books significant within classrooms as well as strategies that teachers can use to engage students in critical literacy

Feathered Marvels Dominic F. Sherony, Randi Minetor, 2024-01-22 From the discovery of the fossil Archaeopteryx to more than 10 000 different documented species today birds have become the second most diversified class of vertebrates on Earth Birds have evolved extensively since they first emerged in prehistoric times but that diversity could dwindle and even vanish unless we take steps to conserve their habitats ensuring that they sustain their numbers and their variety This natural history of birds starts in the distant past going back to the Jurassic Cretaceous and Paleogene periods in order to get a broader understanding of the birds that we see today Chapters cover their lives breeding flight migration and more while also highlighting some especially unique bird fossils such as the Pelagornis Sandersi which had a wingspan of more than 20 feet Also included are chapters on the loss of needed habitats the current decline of native birds and what can be done to reverse it

The Lost Gutenberg Margaret Leslie Davis, 2019-03-19 A lively tale of historical innovation the thrill of the bibliophile's hunt greed and betrayal The New York Times Book Review An addictive and engaging look at the competitive catty and slightly angst-ridden heart of the world of book collecting The Houston Chronicle The never before told story of one extremely rare copy of the Gutenberg Bible and its impact on the lives of the fanatical few who were lucky enough to own it For rare book collectors an original copy of the Gutenberg Bible of which there are fewer than 50 in existence represents the ultimate prize Here Margaret Leslie Davis recounts five centuries in the life of one copy from its creation by Johannes Gutenberg through the hands of monks an earl the Worcestershire sauce king and a nuclear physicist to its ultimate resting place in a steel vault in Tokyo Estelle Doheny the first woman collector to add the book to her library and its last private owner tipped the Bible onto a trajectory that forever changed our understanding of the first mechanically printed book The Lost Gutenberg draws readers into this incredible saga immersing them in the lust for beauty prestige and knowledge that this rarest of books sparked in its owners Exploring books as objects of obsession across centuries this is a must read for history buffs book collectors seekers of hidden treasures and anyone who has ever craved a remarkable book and its untold stories

[Clothing and Queer Style in Early Modern English Drama](#) James M. Bromley, 2021-05-27 This book examines early modern drama's depiction of non-standard forms of masculinity grounded in superficiality inauthenticity affectation and the display of the extravagantly clothed body Practices of extravagant dress destabilized distinctions between able-bodied and disabled human and non-human and the past and present distinctions that structure normative ways of thinking about sexuality In city comedies by Ben Jonson George Chapman Thomas Middleton and Thomas Dekker

extravagantly dressed male characters imagine alternatives to the prevailing modes of subjectivity sociability and eroticism in early modern London While these characters are situated in hostile narrative and historical contexts this book draws on recent work on disability materiality and queer temporality to rethink their relationship to those contexts in order to access the world making possibilities of early modern queer style In their rich representations of life in London around the turn of the seventeenth century these plays not only were but also remain uniquely sensitive to the intersection of sexuality urbanization and material culture The attachments and pleasures of early modern sartorial extravagance they depict can estrange us from the epistemologies that narrow current thinking about sexuality s relationship to authenticity pedagogy interiority and privacy Light ,1888
