Skills For Success Audio Program:

Take Charge of Your Life Brian Tracy, 2023-12-12 One of the hallmarks of Brian Tracy's philosophy is that you are 100% responsible for the results in your life. While Brian Tracy has discussed this philosophy since the 1980s, it is increasingly out of place in our current cultural moment. Today there are numerous voices telling you that any of your struggles or challenges are due to other people or societal conditions that are beyond your control. But as you'll read in this life-changing book, the philosophy of complaint and blaming others is ultimately a dead end path that leads to despair. In *Take Charge of Your Life*, The 12 Master Skills for Success, Brian will show you how putting yourself in the driver's seat of your own life and not delegating responsibility for your results to others will separate you from the pack faster than ever before. Brian will teach you the attitudes, mindset, and most importantly, the specific skills that will enable you to overcome any forces that others perceive may hold them back, whether it be your education level, current income level, gender, or socio-economic background. Here are just a few of the things you will learn:

- Maximum Performance:** When you're firing on all cylinders, nothing can stop you, so why waste any more time at half speed? Get more out of yourself and generate better results than ever before.
- Personal Strategic Planning:** Success is inevitable when you have a plan. All you have to do is follow it. I cover how to plan and how to stay on track, no matter what life throws at you.
- Time Management:** Time management is really life management. When you become a super-efficient machine, you complete the highest value tasks in the least amount of time, and you flourish.
- Personal Dynamism and Energy:** When you exude confidence and energy, it's contagious. You attract other dynamic, energetic people, and together you experience more success, more fun, greater results.
- Creating Wealth:** Once you create a personal plan and then maximize your efficiency, performance, and time management, your income will increase automatically. But what do you do with it? To create wealth, you must have a wealth plan, and that's what we cover here.
- Communication Power:** Even if you're not in sales, you're in sales. Whenever you talk with someone, you have the opportunity to convince him to think the way you think and to help you achieve your goals. I teach you my proven, time-tested strategies for communicating effectively. And MUCH More.

Year to Success Bo Bennett, 2018-08-20 Have you been promised success if you follow a few quick and dirty rules or secrets of success? Are you tired of irrelevant analogies that do nothing for you but make you feel inadequate? Have you had enough of highly metaphysical concepts and not enough practical solutions? Have you had your fill of grossly exaggerated claims that try to trick you into thinking success is easy? Are you all affirmationed out? You are not alone. Think of success as a game of chance in which you have control over the odds. As you begin to master concepts in personal achievement, you are increasing your odds of achieving success. *Year To Success* is a full year course in success designed to be a practical guide to achieving your definition of success. Each day of this course will, through practical application, increase your odds of achieving success. It has been said that one line of wisdom can change your life more than volumes of books.
