American Book Publishing Record, 2003 *Imagining Siam* Caron Eastgate Dann, 2008 Thailand has been systematically transformed into a classic neocolonial object of Western desire an easily penetrated erotic zone that caters to the appetites of Western interlopers In the first comprehensive critical study of Western literature about Thailand *Imagining Siam* provides a thorough analysis using Edward Said's concepts of English language travelogues and travel literature It

offers a broad view covering literary attempts to describe Siam in the 13th century through the formative phase of Western engagement in the 16th century and the various competing European imperialisms in the 19th century to today's era of mass tourism and the global reach of economically and culturally powerful First World populations.
