Book Prize International Association for Media and History Winner 2022 Richard Wall Memorial Award Theatre Library Association Beginning in the 1920s audiences around the globe were seduced not only by Hollywood films but also by lavish movie theaters that were owned and operated by the major American film companies These theaters aimed to provide a quintessentially American experience Outfitted with American technology and accoutrements they allowed local audiences to watch American films in an American owned cinema in a distinctly American way In a history that stretches from Buenos Aires and Tokyo to Johannesburg and Cairo Ross Melnick considers these movie houses as cultural embassies He examines how the exhibition of Hollywood films became a constant flow of political and consumerist messaging selling American ideas products and power especially during fractious eras Melnick demonstrates that while Hollywood s marketing of luxury and consumption often struck a chord with local audiences it was also frequently tone deaf to new social cultural racial and political movements He argues that the story of Hollywood s global cinemas is not a simple narrative of cultural and industrial indoctrination and colonization Instead it is one of negotiation booms and busts successes and failures adoptions and rejections and a precursor to later conflicts over the spread of American consumer culture A truly global account Hollywood s Embassies shows how the entanglement of worldwide movie theaters with American empire offers a new way of understanding film history and the history of U S soft power Bulletin of the International Railway Congress Association International Railway Congress Association,1913 **Sleep Fictions** Hannah L. Huber,2023-11-21 The literary response to the dawning cult of wakefulness A turn of the century influx of new technologies and the enormous impact of the electric light transformed not only individual sleeping habits but the ways American culture conceived and valued sleep Hannah L. Huber analyzes the works of Henry James Edith Wharton Charles Chesnutt and Charlotte Perkins Gilman to examine the literary response to the period s obsession with wakefulness As these writers blurred the separation of public and private space their characters faced exhaustion in a modern world that permeated every moment of their lives with artificial light traffic noise and the social pressure to remain active at all hours The implacable cultural clock and constant stress over physical limitations had an even greater impact on marginalized figures Huber pays particular attention to how these writers rebutted Americans confidence in the body s ability to conquer sleep with vivid portraits of the devastating consequences of sleep disruption and deprivation The author also provides a website and text visualization tool that offers readers an interdisciplinary deconstructed analysis of the book s primary texts The website can be found at <https://sleepfictions.org/sleep-scalar/index> *A Handbook of Science Fiction and Fantasy* Donald Henry Tuck,1959 **Sleeper Protocol** Kevin Ikenberry,2024-09-08 How far would you go to remember your past Kieran Roark awakens in a wheelchair unable to remember anything As part of a classified experiment he will have one year to learn his identity and recover his memory or he will be euthanized by the state Scientist Berkeley Bennett has one mission manipulate Kieran s emotions in an attempt to bring back his memory But when she falls in love with him she is forced to make a harrowing decision that may cost Kieran
