Small Talk:

Small Talk Justine Coupland, 2014-06-11 This study presents a new perspective on small talk and its crucial role in everyday communication. The new approach presented here is supported by analyses of interactional data in specific settings: private and public face-to-face and telephone talk. They vary from gossip at the family dinner table and intimate keeping-in-touch phone conversations to interpersonally focused talk in institutional settings such as the government office and the university research seminar. Drawing on a range of methodological approaches including Discourse Analysis and Pragmatics, Interpersonal Communication and Conversation Analysis, the author elevates small talk to a new status as functionally multifaceted but central to social interaction as a whole. *The Small Talk Handbook* Melissa Wadsworth, 2012-08-18 Small talk with anyone.
