Soviet British Relations Since The 1970s:

Soviet-British Relations Since the 1970s Alex Pravda, Peter J. S. Duncan, Royal Institute of International Affairs, 1990-04-26 This collection brings together empirical and analytical studies of the nature and evolution of Soviet British relations during the 1980s and looks forward to the 1990s The relationship is firmly placed within the wider context of Soviet policy toward the West and NATO The contributors examine mutual perceptions and policy perspectives Soviet interests and objectives in dealing with Britain and the role of economic political diplomatic nongovernmental and security factors in determining policy outcomes A concluding section evaluates the long term significance of current and potential policy developments on both sides Soviet British Relations is the first volume to be produced by the Soviet foreign policy study group at Chatham House and is published in association with The Royal Institute of International Affairs Britain's International Role, 1970-1991 Michael J Turner, 2010-10-06 How does one of the world's greatest powers preserve its status and influence when international conditions are unfavourable and its resources do not match its commitments This was Britain's burden in the 1970s and 1980s when the international order was transformed Much became unsettled and Britain had to adapt policy to suit new needs and opportunities Michael J Turner elucidates the efforts that were made to maximise Britain's role on those matters and in those parts of the world that were of special importance to British strategy prosperity and security He examines key decisions and their consequences and places British policy making in an international context suggesting that British leaders were more successful in preserving power and prestige on the world stage than has sometimes been appreciated **The American Bibliography of Slavic and East European Studies** Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **The Soviet Union, Hong Kong, and the Cold War, 1945-1970** Michael Share, 2003 Britain, Detente and Changing East-West Relations Brian White, 2002-06-01 There is little systematic analysis available of Britain's contribution to East West relations since 1945 and in particular of Britain's contribution to East West detente In general British attempts to act as mediator between East and West have been regarded as ineffectual and a rather desperate attempt to prove that Britain could still wield influence on the world stage In this new contribution to the study of the evolution of post war international relations Brian White argues that Britain's contribution to detente cannot so easily be dismissed Through narrative and analysis he examines the persistent theme of Britain's attempts to steer East West relations in a co operative direction In doing so he has provided both an important reevaluation of Britain's role in the post war world and an invaluable case study in foreign policy formation and execution **Harold Wilson's Cold War** Geraint Hughes, 2015 Review Harold Wilson's Cold War analyses the Labour government's efforts to promote East West detente and to improve Anglo Soviet relations from 1964 to 1970 Geraint Hughes challenges the caricature of Harold Wilson

s rigid subservience to America and shows how as Prime Minister he proposed to develop closer contacts with the Soviet leadership and to foster co operation on arms control conflict resolution in Vietnam and East West trade Jacket **The Soviet Union and the Construction of the Global Market** Oscar Sanchez-Sibony,2023-09-14 Tells the story of how the Soviet Union helped bring about the financialized world of capital we live in today **Britain, France, West Germany and the People's Republic of China, 1969-1982** Martin Albers,2016-12-01 This book focuses on helping readers to fill the gap of the little known history between Western Europe and its most important trading partner the People s Republic of China Inspired by the economic and political signifance of Sino European relations this book shows how the China policies of the three biggest states of Western Europe Britain France and the Federal Republic of Germany helped China reintegrate into the international community in the 1970s Against the background of the Cold War the end of Maoism and the emergence of globalization the governments in Bonn Paris and London had to find ways of dealing with Europe s declining influence and promote their own national interests in Asia Based on newly declassified government files readers will find such sources invaluable in understanding the argument that despite pursuing very different policies the three governments supported a rapid expansion of peaceful exchange between the People s Republic and Europe and substantially contributed to the success of Beijing s reform policy **The United States, Western Europe and the Polish Crisis** H. Sjursen,2002-12-10 This book examines the response of the Western Alliance to the Polish Crisis 1980 83 The author analyses the different views of Europe and the United States regarding enforcement in East West relations and the opposition in Western Europe to the American approach This case exemplifies the lasting differences in attitude within the Western Alliance [The American Bibliography of Slavic and East European Studies](#) ,1990 [War, Strategy and History](#) Daniel Marston,Tamara Leahy,2016-05-31 This is a collection of essays in honour of eminent Professor Robert O Neill Each chapter was written by prominent academics and practitioners who have had a professional connection with Professor O Neill during his long and distinguished career The overarching themes running throughout the book are war strategy and history All the essays are shaped by the role that Professor O Neill has played over the last 50 years in the debates in Australia Europe and the US This book covers not only Professor O Neill s impressive career but also the evolution of strategy in practice and of strategic studies as an internationally recognised academic discipline **Modern England 1901-1970** Alfred Havighurst,1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth **Policing Northeast Asia** Se Hyun Ahn,2020-06-02 This book explores the progress in and the obstacles surrounding developing comprehensive security cooperation between Russia and South Korea since diplomatic relations were established in 1991 within the framework of economic security The book focuses on oil and natural gas projects linking the Trans Siberian and Trans Korean Railroads

industrial development in the Nakhodka Free Economic Zone fishery cooperation and the arms trade and examines whether these five aspects of cooperation serve to contribute to building Russian South Korean bilateral and regional economic security The author argues that these five aspects of cooperation all have the potential to enhance comprehensive bilateral security and further regional economic security in Northeast Asia However Russian South Korean economic cooperation has been hampered by a number of obstacles including domestic factors as well as external factors and prevented Russia and South Korea from fulfilling their potential for creating a cooperative comprehensive security relationship The author concludes with an assessment on the utility of the concept of multi dimensional security cooperation as a framework for studying and improving the prospects for Russian South Korean bilateral relations **A People Passing Rude** Anthony

Cross,2012-11-01 The essays in this stimulating collection attest to the scope and variety of Russia s influence on British culture They move from the early nineteenth century when Byron sent his hero Don Juan to meet Catherine the Great and an English critic sought to come to terms with the challenge of Pushkin to a series of Russian themed exhibitions at venues including the Crystal Palace and Earls Court The collection looks at British encounters with Russian music the absorption with Dostoevskii and Chekhov and finishes by shedding light on Britain s engagement with Soviet film Back cover **Trust**

and European-Russian Energy Relations Marc Ozawa,2023-09-30 This book examines the role of trust in European Russian energy relations and how some European countries have become dependent on Russia for energy It examines how trust is developed between nations the social interactions that underpin it and the significant differences in the ways in which difference countries create energy partnerships The role of cooperation and direct experience historical memories national culture individual personalities and trade agreement structures are also discussed European Russian energy relations are contextualised within the Russia Ukraine war Europe s energy transition the economic sanctions imposed on Russia and the role played by the European Union This book aims to present policy recommendations to ensure European energy security It will be relevant to researchers and policymakers interested in energy economics and the political economy of energy

Trading with the Bolsheviks Andrew J. Williams,1992 The aims of this work are to examine the political economic financial and normative reasoning used by the governments and key departments of state of the three main victors of the First World War the United States Britain and France in their decision making on the question of whether or not to trade with the Soviet Union in the inter war years and to put the debate about Russian trade within these countries into the wider context of the domestic political and economic problems facing them and in particular to examine how the economic legacy of the Revolution especially the denunciation of all Czarist era debts to the West and the confiscation of Western property in the Soviet Union as well as the question of concessions discussion of which paralleled the debate on trade **My Revision**
