Soviet imperialism ,1975      **Soviet Imperialism** Waldemar Gurian,1975      *Soviet Imperialism: Its Origins and Tactics. A Symposium ... Edited by Waldemar Gurian* Waldemar GURIAN,1953      **Russia and Eastern Europe, 1789-1985** Raymond Pearson,1989      *Special Bibliographies* Army Library (U.S.),1957      **Catalog of the Foreign Relations Library** Foreign Relations Library,1969      **The Russian Revolution and Civil War 1917-1921** Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state      **The U.S. Quarterly Book Review** ,1953      In the Wake of Empire Anatol Shmelev,2021-01-01 Even as a country ceases to be a great power the concept of it as a great power can continue to influence decision making and policy formulation This book explores how such a process took place in Russia from 1917 through 1920 when the Bolshevik coup of November 1917 led to the creation of two regimes the Bolshevik Reds and the anti Bolshevik Whites As Reds consolidated their one party dictatorship and nursed global ambitions Whites struggled to achieve a different vision for the future of Russia Anatol Shmelev illuminates the White campaign with fresh purpose and through information from the Hoover Institution Archives exploring how diverse White factions overcame internal tensions to lobby for recognition on the world stage only to fail in part because of the West s desire to leave the Russian question to Russians alone In the Wake of Empire examines the personalities institutions political culture and geostrategic concerns that shaped the foreign policy of the anti Bolshevik governments and attempts to define the White movement through them Additionally Shmelev provides a fascinating psychological study of the factors that ultimately doomed the White effort an irrational and ill placed faith in the desire of the Allies to help them and wishful thinking with regard to their own prospects that obscured the reality around them      *Military Power and National Objectives* Army Library (U.S.),1957      **Soviet Foreign Relations and World Communism** Thomas Taylor Hammond,1965      **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969      **The National Union Catalog** ,1961      **The United States Quarterly Book Review** ,1953      *Introduction to Europe* Library of Congress.
