Soviet Labor Law And Principles Of Civil Law A Textbook:

Sovetskoe Trudovoe Pravo. Osnovy Gradhdanskogo Prava. Uchebnoe Posobie, 1972 *Soviet Labor Law and Principles of Civil Law* Konstantin Stepanovich Batygin, 1972 Textbook commenting on the basic provisions of labour legislation and on the fundamental concepts of law and civil law in the USSR includes chapters on labour relations trade union rights collective agreement wages and wage payment systems occupational safety and occupational health discipline labour disputes etc Bibliography pp 348 to 352 *Soviet Labor Law and Principles of Civil Law*, 1972 **Soviet Labor Law and Principles of Civil Law** K S. Batygin, 1972 *Soviet Legal Theory* Rudolf Schlesinger, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company **Soviet Legal Theory** IIs 273 Rudolf Schlesinger, 2014-10-03 First Published in 1998 This is Volume VII of eight in the Sociology of the Soviet Union series Written in 1945 this is a study about the social background and development of Soviet Legal theory and deals with Soviet conceptions of Law Law in the USSR is not an isolated systems of values and norms but can be seen as an agent in social life as it regarded as an expression of social conditions and social needs being more sociological than legal *Translations from the Scientific Literature* SFCSI Program (U.S.), 1974 **Private and Civil Law in the Russian Federation** William B. Simons, 2009-05-20 The chapters in this volume are from two Leiden conferences There distinguished scholars and practitioners from Russia and the Far Abroad measured the winds of change in the field of private law in post Soviet Russia enormous differences from the Soviet period crucial in supporting post Soviet changes toward freedom of choice in the marketplaces of goods services ideas and political institutions This volume will enable the reader to further chart the progress made in Russia and the region in the revitalization of private and civil law and its impact upon practice and comparative legal studies and to appreciate the role which the distinction between the public and private sectors is seen as playing in the process *A Catalogue of the Law Collection at New York University* Julius J. Marke, 1999 Marke Julius J Editor A Catalogue of the Law Collection at New York University With Selected Annotations New York The Law Center of New York University 1953 xxxi 1372 pp Reprinted 1999 by The Lawbook Exchange Ltd LCCN 99 19939 ISBN 1 886363 91 9 Cloth 195 Reprint of the massive well annotated catalogue compiled by the librarian of the School of Law at New York University Classifies approximately 15 000 works excluding foreign law by Sources of the Law History of Law and its Institutions Public and Private Law Comparative Law Jurisprudence and Philosophy of Law Political and Economic Theory Trials Biography Law and Literature Periodicals and Serials and Reference Material With a thorough subject and author index This reference volume will be of continuous value to the legal scholar and bibliographer due not only to the works included but to the authoritative annotations often citing more than one source Besterman A World Bibliography of Bibliographies 3461 *The Revival of Private Law in Central and Eastern Europe* Donald D. Barry, George Ginsburgs, William B. Simons, 2023-12-18 This series critically examines issues of legal doctrine and practice in Central and Eastern Europe including studies on the harmonization of legal principles and

rules the legal impact of the intertwining of domestic economies on the one hand with regional economies and the processes of international trade and investment on the other The series offers a forum for discussion of topical questions of public and private law from domestic regional and international perspectives Comparative research that provides insights in legal developments that can be communicated to those interested in questions not only of law but also of politics economics and of society of countries in the region also finds a home in the series For information about a related title visit the webpages of the Brill journal Review of Central and East European Law *Soviet Union Year-book* Louis Segal,A. A. Santalov,1925

Highlights of Current Legislation and Activities in Mid-Europe ,1955 Monthly Labor Review ,1951-03 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Elgar Encyclopedia of Comparative Law** J. M. Smits,2006 This is a very important and immense book Single handedly Smits has reviewed and checked this immense work to bring it to its final high standard in quality and accuracy and selection of laws The Criminal Lawyer This is a very important and immense book The Elgar Encyclopedia of Comparative Law is a treasure trove of honed knowledge of the laws of many countries It is a reference book for dipping into time and time again It is worth every penny and there is not another as comprehensive in its coverage as Elgar s I highly recommend the Elgar Encyclopedia of Comparative Law to all English chambers This is a very important book that should be sitting in every university law school library Sally Ramage The Criminal Lawyer The entries are written in a lucid and accessible style with appropriate references being given for further research All in all a substantial work which will delight enthusiasts of comparative law The Commonwealth Lawyer The breadth of topics plus the bibliographies allows a reader to use the Elgar Encyclopedia as an initial entry into a field of law a specific topic or a legal system Any law library business library large public library or academic library supporting the study of international law or international business will want to have it in its collection This work is highly recommended Ladyjane Hickey American Reference Books Annual Comparative law is the comparison of law and legal systems from around the world At one time it was a field of limited interest and academic participation However increasing globalization whether of commerce or culture makes it imperative that citizens learn more about the law of other countries That is the premise of this comprehensive new research tool designed for general readers Some 70 articles address topics as diverse as accident compensation legal culture the European Civil Code and the law and legal systems of a selected set of nations This single volume work provides an excellent comprehensive overview of the current state of affairs in comparative law Highly recommended Lower level undergraduates and above general readers J E Stephens Choice The timely publication of this encyclopedia reflects what is happening in international law and in a field where works even student textbooks are often expensive it comes at an attractive price Stuart Hannabuss Reference Reviews The Elgar Encyclopedia of Comparative Law looks set to become an indispensable source for the ever increasing body of lawyers needing accurate information on the structure and working of foreign systems as well as on points of a substantive law

Edited by Professor Jan Smits of Maastricht University the Encyclopedia is the work of an extremely strong international team of noted specialists Comprising articles on the nature methodology and focus of comparative law on the legal systems of particular jurisdictions and on matters of substantive law the work should be a very significant contribution to the literature It seems likely that the contributions on the comparative state of affairs in particular fields of substantive law will be an especially valuable aspect of the work There will be 37 such articles from accident compensation to unjustified enrichment with mistake personality rights product liability and transfer of moveable property only a sample of what the work will offer Casting over this list one is again struck by the wealth of established expertise brought together in the Encyclopedia I have little doubt that I can speak for the worldwide community of comparative lawyers in saying that the Elgar Encyclopedia of Comparative Law is eagerly awaited David L Carey Miller University of Aberdeen UK Comparative law is moving swiftly from a long infancy to teenage maturity and Jan Smits provides the essential tonic In this outstanding work he has gathered together leading scholars each his her o

Law Books in Print: Author J. Myron Jacobstein, Meira G. Pimsleur, 1976

Bulletin of the United States Bureau of Labor Statistics ,1913 **Chinese Law** Jianfu Chen, 2023-09-25 Law in particular its actual functioning in any given society is above all a part of the culture of that society a part of its historical political social and intellectual creation If a black letter approach towards law in the West is under increasing criticism it is particularly unhelpful if not misleading in understanding Chinese law its nature and developments Rather to understand Chinese law its nature and developments we need to examine the Chinese legal traditions the prevailing political and economic situations Party policies on economic reform and tolerance towards political liberalisation and scholarly discussions and debate This is the approach of this book Its aim is to put Chinese law in context to outline the nature and present status of its development and to analyse the meaning of the law within the Chinese context However this monograph does not ignore the practical needs for determining the precise contents of the black letter law either A study of this kind necessarily involves a process of topic selection However to avoid over generalisation and over simplification it also demands a considerable degree of comprehensiveness in coverage For this reason the book covers what the Chinese scholars term fundamental law and basic branches of law while other topics are covered because they are either crucial for the understanding of the law such as legal traditions in China or of practical importance such as foreign investment and trade Chapter One provides an historical background to traditional Chinese legal culture and modern law reforms The historical background of specific topics is examined as the topics are analysed in the following chapters Chapter Two deals with the changing fate of law under Communist rule Its focus is on the underlying factors and justifications for such changes Chapter Three introduces discussions on specific branches of law from public law constitutional law law making administrative law criminal law criminal procedure law to private law civil law family law contracts law on business entities and law on foreign investment and trade Each of these is dealt with in a separate chapter After the analysis of these substantial topics certain conclusions

are drawn which attempt to define the nature of Chinese law and its developments in present day China *Jurisprudence and Practical Logic of Civil Code* Xianzhong Sun, 2024-11-06 This book is a collection of articles that the author has pondered for a long time on the legal theory and practice of China's civil law. It mainly discusses the systematic scientific and practical issues of Chinese civil law. At the macro level it covers the relationship between the general provisions and the specific provisions of the Civil Code, the introduction, decline and revival of the Pandekton system in the process of drafting the Civil Code in China, and the important position of the Civil Code in the national governance system. At the meso level it analyses the legislative arrangement and practical significance of the real right of the Civil Code. At the micro level it explains the attribute of unauthorised disposal and the legal basis for the abolition of this clause in the Contract Law.

Chinese Law: Context and Transformation Jianfu Chen, 2015-12-22 Eight years of changes in China have passed since the publication of the previous highly successful edition of this book. These changes have not just been about economic development. Among the many transformations there has been another quiet, peaceful and largely successful but far from perfect revolution in the area of law whose deficiencies have been more often mercilessly examined and documented than have its historical achievements and significance. This legal revolution is the subject matter of the present book. Like the previous edition it examines the historical and politico-economic context in which Chinese law has developed and transformed, focusing on the underlying factors and justifications for changes. It attempts to sketch the main trends in legal modernisation in China, offering an outline of the main features of contemporary Chinese law and a clearer understanding of its nature from a developmental perspective. It offers comprehensive coverage of topics such as legal culture and modern law reform, constitutional law, legal institutions, law making, administrative law, criminal law, criminal procedure law, civil law, property, family law, contracts law, on business entities, securities, bankruptcy, intellectual property law, on foreign investment and trade and implementation of law. Fully revised, updated and considerably expanded, this edition of *Chinese Law: Context and Transformation* is a valuable and important resource for researchers, policy makers and teachers alike.
