Soviet Rock Igor Zaitsev, 1990      *The Oxford Handbook of Soviet Underground Culture* Mark Lipovetsky, Maria Engström, Tomáš Glanc, Ilja Kukuj, Klavdia Smola, 2024 In 1932 the Central Committee of the Communist Party issued the resolution On the Restructuring of Literary and Arts Organizations This resolution put an end to the coexistence of aesthetically different groups and associations of writers and artists that had been common during the 1920s and instead led to the establishment of the monopoly of Socialist Realism in 1934 Ironically this resolution unwittingly created a rich literary and artistic production of underground intellectuals known as the Soviet underground during an era of political and aesthetic censorship in the Soviet Union The Oxford Handbook of Soviet Underground Culture is the first comprehensive English language volume covering a history of Soviet artistic and literary underground In forty four chapters an international group of leading scholars introduce readers to a web of subcultures within the underground highlight the culture achievements of the Soviet underground from the 1930s through the 1980s emphasize the multimodality of this cultural phenomenon and situate the study of underground literary texts and artworks into their broader theoretical ideological and political contexts The volume presents readers with several approaches to mapping the underground that include chapters on nonconformist cultures in Ukraine Belarus Baltic countries Central Asia and provincial cities of Russian Federation Finally the volume also provides an analysis of groups shaped around religious and cultural identity as well as queer and feminist underground circles

**Translation and Music** Sebnem Susam-Sarajeva, 2016-04-08 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research Interest in translation and music however has so far been relatively limited mainly because translation of musical material has been considered somewhat outside the limits of translation studies as traditionally conceived Difficulties associated with issues such as the musicality of lyrics the fuzzy boundaries between translation adaptation and rewriting and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera Yet the intersection of translation and music can be a fascinating field to explore and one which can enrich our understanding of what translation is and how it relates to other forms of expression This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies and to an extent within musicology and cultural studies The volume includes contributions from a wide range of musical genres and languages from those that investigate translation and code switching in North African rap and rai and the intertextual and intersemiotic translations revolving around Mahler's lieder in Chinese to the appropriation and after life of Kurdish folk songs in Turkish and the emergence of rock n roll in Russian Other papers examine the reception of Anglo American stage musicals and musical films in Italy and Spain the concept of singability with examples from Scandinavian languages and the French dubbing of musical episodes of TV series The volume also offers an annotated bibliography on opera translation and a

general bibliography on translation and music

### **The Global Encyclopaedia of Informality, Volume 1** Alena

Ledeneva, 2018-01-17 Alena Ledeneva invites you on a voyage of discovery to explore society's open secrets, unwritten rules and know-how practices. Broadly defined as ways of getting things done, these invisible yet powerful informal practices tend to escape articulation in official discourse. They include emotion-driven exchanges of gifts or favours and tributes for services; interest-driven know-how from informal welfare to informal employment and entrepreneurship; identity-driven practices of solidarity and power-driven forms of co-optation and control. The paradox or not of the invisibility of these informal practices is their ubiquity. Expertly practised by insiders but often hidden from outsiders, informal practices are, as this book shows, deeply rooted all over the world yet underestimated in policy. Entries from the five continents presented in this volume are samples of the truly global and ever-growing collection made possible by a remarkable collaboration of over 200 scholars across disciplines and area studies. By mapping the grey zones, blurred boundaries, types of ambivalence and contexts of complexity, this book creates the first Global Map of Informality. The accompanying database is searchable by region, keyword or type of practice, so do explore what works, how, where and why. Praise for The Global Encyclopaedia of Informality: The Global Encyclopaedia of Informality represents the beginning of a new era in informality studies. With its wealth of information, diversity of scope, theoretical innovation and artistic skill, this collection touches on all the aspects of social and cultural complexity that need to be integrated into policy thinking. Predrag Cvetković, Centre for Empirical Cultural Studies of South East Europe, Belgrade, Serbia. This is a monumental achievement, an indispensable reference for anyone in the social sciences interested in informality. Martin Holbraad, Professor of Social Anthropology, UCL and editor in chief of Social Analysis. This impressive work helps us understand our complex times by showing how power develops through informal practices, mobilizing emotional, cognitive and relational mechanisms in strategies of survival but also of camouflage and governance. Donatella della Porta, Director of Centre of Social Movements Studies, Scuola normale superiore, Firenze, Italy. An impressive, informative and intriguing collection. With evident passion and patience, the team of 250 researchers insightfully portrays the multiplicity of informal and often invisible expressions of human interdependence. Subi Rangan, Professor of Strategy and Management, INSEAD, Fontainebleau, France. This compendium of terms used in different cultures to express aspects of informal economy provides a unique supplement to studies of a major yet understated by academic economics, social issue. It will be of key significance for in-depth teaching of sociology, economics and history. Teodor Shanin, OBE, Professor and President of the Moscow School of Social and Economic Sciences. Modern states have sought to curb control and subdue informality. The entries in the Global Encyclopaedia demonstrate the endurance of informality over such efforts. More recently, the rise and political success of anti-establishment movements in so many parts of the world is a wide-ranging challenge and delegitimisation of national and transnational formal institutions of governance. Understanding the perceived shortcomings of formal institutions and the appeal of anti-establishment movements must at least in part be informed by a

study of informality and its networks This Encyclopaedia is essential reading if we wish to understand and engage with these challenges of our age Fredrik Galtung Chairman Integrity Action      **Cultural Politics in International Relations** Paul Sheeran, 2017-11-22 This title was first published in 2001 Questioning the authority of the discipline of international relations in particular structural realism to recognize the influence of varied social phenomena on possible outcomes this book demonstrates how seemingly insignificant acts propagated through music humour and poetry can disturb official culture and initiate social change This thought provoking work is compelling reading for undergraduate and postgraduate students of both international relations and cultural studies alike      **The Publishers Weekly** ,1990      *The Translator* ,2008      Notes Music Library Association,1992      *Continuum Encyclopedia of Popular Music of the World: Europe* John Shepherd,2003 See **Handbook of Major Soviet Nationalities** Zev Katz,1975      **Congressional Record** United States.
