Brendan G. Carr

Soviet Succession Struggles Kremlinology And The Russian Question From Lenin:

Soviet Succession Struggles Anthony D'Agostino,2024-04-12 Soviet Succession Struggles 1988 is a key study of the history nature and development of Soviet politics and politicians from the earliest days of Soviet Russia up to the rise of Gorbachev It examines the power struggles between opposing factions within the Soviet leadership and identifies two main political standpoints that were always vying for ultimate control of the Communist State **The Crisis of Russian**

Democracy Richard Sakwa,2010-12-16 The view that Russia has taken a decisive shift towards authoritarianism may be premature but there is no doubt that its democracy is in crisis In this original and dynamic analysis of the fundamental processes shaping contemporary Russian politics Richard Sakwa applies a new model based on the concept of Russia as a dual state Russia s constitutional state is challenged by an administrative regime that subverts the rule of law and genuine electoral competitiveness This has created a situation of permanent stalemate the country is unable to move towards genuine pluralist democracy but equally its shift towards full scale authoritarianism is inhibited Sakwa argues that the dual state could be transcended either by strengthening the democratic state or by the consolidation of the arbitrary power of the administrative system The future of the country remains open *China's Post-jiang Leadership Succession: Problems And Perspectives* John Wong,Yongnian Zheng,2002-10-25

The lack of institutionalization around China s leadership succession was brought into focus again in the run up to the 16th Congress of the Chinese Communist Party and the widespread speculation on the final leadership line up The essays in this volume take a more analytical approach This book first looks at the political structures of leadership transition in China and secondly seeks to understand the real and potential problems that China s younger fourth generation leaders will have to grapple with as they take over the reigns of power

Re-Viewing the Cold War Patrick M. Morgan,Keith Nelson,2000-02-28 A cooperative effort by a number of historians and political scientists this essay collection focuses on the important connection between domestic affairs and foreign relations during the Cold War The case studies treat phases of both the Soviet and American experiences and involve contributions by two Russian scholars three Americans a German a Swede and an Israeli This collection is particularly timely and significant because of the surprising way the Cold War ended making clear that domestic developments can overthrow even the most potent foreign policies and undermine longstanding assumptions about the primacy of international factors A provocative essay collection this will be of interest to diplomatic historians and Soviet Affairs specialists scholars and students **When**

the Soviet Union Entered World Politics Jon Jacobson,2023-11-15 The dissolution of the Soviet Union has aroused much interest in the USSR s role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet foreign relations during the period from the end of the Civil War to the beginning of the first Five Year Plan focusing on the problems confronting the Bolsheviks as they sought to promote national security and economic development He demonstrates the central importance of foreign relations to the

political imagination of Soviet leaders both in their plans for industrialization and in the struggle for supremacy among Lenin's successors Jacobson adopts a post Cold War interpretative stance incorporating glasnost and perestroika era revelations He also considers Soviet relations with both Europe and Asia from a global perspective integrating the two modes of early Soviet foreign relations revolution and diplomacy into a coherent discussion Most significantly he synthesizes the wealth of information that became available to scholars since the 1960s The result is a stimulating work of international history that interfaces with the sophisticated existing body of scholarship on early Soviet history The dissolution of the Soviet Union has aroused much interest in the USSR's role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet for

Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader

Bridling Dictators Graeme Gill, 2021-11-20 Galtieri Lukashenka and Putin are some of the dictators whose untrammelled personal power has been seen as typical of the dog eat dog nature of leadership in authoritarian political systems This book provides an innovative argument that rather than being characterised by permanent insecurity fear and arbitrariness the leadership of dictatorships is actually governed by a series of rules The rules are identified and their operation is shown in a range of different types of authoritarian regime The operation of the rules is explained in ten different countries across five different regime types the Soviet Union and China as communist single party regimes Argentina Brazil and Chile as military regimes electoral authoritarian Malaysia and Mexico personalist dictatorships in Belarus and Russia and the Gulf monarchies Through close analysis of the way leadership functions in these different countries the book shows how the rules have worked in different institutional settings It also shows how the power distribution in authoritarian oligarchies is related to the rules The book transforms our understanding of how authoritarian systems work

Purity and Compromise in the Soviet Party-State Daniel Stotland, 2017-11-15 This work offers new ways of conceptualizing the decision making paradigm of the Soviet party state that was defined by the

persistent shortage of qualified manpower that afflicted the Russian elite The traditional Russian problems of under administration combined with the unique features of the Soviet political system resulted in a dichotomy between practical and ideological demands The WWII era examined in this book provides a microcosm of pressures facing the Kremlin and illustrates the cyclical nature of policy formation forced on it by the paradoxes of the system As the party's responsibilities expanded into specialized economic and military areas political experts increasingly depended on the specialized professionals These trends grew increased drastically during the war An unexpected consequence of the party's expansion into economic or military professions was the discovery that cooptation worked both ways and many party members become managers rather than ideological overseers Throughout the existential crisis of the system the war and its aftermath the party would find itself in a fundamental conflict over its identity challenged over its role both vis a vis the state and its own priorities After an abortive attempt to reverse the wartime trends a new paradigm was articulated by the party during the last five years of Stalin's reign This resulted in the emergence of a new elite consensus which envisioned the party as integral and invasive economic actor This shift in the party's identity was the price of maintaining centralized political power and came at the expense of the focus on ideological purity In the long term however the diminished role of ideology robbed the party of its core value system and steadily eroded its legitimizing and self energizing power Over time the new consensus would undermine the very foundations of the party state construct Yet if the USSR was to survive as a modern industrialized state the accommodation with the technocrats was necessary The contradiction between ideological and pragmatic aims was inherent to the system and demanded an eventual choice between the long term health of the state and that of the party

Two Decades of Re-Emerging Russia: Challenges and Prospects Mr Sanjay Deshpande, 2015-04-15 Russia has been re emerging as a major political and economic power during the last decade The leadership of Russia claims that the objectives of transition from the former one party socialist system to a plural multiparty democratic system and centralised planning to market economy are largely achieved Russia is politically stable and has demonstrated how new political institutions multiparty system are functioning under three presidents In the initial years after the disintegration of the Soviet Union the Russian economy passed through different phases such as crisis boom and recovery Russia has largely succeeded in managing its political and economic relations with Near Abroad which have witnessed considerable complexities over the last two decades Russia has demonstrated that its bilateral ties with India in the political and defence sectors have been consistently cordial and close However trade and economic relations need to be strengthened Notwithstanding its major achievements Russia has been facing several problems both in its domestic front and in its foreign relations Some of the major problems on the domestic front are over centralisation of power nexus between state authorities oligarchs and the bureaucracy growing menace of corruption surging political reactions by political parties and some former powerful leaders on various political issues growing social discontent issues between different ethnic groups widening economic disparities

among various sections of society and regions On the external front Russia has conflicts of interest with some former Soviet republics such as Georgia Moldova Ukraine and the Baltic states Russia's relations with the US and NATO have been highly critical on political and security related issues There is a need for an objective and critical evaluation of how Russia has managed its domestic and foreign affairs after the collapse of the Soviet Union What were the successes and failures of Russia in its policies and performance with regard to the social political and economic developments in the country This book is an attempt to assess those developments Politics, Society, And Nationality Inside Gorbachev's Russia Seweryn Bialer, 2019-06-04

The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In p **The East German Leadership, 1946-73** Peter Grieder, 1999 Since the publication of *The Woman Warrior* in 1976 Maxine Hong Kingston has gained a reputation as one of the most popular and controversial writers in the Asian American literary tradition In this volume Grice traces Kingston's development as a writer and cultural activist through both ethnic and feminist discourses investigating her novels occasional writings and her two book life writing project The publication of *The Woman Warrior* not only propelled Kingston into the mainstream literary limelight but also precipitated a vicious and ongoing controversy in Asian American letters over the authenticity or fakery of her cultural references Grice traces the debates through the appearance of *China Men* 1981 as well as the novels *Tripmaster Monkey* 1989 and her most recent work *The Fifth Book of Peace* Maxine Hong Kingston will be of value to students and academics researching in the areas of diaspora writing contemporary American and Asian American fiction as well as feminist and postcolonial literature

Internationalism and the Ideology of Soviet Influence in Eastern Europe Jonathan C. Valdez, 1993-04-29 Valdez argues that the use of the fundamental principles of Marxism Leninism to perform various functions ultimately brought about a change in the basic assumptions of the theory itself This resulted in the abandonment of the previous insistence on a universal model of socialism and of the idea that the international interests of the socialist bloc must take precedence over individual national interest Soviet influence in Eastern Europe rested on little else than these ideological principles and consequently stood little chance of surviving their re interpretation Finally Valdez assesses the re interpretation of the fundamental principles of Soviet East European relations by reformist scholars in the Soviet Union and the response by conservative members of the party apparatus Five Years That Shook The World Harley D. Balzer, 2019-03-04

This book presents a balanced analysis of perestroika with an eye to the ongoing political social and cultural changes It is based on papers prepared for a conference on The First Five Years of Perestroika What Have We Learned What Has Gorbachev

Learned held at Georgetown University **The Comintern** Jeremy Agnew, Kevin McDermott, 1996-10-25 This accessible text provides a comprehensive narrative and interpretative account of the entire history of the Communist International 1919

1943 By incorporating the most recent Western and Soviet research the authors explain the legendary complexities of Comintern history and chart its degeneration from a revolutionary internationalist organisation into an obedient instrument of Soviet foreign policy Key themes include continuities and discontinuities between the Leninist and Stalinist phases Bolshevisation versus national traditions and the role of leading individuals in the Comintern apparatus A selection of documents will elucidate these central themes From the Other Shore André Liebich,1997 This book is an inquiry into the possibilities of politics in exile Russian Mensheviks driven out of Soviet Russia and their party stripped of legal existence functioned abroad in the West in Berlin Paris and New York for an entire generation For several years they also continued to operate underground in Soviet Russia Bereft of the usual advantages of political actors the Mensheviks succeeded in impressing their views upon social democratic parties and Western thinking about the Soviet Union The Soviet experience through the eyes of its first socialist victims is recreated here for the first time from the vast storehouse of archival materials and eyewitness interviews The exiled Mensheviks were the best informed and most perceptive observers of the Soviet scene through the 1920s and 1930s From today s perspective the Mensheviks analyses and reflections strikingly illuminate the causes of the failure of the Soviet experiment This book also probes the fate of Marxism and democratic socialism as it tracks the activities and writings of a remarkable group of men and women including Raphael Abramovitch Fedor and Lidia Dan David Dallin Boris Nicolaevsky Solomon Schwarz and Vladimir Woytinsky entangled in the most momentous events of this century Their contribution to politics and ideas in the age of totalitarianism merits scrutiny and their story deserves to be told *Stalin's Cold War* Caroline Kennedy-Pipe,1995 In the first analysis of the start of the Cold War from a Soviet viewpoint Caroline Kennedy Pipe draws on Russian source material to reach some startling conclusions She challenges the prevailing orthodoxy of Western historians to show how Moscow saw the presence of US troops in Europe in the 1940s and early 1950s as advantageous rather than as a check on Soviet ambitions The author points to a complex web of concerns than fuelled Moscow s actions and explores how the Soviet leadership and Stalin in particular responded to American policy She shows how the Soviet experience of the United States and Europe both before during and after the Second World War led Moscow to a policy that was not simply fuelled by anti Americanism Six chapters cover events from the wartime conferences of 1943 until the death of Stalin A final chapter places the book in the context of the current debate over the causes of the Cold War *Can Russia Modernise?* Alena V. Ledeneva,2013-02-14 In this original bottom up account of the evolution of contemporary Russia Alena Ledeneva seeks to reveal how informal power operates Concentrating on Vladimir Putin s system of governance referred to as *sistema* she identifies four key types of networks his inner circle useful friends core contacts and more diffuse ties and connections These networks serve *sistema* but also serve themselves Reliance on networks enables leaders to mobilise and to control yet they also lock politicians bureaucrats and businessmen into informal deals mediated interests and personalised loyalty This is the modernisation trap of informality one cannot use the potential of informal

networks without triggering their negative long term consequences for institutional development Ledeneva's perspective on informal power is based on in depth interviews with sistema insiders and enhanced by evidence of its workings brought to light in court cases enabling her to draw broad conclusions about the prospects for Russia's political institutions

The Idea of the West Alastair Bonnett, 2017-04-29 The West is on everyone's lips it is defended celebrated hated But how and why did it emerge And whose idea is it This book is about representations of the West Drawing on sources from across the world from Russia to Japan Iran to Britain it argues that the West is not merely a Western idea but something that many people around the world have long been creating and stereotyping The Idea of the West looks at how the great political and ethnic forces of the last century defined themselves in relation to the West addresses how Soviet communism Asian spirituality Asian values and radical Islamism used and deployed images of the West Both topical and wide ranging it offers an accessible but provocative portrait of a fascinating subject and it charts the complex relationship between whiteness and the West

The Origins of the Cold War Caroline Kennedy-Pipe, 2017-11-28 A lively and accessible new introduction to the origins and emergence of the Cold War Caroline Kennedy Pipe brings to life the clashes of ideas and personalities that led Russia and America into decades of conflict and draws out important lessons for policy and analysis in today's equally formative period in world affairs

Was Revolution Inevitable? Tony Brenton, 2017 The former British Ambassador to Russia brings together the top scholars of Russian history to evaluate the causes and effects of the 1917 Revolution almost a century ago

The Enigmatic Realm of **Soviet Succession Struggles Kremlinology And The Russian Question From Lenin**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Soviet Succession Struggles Kremlinology And The Russian Question From Lenin** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.

Soviet Succession Struggles Kremlinology And The Russian Question From Lenin Introduction

In today's digital age, the availability of Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Soviet Succession Struggles Kremlinology And The Russian Question From Lenin versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures

that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books and manuals for download and embark on your journey of knowledge?

FAQs About Soviet Succession Struggles Kremlinology And The Russian Question From Lenin Books

1. Where can I buy Soviet Succession Struggles Kremlinology And The Russian Question From Lenin books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Soviet Succession Struggles Kremlinology And The Russian Question From Lenin book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
