Soviet Union And Central Europe In The Post War Era A Study In Precarious Security:

The Soviet Union and Central Europe in the Post-war Era Kristian Gerner, 1984 **The Soviet Union and Central Europe in the Post-war Era** Kristian Gerner, 1984 *The Soviet Union in Eastern Europe, 1945-89* Sven G. Holtsmark, Iver B. Neumann, Odd Arne Westad, 2016-07-27 This volume brings together a series of recent analyses spanning the whole period of Soviet domination of Eastern Europe The essays by Western Russian and East European experts present a wide and varied picture of the period The authors use newly available materials to investigate different aspects of Soviet East European relations party affairs military and political coordination cultural and mass media policies as well as the crises and conflicts emerging from the relationship itself *Nationalism and Communism in Eastern Europe and the Soviet Union* W. Kemp, 1999-02-08 Nationalism and Communism in Eastern Europe and the Soviet Union looks at communism s attempts to come to terms with nationalism between Marx and Yeltsin how the inability of communist theorists and practitioners to achieve an effective synthesis between nationalism and communism contributed to communism s collapse and what lessons that holds for contemporary Europe *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 *Central Europe* Lonnie Johnson, 1996 Throughout the ages small nations struggled valiantly against a series of imperial powers Ottoman Turkey Habsburg Austria imperial Germany czarist Russia Nazi Germany and the Soviet Union and they lost regularly Johnson s account is present minded in the best sense in describing actual historical events he illustrates the ways they have been remembered and how they contribute to the national assumptions that still drive European politics today **From German Königsberg to Soviet Kaliningrad** Jamie Freeman, 2020-11-10 This book explores how the Soviet Union after capturing and annexing the German East Prussian city of Königsberg in 1945 and renaming it Kaliningrad worked to transform the city into a model of Soviet modernity It examines how the Soviets expelled all the remaining German people repopulated the city and region with settlers from elsewhere in the Soviet Union destroyed the key remaining German buildings and began building a model Soviet city a physical manifestation of the societal transformation brought about by communism However the book goes on to show that over time many of the model Soviet buildings were uncompleted and that the citizens aware of their Polish and Lithuanian neighbours to both the east and the west and appreciating their place in the wider Baltic region came to view themselves as something different from other Soviet and Russian citizens The book concludes by assessing present developments as the people of Kaliningrad are increasingly rediscovering the city s pre Soviet past and forging a new identity for themselves on their own terms **The Concept of Political Culture** Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re evaluate its contribution to the social sciences This study casts a broader than usual net embracing not only political science with equal emphasis placed on the concept s use in communist studies but also sociology and history On this basis a distinctive theory of political culture and

not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation offers the means of transcending that debate **The Journal of Communist Studies** ,1986
