Soviet Political Economy in Transition Abu F. Dowlah, 1992-03-23 Situating Gorbachev and perestroika historically and ideologically this book provides a comprehensive analysis of Soviet political economy in the context of socialist theory and practice Challenging the belief that socialism is sternly committed to centralized economic and political structures Dowlah claims that socialism contains several theories some more centralized others less centralized The work examines Gorbachev's claim that perestroika embodies more socialism not less and evaluates perestroika as a strategy of transition to a new form of socialism Based on thorough inquiry textual evidence and historical fact the study concludes that Gorbachev's claims are substantially legitimate Perestroika Abu Faj Dowlah, 1990

**The Political Economy of Transition in Central and Eastern Europe** Jens Bastian, 2019-06-04 First published in 1998 this volume contributes to the debate after the fall of the Soviet Union on the transition of Eastern European former Soviet countries to a market economy The transition was an enterprise as daring in practice and historically unprecedented as it is an analytical laboratory subject to constant reflection The first two chapters address foreign direct investment in Central and Eastern European countries The rebuilding of social insurance systems is then addressed with a focus on state pension schemes The subsequent two chapters examine the political and demographic features of transition countries highlighting media reform as a key aspect for the consolidation of a democratic law based market economy and society Focus then turns to Poland the country which is considered to display the most progress in the political economy of transition Finally the controversial issue of the electoral successes of former Communist parties in Central and Eastern Europe is discussed *The Political Economy of Transition in the Soviet Union* Gérard Roland, 1992 Handbook of the Economics and Political Economy of Transition Paul Hare, Gerard

Turley, 2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in

the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world **Transition Economies** Aleksandr V. Gevorkyan, 2018-04-17 This interdisciplinary study offers a comprehensive analysis of the transition economies of Central and Eastern Europe and the former Soviet Union Providing full historical context and drawing on a wide range of literature this book explores the continuous economic and social transformation of the post socialist world While the future is yet to be determined understanding the present phase of transformation is critical The book's core exploration evolves along three pivots of competitive economic structure institutional change and social welfare The main elements include analysis of the emergence of the socialist economic model its adaptations through the twentieth century discussion of the 1990s market transition reforms post 2008 crisis development and the social and economic diversity in the region today With an appreciation for country specifics the book also considers the urgent problems of social policy poverty income inequality and labor migration Transition Economies will aid students researchers and policy makers working on the problems of comparative economics economic development economic history economic systems transition international political economy as well as specialists in post Soviet and Central and Eastern European regional studies **Incentives and Institutions** Serguey Braguinsky, 2000-03-19 Finally they discuss in detail the specific components of the economic processes that are necessary for economic transition in general and they draw lessons that can be applied to other nations dealing with similar transitions **BOOK JACKET** *Theorizing Transition* John Pickles, Adrian Smith, 2005-08-31 Examining transformations using a variety of perspectives Theorizing Transition provides both a rich empirical map of the dimensions of post Communism and raises important theoretical issues about how we interpret these changes **The Political Economy of Post-Soviet Russia** V. Tikhomirov, 2000-05-15 This book deals with general political and economic developments that took place in Russia since the collapse of the Soviet Union The major aim of the book is to analyse successes and failures of Russian reform attempts as well as their effect on the development of Russian regions particularly from the point of view of interrelation between socio economic tendencies and political developments Analysis concentrates on both national dynamics and dynamics of development in three main groups of regions mining agricultural and manufacturing **Alternative Political Economy Models of Transition** Marangos, **The Political Economy of the Transition Process in Eastern Europe** Laszlo Somogyi, 1993-01-01 This well produced book is a worthy contribution to the burgeoning literature on the transition The editor provides a useful introduction Ian Jeffries The Economic Journal provides a useful and readable introduction to many of the most important issues in the transition process Hugo Radice Economics of Transition Why has industrial output fallen in Eastern Europe and is further decline inevitable What lessons can be learned from the stabilization programmes of the

first two years of the post communist era Should the transitional economies privatize quickly and where do they find the missing institutions essential to the proper working of capitalism In seeking answers to these and other questions The Political Economy of the Transition Process in Eastern Europe analyses the difficulties faced by nations attempting to move from a planned to a market economy with special emphasis on issues of macroeconomic stabilization and institutional change

**The International Political Economy of Transition** Stuart Shields,2014-10-03 This book explores the role played by state and multinationals in shaping transition It uniquely integrates issues of globalisation and transnationalism into the analysis of post communism This book will be of interest to students and researchers of transition postcommunism political economy and European politics

*The Political Economy of Russia* Neil Robinson,2012-07-13 This timely book explores Russia s political development since the collapse of the USSR and how inextricably it has been bound up with economic change Tracing the evolution of Russia s political economy leading scholars consider how it may continue to develop going forward They assess the historical legacies of the Soviet period showing how despite policies implemented after the USSR dissolved in 1991 there are ongoing bitter battles over property and state revenues over land and over welfare The book puts these domestic issues in international and comparative perspective by considering Russia s position in the global economy and its growing role as a major energy producer Focusing especially on the nature and future of Russian capitalism the contributors weigh the political problems that confront Russia in its ongoing struggle to modernize and develop its economy

**The Political Economy of Asian Transition from Communism** Sujian Guo,2017-11-28 A comparative study of the political economy of the transition from communism in East and Southeast Asian countries China North Korea Vietnam Laos and Cambodia addressing the key theoretical questions generated from the debate between shock therapists and gradualists While accurately defining the pre reform model this book explores the causal variables that have contributed to reform efforts within Asia examining the significance of the sequencing of political and economic transition and the interplay between politics and the economy in determining variations in transition outcomes Comparing the real world experiences of transition nations in communist Asia with Eastern Europe prominent questions are brought to the fore will market capitalism or market socialism prevail after the grand failure of communism This book makes an important contribution to the political economy theory of comparative communist and post communist studies and provides detailed analytical insights that will prove influential in future theoretical work

Political Economy and Soviet Socialism (Routledge Revivals) Alec Nove,2013-02-01 First published in 1979 Political Economy and Soviet Socialism is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues Professor Nove discusses the ideas of some of the leaders of the Russian revolution Lenin Trotsky and Bukharin the political economy of socialism and the problems of the contemporary USSR The author addresses the role of traditional

Russian ideas in shaping the Soviet Union's social structure and the conceptual problems involved in defining its ruling stratum whether or not it is a class He also considers the criteria by which it is reasonable to judge Soviet reality the performance and prospects of agriculture in communist ruled Europe the ability of the Eastern bloc to tackle problems of inflation and the obstacles to economic reform Looking at the important and original developments of economic thought in the USSR and Eastern Europe Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism These papers offer essential reading for students of politics economics and comparative social structure

**Theory and Method of Evolutionary Political Economy** Hardy Hanappi, Savvas Katsikides, Manuel Scholz-Wäckerle, 2017-01-12 The world is in turmoil the dynamics of political economy seem to have entered a phase where a return to normal cannot be expected Since the financial crisis conventional economic theory has proven itself to be rather helpless and political decision makers have become suspicious about this type of economic consultancy This book offers a different approach It promises to describe political and economic dynamics as interwoven as they are in real life and it adds to that an evolutionary perspective The latter allows for a long run view which makes it possible to discuss the emergence and exit of social institutions The essays in this volume explore the theoretical and methodological aspects of evolutionary political economy In part one the authors consider the foundational contributions of some of the great economists of the past while the second part demonstrates the benefits of adopting the methods of computer simulation and agent based modelling Together the contributions to this volume demonstrate the richness diversity and great explanatory potential of evolutionary political economy This volume is extremely useful for social scientists in the fields of economics politics and sociology who are interested to learn what evolutionary political economy is how it proceeds and what it can provide

**The Political Economy of Soviet Socialism: the Formative Years, 1918-1928** Peter J. Boettke, 2013-03-14 This book presents a narrative of one of the more interesting utopian experiments in comparative political and economic history the first decade of the Soviet experience with socialism 1918-1928 Though historical and textual analysis the book's goal is to render this experience intelligible to get at the meaning of the Soviet experience with socialism for comparative political economy today The book examines the texts of Lenin Bukharin and other revolutionaries as well as the interpretations of contemporary historians of the revolution and the writings of more recent interpreters of Soviet political and economic history Arguing that the first three years of the Bolshevik regime 1918-1921 constitute an attempt to carry out the Marxian ideal of comprehensive central planning and that the disastrous results which all commentators agree occurred were the inevitable outcome of this Marxian ideal coming into conflict with the economic reality of the coordination problem that all economic systems face the book draws clear conclusions and elucidates the air of mystery that often surrounds the subject Offering a radical challenge to contemporary comparative political economy at the level of high theory applied research and public policy this book is appropriate for students and scholars interested in Marxism economic history political economy and Austrian economics

*Remaking Eastern Europe — On the Political Economy of Transition* J.M. Van Brabant, 2012-12-06 This compact volume is meant as a modest contribution to the ongoing debate on how to transform in particular the radically reforming Eastern European economies into more productive sociopolitical organizations Although my main focus here is on the economics of reform and east west assistance I have tried to embed the multiple technical aspects of restructuring such a resource allocation into the context of remaking Eastern Europe That the volume coincides with the seminal transformations of the communist countries of Eastern Europe is of course not fortuitous But I shall have much less to say about the political transitions from communism to parliamentary democracy except the ways in which the latter may bolster or hinder the hoped for economic mutations In taking stock of where I stand on the issue of radical reform of planned economics in general and the CMEA in particular both still moving targets I have benefited greatly from participation in formal and informal conferences on economic reform The product has also profited from many informal discussions and exchanges of views among friends and colleagues including those entrusted with and purely interested in efforts on the overall topic of the study launched from within the broad context of the United Nations my at times reluctant employer Political Economy, USSR, 1961

**Culture, Political Economy and Civilisation in a Multipolar World Order** Ray Silvius, 2016-10-04 This book seeks to understand how Russia's multifaceted rejection of American unipolarity and de-territorialised neo-liberal capitalism has contributed to the gestation of the present multipolar moment in the global political economy Analysing Western world order precepts via the actions of a powerful albeit precarious national political economy and state structure situated on the periphery of Western world order Silvius explores the manner in which culture and ideas are mobilised for the purposes of national regional and international political and economic projects in a post global age The book Explains and analyses the tensions of post Soviet Russia's integration into and simultaneous partial rejection of the capitalist global political economy Provides an overview of the social political and historical origins of Russian samobytnost uniqueness after the fall of the Soviet Union and demonstrates their significance to contemporary understandings of world order Explores how structures of cultural difference and practices of cultural differentiation interact with the normative legacies of American hegemonic aspirations in contemporary world order structures Evaluates how cultural and civilisational representations are mobilised for state projects and their corresponding regional and international dimensions within the global political economy This book will be of great interest to students and scholars of Russian Foreign Policy IPE and comparative political economy
