war of 1956 The diary challenges the popular narrative that Israel's confrontation with its neighbors was unavoidable by offering daily evidence of Sharett's statesmanship moderation diplomacy and concern for Israel's place in international affairs This is the third volume in the 3 volume English abridgement of Sharett's Yoman Ishi Personal diary Ma'ariv 1978 maintains the integrity flavor and impact of the 8 volume Hebrew original and includes additional documentary material that was not accessible at the time The volumes are also available to purchase as a set or individually The editors vastly improved on the Hebrew version by adding Sharett's speeches reports cabinet minutes and other sources to the text These additions makes this work so important and welcome by all who aspire to understand the foreign and defense policies of Israel in its first decade Israel Studies Review

The Quest for Hegemony in the Arab World Podeh, 2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945-58 and culminating in the conflict over the Baghdad Pact 1955-58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study's value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study's approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined

Dean Acheson Robert L. Beisner, 2009-03-06 Dean Acheson was one of the most influential Secretaries of State in U.S. history presiding over American foreign policy during a pivotal era the decade after World War II when the American Century slipped into high gear During his vastly influential career Acheson spearheaded the greatest foreign policy achievements in modern times ranging from the Marshall Plan to the establishment of NATO In this acclaimed biography Robert L. Beisner paints an indelible portrait of one of the key figures of the last half century In a book filled with insight based on research in government archives memoirs letters and diaries Beisner illuminates Acheson's major triumphs including the highly underrated achievement of converting West Germany and Japan from mortal enemies to prized allies and does not shy away from examining his missteps But underlying all his actions Beisner shows was a tough minded determination to outmatch the strength of the Soviet bloc indeed to defeat the Soviet Union at every turn The book also sheds light on Acheson's friendship with Truman one a bourbon

drinking mid Westerner with a homespun disposition the other a mustachioed Connecticut dandy who preferred perfect martinis Over six foot tall with steel blue merry searching eyes and a wolfish grin Dean Acheson was an unforgettable character intellectually brilliant always debonair and tough as tempered steel This lustrous portrait of an immensely accomplished and colorful life is the epitome of the biographer's art *Politicising World Literature* May Hawas, 2019-04-12

*Politicising World Literature* Egypt Between Pedagogy and the Public engages with postcolonial and world literature approaches to examine the worldly imaginary of the novel genre and assert the political imperative to teaching world literature How does canonising world literature relate to societal political or academic reform Alternating between close reading of texts and literary history this monograph studies a corpus of novels and travelogues in English Arabic French Czech and Italian to historicise Egypt's literary relations with different parts of the world in both the modern period and the pre modern period In this rigorous study May Hawas argues that protagonists particularly in times of political crises locate themselves as individuals with communal or political affiliations that supersede if not actually resist national affiliations

*Nasser's Gamble* Jesse Ferris, 2013 Nasser's Gamble draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011
